Radical Students The Old Left At Sydney University:

Radical Students Alan Barcan, 2002 This is an insight into undergraduate life and thinking at Australia's oldest university where conflicting political ideas found expression on campus Included are articles and reports of meetings from student magazines and the press as well as anecdotes and lively undergraduate wit

The Far Left in Australia since 1945 Jon Piccini, Evan Smith, Matthew Worley, 2018-07-11 The far left in Australia had significant effects on post war politics culture and society The Communist Party of Australia CPA ended World War II with some 20 000 members and despite the harsh and vitriolic Cold War climate of the 1950s seeded or provided impetus for the re emergence of other movements Radicals subscribing to ideologies beyond the Soviet orbit Maoists Trotskyists anarchists and others also created parties and organisations and led movements All of these different far left parties and movements changed and shifted during time responding to one political crisis or another but they remained steadfastly devoted to a better world This collection bringing together 14 chapters from leading and emerging figures in the Australian and international historical profession for the first time charts some of these significant moments and interventions revealing the Australian far left's often forgotten contribution to the nation's history

A History of the Modern Australian University Hannah Forsyth, 2014-10-01 In 1857 all of the Arts students at the University of Sydney could fit into a single photograph Now there are more than one million university students in Australia After World War II Australian universities became less elite but more important growing from six small institutions educating less than 0.2 per cent of the population to a system enrolling over a quarter of high school graduates And yet universities today are plagued with ingrained problems More than 50 per cent of the cost of universities goes to just running them They now have an explicit commercial focus They compete bitterly for students and funding an issue sharply underlined by the latest federal budget Scholars rarely feel their vice chancellors represent them and within their own ranks academics squabble for scraps Knowing Australia is a perceptive clear eyed account of Australian universities recounting their history from the 1850s to the present Investigating the changing nature of higher education it asks whether this success is likely to continue in the 21st century as the university's hold over knowledge grows ever more tenuous

Australia's Boldest Experiment Stuart Macintyre, 2015-06-01 In this landmark book Stuart Macintyre explains how a country traumatised by World War I hammered by the Depression and overstretched by World War II became a prosperous successful and growing society by the 1950s An extraordinary group of individuals notably John Curtin Ben Chifley Nugget Coombs John Dedman and Robert Menzies re made the country planning its reconstruction against a background of wartime sacrifice and austerity The other part of this triumphant story shows Australia on the world stage seeking to fashion a new world order that would bring peace and prosperity This book shows the 1940s to be a pivotal decade in Australia At the height of his powers Macintyre reminds us that key components of the society we take for granted work welfare health education immigration housing are not the result of military endeavour but policy planning politics and

The Book Review Digest, 2003 [What's Wrong with Benevolence](#) David Charles Stove, 2011 Is benevolence a virtue In many cases it appears to be so But when it comes to the enlarged benevolence of the Enlightenment David Stove argues that the answer is clearly no In this insightful provocative essay Stove builds a case for the claim that when benevolence is universal disinterested and external it regularly leads to the forced redistribution of wealth which in turn leads to decreased economic incentives lower rates of productivity and increased poverty As Stove points out there is an air of paradox in saying that benevolence may be a cause of poverty But there shouldn t be Good intentions alone are never sufficient to guarantee the success of one s endeavors Utopian schemes to reorganize the world

have regularly ended in failure Easily the most important example of this phenomenon is twentieth century communism As Stove reminds us the attractiveness of communism the emotional fuel of communist revolutionaries for over a hundred years has always been exactly the same as the emotional fuel of every other utopianism the passionate desire to alleviate or abolish misery Yet communism was such a monumental failure that millions of people today are still suffering its consequences In this most prescient of essays Stove warns contemporary readers just how seductive universal political benevolence can be He also shows how the failure to understand the connection between benevolence and communism has led to many of the greatest social miseries of our age

The Liberal Mind in a Conservative Party Geoffrey Robinson, 2025-06-17 Robinson analyses the peculiarly Australian intellectual tradition of liberal conservatism within the mainstream centre right Liberal Party of Australia Conservative intellectuals in Australia have forged a pragmatic sceptical and utilitarian liberal conservatism focused on the tasks of government It remains distant both from the romantic and organicist ideas of the populist right and the simplicities of libertarianism Focusing on key figures within this tradition Robinson tracks the progress of Australian liberal conservatism over the years through its origins in the work of David Hume to the thoughts of Peter Coleman David Kemp and Andrew Norton before moving forward to George Brandis and Gregory Melleuish The Liberal Party of Australia has appealed successfully to the conservative sentiments of voters in a liberal society The Liberal Mind in a Conservative Party tells the story of seven intellectuals who helped make this possible Peter Coleman drew on John Anderson Georges Sorel and Michael Oakeshott to champion neoconservatism He argues that this potent political ideology has shaped a distinct political identity which rejects conservative traditionalism and libertarian economics while defending a pragmatic approach to capitalism A fascinating read for students and scholars of Australian politics this book will also be of great value to readers with an interest in international centre right politics

