Guay, 2016-07-16 Transportation history buffs rejoice Ride the rails and the waves in this special two book collection on the great railways from Canada s past Passenger and Merchant Ships of the Grand Trunk Pacific and Canadian Northern Railways The first detailed account of the rise and fall of the maritime branches of two of Canada s great transcontinental railways of the early twentieth century the Grand Trunk Pacific and Canadian Northern Great Western Railway of Canada It was one of the great railways that opened up Canada and played a huge role in the development of Hamilton the site of its head offices Yet the rise and fall of the Great Western Railway has been almost lost to memory David R P Guay provides the authoritative book of a great Canadian railway that history forgot Railway Steamships of Ontario Dana William Ashdown, 1988 During the nineteenth and early twentieth centuries the railway and shipping interests of the Great Lakes basin were regularly at odds with one another Accusations of rate cutting and unfair trade practices were constantly being hurled back and forth and at times they seemed to have little in common but this was not always the case Through joint traffic agreements railway and shipping lines found that they could aid and complement one another each furthering the others trade This book examines how Ontario s railways faced the steamship question and in particular why they saw a need to acquire their own vessels By tracing almost 200 individual ships and dozens of corporate entities the history of these waterborne railway enterprises is revealed Not overlooked are the railway harbours and the facilities that made the crucial link between train and ship **Harry Livingstone's Forgotten Men** Dan Black, 2019-10-01 During the WWI more than 80 000 Chinese labourers were secretly transported from China across Canada to the Western Front where they built bridges and roads repaired tanks unloaded supplies and then after the war cleaned up the grisly battlefields Though the use of Chinese labourers for the war has been known the story of their journey and their work and the role of Canadians in recruiting and transporting them has not been fully told until now In Veil of Secrecy Dan Black describes the perilous journey taken by the Chinese labourers from their remote villages in China across the North Pacific the vast country of Canada from Vancouver to Halifax and across the North Atlantic to the battlefields of Europe and

then back again For political reasons and to prevent them from escaping the Chinese labourers were locked into cattle cars and forbidden to disembark during the journey The Canadian public too was kept in the dark about the trains But their experience is indelibly evident in graves across the country from Vancouver Island to Thunder Bay and Petawawa to Halifax One Canadian plays a central role in this story Captain Harry Livingstone a small town doctor from Listowel Ontario Livingstone joined the Canadian Army Medical Corps in 1917 at the age of 28 His first assignment was to go to northeast China to a recruitment depot where he examined poor young Chinese men to ensure they were fit for service He later joined them on their journey across the North Pacific to a quarantine station on Canada s West Coast Drawing on the diaries written by Livingstone and the letters of the Canadian missionaries who served as temporary officers with the corps in Europe Dan Black traces the experience of the Chinese Labour Corps and sheds new light on the mistreatment and racism they faced in Canada and in wartime Europe
