Rafts And Dreams Outside The Whale:

Rafts and Dreams & Outside the Whale Robert Holman, 2014-02-03 Robert Holman is the quiet man among modern British dramatists But his new play is an outstanding work that sings with truth Michael Billington Guardian Rafts and Dreams While digging up the roots of a tree in the garden Neil Leo and Hetty uncover a vast underground lake which floods away the world With Leo at the tiller of his sawn away living room the trio begin a voyage of the earth's watery surface It is a surrealist fantasy at its most thought provoking a play whose best bits manage to work like a dream Paul Taylor Independent Outside the Whale is a fictional account of the writer George Orwell set in the early 30s in which the action moves easily over a period of three years and settings as various as the basement warehouse of the publishers Victor Gollancz a hen hut in Essex and the doss house in Romford

A Thousand Stars Explode in the Sky David Eldridge, Robert Holman, Simon Stephens, 2013-10-16 On a farm in the North East of England a family gathers Five brothers and four generations feature in an epic play about hope love fear and the very end of time A Thousand Stars Explode in the Sky is a refreshingly subtle and compassionate vision of the world on the edge of apocalypse Within a cosmological context the focus is on a single family their relations with each other and their unreconciled regrets soon to become permanent With an ensemble of strong engaging characters there are knotty realistic family dynamics and a palimpsest of recent family history The characters and dialogue are naturalistic but the serious themes are elucidated and alleviated with humour and quirky surreal touches The play represents a unique collaboration between three of the UK's pre eminent stage writers The ambition of the partnership is matched by the ambition of the play's sweeping scope Whilst the three voices collide they also ring out individually without sacrificing the piece's coherent wholeness and the play represents a rare fascinating study in stage collaboration
