OUT DEMOLITIONS IN
DOCKYARD

This is an aerial photograph of a harbor scene. In the upper left, a large area of land is densely packed with buildings and structures, representing the dockyard. A large, dark, irregular shape in the water represents the main dock gate. A long, dark, narrow object, identified as the H.M.S. Campbeltown, is positioned in the lower center of the harbor. At the bottom of the image, a curved line of small, dark shapes represents a fleet of British ships. Three white text boxes with black borders are overlaid on the image, with white arrows pointing to specific locations. The first box points to the dockyard area. The second box points to the bow of the H.M.S. Campbeltown. The third box points to the line of British ships. The background shows the harbor's coastline and surrounding land.

Raid On St Nazaire:

Operation Chariot Jon Cooksey, 2005-09-19 By March 1942 mainland France had been under German occupation for almost two years Every month that passed saw Germany bolster her defenses against an expected allied invasion Every month that passed saw Germany tighten her grip on Britain's transatlantic lifeline menacing allied shipping from the French west coast ports At St Nazaire on the Loire estuary the vast Normandie dry dock was the only one capable of holding the mighty battleship Tirpitz still at large and free to hunt allied ships Something had to be done Operation Chariot was conceived an audacious plan to mount a large scale commando raid on the Normandie dock using a loaned US destroyer packed with high explosive as a battering ram For the Germans at St Nazaire the invasion came earlier than expected In the dead of night British commandos were landed and swarmed over the quaysides to destroy key installations Grit determination and training carried them forward to accomplish their mission at a heavy price in dead wounded and captured The award of more than eighty decorations for the raid including five VCs bore witness to the ferocity of the struggle to strike at the Germans in France

The Greatest Raid Giles Whittell, 2023-02-28 I loved this book as I love any good adventure story sublimely told a gloriously exciting high followed by a crushing realisation of war's enormous waste Gerard deGroot The Times Absorbing The extraordinary bravery of the participants shines out from the narrative Patrick Bishop Sunday Telegraph _____ FROM THE AUTHOR OF BRIDGE OF SPIES A dramatic and colourful new account of the most daring British commando raid of World War Two In the darkest months of the Second World War Churchill approved what seemed to many like a suicide mission Under orders to attack the St Nazaire U boat base on the Atlantic seaboard British commandos undertook the greatest raid of all turning an old destroyer into a live bomb and using it to ram the gates of a Nazi stronghold Five Victoria Crosses were awarded more than in any similar operation Drawing on official documents interviews unknown accounts and the astonished reactions of French civilians and German forces The Greatest Raid recreates in cinematic detail the hours in which the Charioteers fought and died from Lt Gerard Brett the curator at the V A to Bertie Burtinshaw who went into battle humming There'll Always be an England and from Lt Stuart Chant who set the fuses with 90 seconds to escape to the epic solo reconnaissance of the legendary Times journalist Capt Micky Burn Unearthing the untold human stories of Operation Chariot Bridge of Spies author Giles Whittell reveals it to be a fundamentally misconceived raid whose impact and legacy was secured by astonishing bravery

_____ Enthralling the heroism on display that night was unsurpassed and Whittell is right to call his book The Greatest Raid Simon Griffith Mail on Sunday A compelling page turner the work of a master storyteller The drama of the March 1942 operation is cinematic in its sweep and detail and Whittell's detective work on the real reasons for the raid is extraordinary Beautifully written Matthew d Ancona **Operation Chariot** Jean-Charles Stasi, 2019-11-19 An illustrated history of the World War II British amphibious attack on a dry dock in the German occupied French town At the

