Rainbow Gatherings, 2010 Butterfly Bill's personal narrative of Rainbow Gatherings from 1987 to 2000 *People of the Rainbow* Michael I. Niman, 1997 Since 1972 the Rainbow Family of Living Light a loosely organized and anarchistic nomadic community have been holding large gatherings in remote forests to pray for world peace and create a model of a functioning utopian society In *People of the Rainbow* Michael I Niman offers the first comprehensive study of this countercultural group also known as the Rainbow Nation or Rainbow Family Niman's insightful and compelling profile describes the origins and recent history of the Rainbows and explains the eclectic philosophy of environmentalism feminism peace activism group sharing libertarianism and consensus government they espouse A fictional re creation of a day in the life of a Rainbow character named Sunflower begins the book illustrating events that might typically occur at an annual North American Rainbow Gathering Using interviews with Rainbows content analysis of media reports participant observation and scrutiny of government documents relating to the group Niman presents a complex picture of the Family and its relationship to mainstream culture called Babylon by the Rainbows Niman also looks at internal contradictions within the Family and examines members problematic relationship with Native Americans whose culture and spiritual beliefs they have appropriated The nomadic nature of the Rainbow Family has long exasperated the U S government especially the Forest Service and has baffled the media Niman places the Rainbow Family's gatherings in a historical context by framing the group's activities in terms of the long tradition of intentional communities and utopian experimentation within the United States Concluding with reflections on the successes and limitations of the Rainbow movement *People of the Rainbow* provides an extensive ethnography of this intriguing subculture and provides fresh insights into the ongoing legacy of utopian communalism The Author Michael I Niman is an adjunct assistant professor of American studies at the State University of New York at Buffalo and a lecturer in the communication department at Buffalo State College [Legend of the Rainbow Warriors](#) Steven McFadden, 2005 *Legend of the Rainbow Warriors* is a journalist's account of one of the core myths of America and an electrifying exploration of how that myth is playing out in real time as we approach the crucial year of 2012 One dominant myth is formed by advertising images of vast luxurious wealth the myth of materialism Another myth is conjured in the bloody sorrowful images that pervade movies music and computer games the myth that the world is hate filled and chaotic beyond redemption The *Legend of the Rainbow Warriors* offers a spiritual alternative of hope and real possibility based upon respect freedom and responsibility As drawn from dozens of historical accounts the *Legend of the Rainbow Warriors* relates that when the Earth becomes desperately sick people of all colors and faiths will unite and rise to face the overwhelming challenges with insight honesty caring sharing and respect Veteran writer Steven McFadden weaves the myths and the headlines together seamlessly in a rich work of literary journalism that is adroitly crafted eye opening and soul inspiring **Books Without Borders, Volume 1** Robert Fraser, Mary Hammond, 2008-07-31 Where does the book

belong Does it enshrine the soul of a nation or is it a means by which nations talk to one another sharing ideas technologies texts This book the first in a two volume set of original essays responds to these questions with archive based case studies of print culture in a number of countries around the world *Rainbow Nation Without Borders* Alberto Ruz Buenfil,1991

Urban Utopias Malcolm Miles,2007-11-21 Utopia tends to generate a bad press regarded as impracticable perhaps nostalgic or contradictory when visions of a perfect world cannot accommodate the change that is necessary to a free and self organizing society But people from diverse backgrounds are currently building a new society within the old balancing literal and metaphorical utopianism and demonstrating plural possibilities for alternative futures and types of settlement Thousands of such places exist around the world including intentional communities eco villages permaculture plots religious and secular retreats co housing projects self build schemes projects for low impact housing and activist squats in urban and rural sites This experience suggests however that when planning and design are not integral to alternative social formations the modern dream to engineer a new society cannot be realized The book is structured in four parts In part one literary and theoretical utopias from the early modern period to the nineteenth century are reconsidered Part two investigates twentieth century urban utopianism and contemporary alternative settlements focusing on social and environmental issues activism and eco village living Part three looks to wider horizons in recent practices in the non affluent world and Part four reviews a range of cases from the author s visits to specific sites This is followed by a short conclusion in which a discussion of key issues is resumed This book brings together insights from literary theoretical and practical utopias drawing out the characteristics of groups and places that are part of a new society It links today s utopian experiments to historical and literary utopias and to theoretical problems in utopian thought *Asian Perceptions of Nature* Ole Bruun,Arne Kalland,2014-02-25 This highly acclaimed bold and refreshing collection of essays takes a critical look at Asians perception of their natural environments as well as at Western views of Asia in this respect *Alternative Spirituality, Counterculture, and European Rainbow Gatherings* Katri Ratia,2023-03-17 This book explores the phenomenon of Rainbow Gatherings in Europe These countercultural events form radically alternative temporary societies in the peripheries of modern states and manage themselves without centralized power market economy or institutionalized forms of religion The volume offers a vivid description of life in the Gatherings analyses the main ideological tenets and places the meetings in historical and cultural context It considers how the Rainbow Gathering tradition is rooted in networks of alternative spirituality and environmental counterculture but also reflects broader shifts in religion and religiosity **Art, Space and the City** Malcolm Miles,1997 This book sees public art outside the normal confines of art criticism and place it within broader contexts of public space and gender Using different perspectives it explores both the aesthetic and political aspects of the medium **The Living Theatre** John Tytell,1995 The story of The Living Theatre is also the story of the emergence of a New York avant garde in the 1950s and the resulting counterculture of the 1960s The company was a kind of theatrical tribe

creating and staging plays collectively living communally and cultivating an atmosphere of sexual openness and adventure And what a cast of characters passes through these pages Tennessee Williams Frank O Hara Anais Nin James Agee Allen Ginsberg and the Beats Jackson Pollock and the Abstract Expressionists Dorothy Day John Ashbery Peggy Guggenheim Merce Cunningham John Cage Alan Hovhaness and Maya Deren among many others Tytell has captured the mood and the artistic and political challenges of one of the most dynamic eras in American cultural history and The Living Theatre should be read by everyone who shares a passion for the arts and knows the sacrifices that passion at times demands
