Harmon,2011-01-14 From the 1920s to the 1950s radio was the entertainment source for millions Two of the primary themes of radio serials were mysteries and adventure This is a detailed analysis of the important programs in these genres Jack Armstrong The Green Hornet Sergeant Preston Tom Mix and more Each entry includes type of series broadcast days air dates sponsors network cast and production credits and a comprehensive essay When as often happened the series landed in other media that is examined as well **Radio in the Movies** Laurence Etling, Frank Barnas, Marie Barnas,2023-11-06 This

richly detailed examination of two forms of American entertainment focuses on the various ways that radio stations and air personalities have been depicted in motion pictures from 1926's *The Radio Detective* to more recent films like 2022's *Halloween Ends*. Newly updated and revised chapters cover the cinematic portrayals of various aspects of radio including disc jockeys, sports broadcasts, religious programs, and abnormal personalities on the air. Such films as *The Big Broadcast* 1932, *Reveille with Beverly* 1943, *Mister Rock and Roll* 1957, *WUSA* 1970, *Radio Days* 1987, *Private Parts* 1997, *We Are Marshall* 2006, and *Straight Outta Compton* 2015 provide fascinating insights into not only their own times but also the historical eras that some of these films have attempted to recreate.

The Great Radio Heroes, rev. ed. Jim Harmon, 2015-11-13. In 1967 Jim Harmon published the first edition of *The Great Radio Heroes* to great acclaim. Thirty-three years later comes an illustrated, corrected, revised, and greatly expanded new edition. Once there was a time, and it was not so long ago, when radio listening, especially to the dramas, was one of the most important events in many a young person's life. People developed a love affair with the radio, and though the old times are now gone forever, the love affair continues. The heroes and settings of radio drama spurred the imagination to supply its own, and much better, images than visual media provided. There were no padded shoulders on the Lone Ranger; Superman flew with no jiggy trick photography; and the Martians whom Orson Welles helped attack the Earth were more convincing than anything the movies can provide. For those who have been under the thrall of radio's alluring call, your new host Jim Harmon provides reminiscences of the heyday of radio programming with insights on such radio dramas as *I Love a Mystery*, *Gangbusters*, *The Shadow*, *Inner Sanctum*, *Batman*, and *Robin*. Superman, Tom Mix, The Lone Ranger, The Green Hornet, Adventures by Morse, and a couple of dozen more. Photographs, a bibliography, and an index are included to enhance the reader's journey into a past time when radio was the favorite pastime.

Radio Drama and Comedy Writers, 1928-1962 Ryan Ellett, 2017-11-02. More than 700 uncredited scriptwriters who created the memorable characters and thrilling stories of radio's Golden Age receive due recognition in this reference work. For some, radio was a stepping stone on the way to greater achievements in film or television; on the stage or in literature. For others, it was the culmination of a life spent writing newspaper copy. Established authors dabbled in radio as a new medium, while working writers saw it as another opportunity to earn a paycheck. When these men and women came to broadcasting, they crafted a body of work still appreciated by modern listeners.