Education, Research and Perspectives, 2007 The Unknown Judith Wright Georgina Arnott, 2016 Judith Wright 1915 2000 remains a giant figure within Australian art culture and politics Her 1946 collection of poetry *The Moving Image* revolutionized Australian poetry She helped to establish the modern Australian environmental movement and was a key player in early campaigns for Aboriginal land rights A friend and confidante of artists writers scholars activists and policy makers she remains an inspiration to many And yet as Georgina Arnott is able to show in this major new work the biographical picture we have had of this renowned poet activist has been very much a partial one This book presents a more human figure than we have previously seen and concentrates on Wright's younger years New material allows us to hear directly thrillingly the feisty voice of a young Judith Wright and forces us to reconsider the woman we thought we knew Thoroughly reader friendly in organization and presentation *The Unknown Judith Wright* is unreservedly recommended for community and academic library Literary Studies collections in general and supplemental studies reading lists in the subject areas of Australian History Art Poetry Gender Studies Literary Criticism and Biographies Midwest Book Review Library Bookwatch January 2017 Subject Australian History Art Poetry Gender Studies

Literary Criticism Biography *R.G. Howarth, Australian Man of Letters* Alan Lindsey McLeod, 2005 An early admirer and critic of Howarth's poetry indicated that he had commenced writing verse at the age of seven. He had apparently continued in this avocation for in his first year at Fort Street he was awarded the prize of one guinea donated by the headmaster for the best School song. There have been few Australian academics who have made notable contributions to more than one or two aspects of their discipline. Robert Guy Howarth was one of these. R. G. Howarth was first identified as a talented young poet by the distinguished Australian critic and teacher Dr George Mackaness who studied the teaching of English at Fort Street Sydney High School early last century. While another student A. D. Hope also became an influential professor of English and a noted satirist, Howarth worked mainly in the love lyric but also in the aphoristic epigrammatic and satiric modes of occasional verse. Hope's model was Alexander Pope; Howarth's was Lord Rochester; both were influenced by the Augustan aesthetic and both influenced the direction of Australian poetry at mid century. In addition to his verse, Howarth produced a significant body of literary criticism through numerous contributions to journals through his long term editing of *Southerly* and guiding of the English Association Sydney Branch; he influenced both the direction of scholarship and the development of standards of criticism in Australia. In his seventeen years as Arderne Professor of English Literature in the University of Cape Town, his influence on English studies in South Africa was commensurate with his influence in Sydney. Throughout his academic life, Guy Howarth was an indefatigable correspondent maintaining contact with writers, academics and personal friends worldwide as his archives in the library of the University of Texas show. In recognition of his contribution to the world of letters, he was made a Fellow of the Royal Society of Literature.

A Century of Influence Renate Howe, 2009 The Australian Student Christian Movement has provided a forum for exploring spirituality and social issues in the nation's universities for over a century. Prime Ministers Robert Menzies and Bob Hawke were ASCM members. The ASCM was opposed to racism at home and abroad, founding Aust Volunteers Abroad and opposing White Australia Policy.

[Historical Dictionary of Australia](#) Norman Abjorensen, James C. Docherty, 2014-12-05 Australia's development from the most unpromising of beginnings as a British prison in 1788 to the prosperous liberal democracy of the present is as remarkable as is its success as a country of large scale immigration. Since 1942 it has been a loyal ally of the United States and has demonstrated this loyalty by contributing troops to the war in Vietnam and by being

part of the coalition of the willing in the U S invasion of Iraq in 2003 and in operations in Afghanistan In recent years it has also been more willing to promote peace and democracy in its Pacific and Asian neighbors This fourth edition of Historical Dictionary of Australia covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Australia *Teacher Preparation in Australia* Thomas O'Donoghue,Keith Moore,2019-10-30 The book is a study of teacher preparation policy and practice in Australia from the establishment of the first colony there in 1788 to the present day It will highlight within an international context how the focus of preparation moved through the following five interrelated and overlapping phases