beginning of 1942 the prospect of Germany's Tirpitz the heaviest battleship ever built by a European navy patrolling the Atlantic posed a huge threat to the convoys that were the lifeline for Britain. Bombing raids to destroy the ship failed. A more radical plan was conceived to destroy the dry dock facility at St Nazaire on the French Atlantic coast. Without the use of the only suitable base for the ship the threat would be neutralized. The plan was to ram the entrance gates with a ship packed with explosives on a delayed fuse. A motorboat armed with torpedoes would fire at the inner gate causing further damage to submarine pens. The troops and crew would then destroy as many dockyard targets as they could and withdraw in fast motor launches that had followed them in. All this was to be achieved under cover of an air raid. HMS Campbeltown a U.S. lend lease destroyer was chosen for the task. On the night of March 27 the raid commenced. The Campbeltown succeeded in lodging its bows in the outer gates. The fuses detonated the explosives in its hold the following day. The dock gates were destroyed. The cost to the Allies was high but the Tirpitz was never able to leave Norwegian waters. This volume in the Casemate Illustrated series gives a clear overview of the planning and execution of the raid and its aftermath accompanied by 125 photographs and images including color profiles and maps.

St Nazaire 1942 Ken Ford, 2011-03-15 A richly illustrated examination of the British raid on the port of St Nazaire one of the most daring actions of World War II. The port lies at the mouth of the River Loire and in 1942 as well as a U-boat base contained the massive Normandie dock the only facility on the Atlantic coast large enough to accommodate the German pocket battleship Tirpitz. This book tells the story of the raid that denied the use of the dock to the Tirpitz the sister ship of the Bismarck and constituted a crucial victory for the British Combined Operations in the Battle of the Atlantic.

Operation Chariot Giles Whittell, 2022-03-16 In the darkest months of the WW2 Churchill approved what seemed to many like a suicide mission. Under orders to attack the St Nazaire U-boat base on the Atlantic seaboard British commandos undertook the greatest raid of all turning an old destroyer into a live bomb and using it to ram the gates of a Nazi stronghold. Five Victoria Crosses were awarded more than in any similar operation. Drawing on official documents interviews unknown accounts and the astonished reactions of French civilians and German forces Operation Chariot recreates in cinematic detail the hours in which the Charioteers fought and died from Lt Gerard Brett the curator at the V.A. to Bertie Burtinshaw who went into battle humming 'There'll Always be an England' and from Lt Stuart Chant who set the fuses with 90 seconds to escape to the epic solo reconnaissance of the legendary Times journalist Lt Micky Burn. Unearthing the untold human stories of Operation Chariot Giles Whittell reveals it to be a fundamentally misconceived raid whose impact and legacy was secured by astonishing bravery.

St Nazaire Raid, 1942 Stephen Wynn, 2022-04-21 The raid on St Nazaire has gone down in history as one of the most daring commando raids of all time. Given the code name of Operation Chariot it took place in the early hours of Saturday 28 March 1942 and was a joint undertaking by the Royal Navy and British Commando units. The port at St Nazaire which sits on the Loire estuary and the Atlantic Ocean has a dry dock that was capable of accommodating some of Germany's biggest naval vessels such as the Bismarck or the Tirpitz. By putting

the port out of action any repairs or maintenance work that needed to be carried out would instead have to be undertaken back home at the German port of Bremerhaven To do this the German vessels would either have to navigate the waters of the English Channel or the North Sea with both journeys potentially bringing them to the attention of the Home Fleet of the Royal Navy A raiding force of 612 officers and men were assembled and dispatched from Falmouth to carry out the raid sailing on board the obsolete British destroyer HMS Campbeltown along with 18 Motor Launches The idea was to ram the destroyer in to the outer gates of the dry dock at St Nazaire and put it out of action for as long as possible The raid was a success but came at a price of those who set out 169 were killed whilst a further 215 were captured Only 3 Motor Launches and 228 men escaped and made the return journey back to the UK Many brave men gave it their all during the action at St Nazaire to such an extent that 89 of those who took part in the raid were awarded decorations for bravery including 5 who were awarded the Victoria Cross

The Greatest Raid of All C E Lucas Phillips, 2021-06-23 A deed of glory intimately involved in high strategy Winston Churchill A vivid account of the famous St Nazaire Raid that demonstrates the sheer bravery of the British Commandos and the Royal Navy An essential read for fans of James Holland Ant Middleton and Cornelius Ryan St Nazaire 1 22 a m 28 March 1942 HMS Cambeltown supported by seventeen wooden motor launches approached the German held port intending to smash into the lock gates of the largest dock in the world the Normandie Dock Operation Chariot was in full swing Against vicious Nazi gunfire the commandos stormed the docks and within half an hour succeeded in their chief demolition objectives but in the heat of battle the Royal Navy had lost nearly all of its small vessels intended to carry them back to England With their route home closed off the men were forced to fight through the town in a bid to escape German forces C E Lucas Phillips The Greatest Raid of All draws upon numerous British French and German eyewitness reports to uncover the astounding true story of one of the most daring attacks of World War Two in which no fewer than five Victoria Crosses were awarded Exciting and moving account of a great epic Observer Having been associated with practically all combined operations from two man raids to the planning for Normandy I have no hesitation in saying that the finest and most profitable of the lot was your raid on St Nazaire Lord Mountbatten to Lieutenant Charles Newman told with clarity precision and its share of the famous British understatement Kirkus Reviews

St. Nazaire Raid James Dorrian, 2006 In early 1942 shipping losses in the Atlantic threatened Britain's very survival In addition to the U Boat menace there was real concern that the mighty German battleship Tirpitz be unleashed against the vital Allied convoys Yet only the Normandie Dock at St Nazaire could take her vast size in the event of repairs being required Destroy that and the Tirpitz would be neutralized Thus was born Operation CHARIOT the daring Commando raid that while ultimately successful proved hugely costly Using personal accounts James Dorrian describes the background and thrilling action that resulted in the award of five Victoria Crosses In a dramatic final twist of events once the battle was over the converted former US warship Campelton blew up wrecking the dock gates and killing many Germans who thought the battle was won

The Greatest

Raid: St. Nazaire, 1942 Giles Whittell, 2022-03 The definitive account of one of the most desperately heroic missions launched during World War Two In March 1942 at perhaps the darkest moment of World War Two for the Allies Britain launched a nearly suicidal raid on the Nazi occupied French port of St Nazaire which the German Navy was using as a dry dock for ship repairs the Tirpitz the sister ship of the Bismarck was scheduled for repairs there Destroying it would hinder the U boat campaign and force German ships to return hundreds of miles to home ports The plan was for British commandos to attack the port and simultaneously to use an explosives laden American built ship dating from World War One the Campbelltown as a gigantic torpedo launching it into the docks The first element of Operation Chariot went disastrously The second proved spectacularly successful The detonation of the Campbelltown put the St Nazaire dry dock out of commission for the war's duration To be published on the 80th anniversary Giles Whittell's book will offer the definitive account of the raid which was undertaken by Royal Navy and British commandos most of whom were killed or captured The Greatest Raid provides a gripping and authoritative narrative of one of the most daring military operations ever undertaken

The Raid on St. Nazaire Andy Ryan, 2019-03-29 During WW2 St Nazaire was the most strategically important naval facility in the whole of occupied Europe It was vital to the Nazi war effort because it was the only place outside Germany where the mighty Tirpitz battleship could be repaired and refitted Having such a base meant that this most powerful of warships could be unleashed into the North Atlantic to attack the vulnerable allied supply lines and win the war for the Nazis Central to the drama was the enormous Normandie dry dock If the Germans could make use of the dock to repair and refit Tirpitz then the whole balance of the war would be tipped in their favour The Germans knew this and the British knew it too The British Prime Minister Winston Churchill was determined that the Normandie dock be put out of commission The plan was audacious and desperate in equal measure No one believed it could possibly work yet the situation was so critical that it was put into effect On the night of 28th of March 1942 a small flotilla of mostly wooden boats sailed into the heavily defended Loire estuary to begin what was to become known as the greatest raid of all Andy Ryan author of Bravo Ten recounts the extraordinary story of this most momentous of military operations and places the reader in the thick of the action The Raid on St Nazaire is the third in the They Who Dared series by Andy Ryan
