Over the last two decades drama pedagogy has helped to lay the foundations for a new teaching and learning culture one that accentuates physicality and centres on performative experience Signs of this performative turn in education are especially strong in the field of foreign second language teaching This volume introduces scholars language teachers student teachers and drama practitioners to the concept of a performative foreign language didactics Approaching the subject from a wide variety of contexts the contributors explore the extent to which performative approaches emphasising the role of the body as a learning medium can achieve deep intercultural learning Drama activities such as improvisation hot seating and tableaux are shown to create rich opportunities for intercultural encounters that transport students beyond the parameters of conventional language literature and culture education *Partnering with Student Ambassadors to Create More Inclusive Universities* Ruxandra Foloștină,Clare Gartland,Albina Khasanzyanova,Ümit Çelen,2025-05-12 Designed to promote the social and educational inclusion of disadvantaged groups and nontraditional learners this book provides all the information needed to train networks of student ambassadors to improve student diversity and inclusion in higher education Recognising

that student ambassadors can play a significant role in addressing inequalities by supporting younger students in developing social and cultural capital the book uses evidence based information and best practices for training student ambassadors to enable them to promote social inclusion and educational progression Packed full of activities covering the topics of STEM the Arts the Social Sciences Humanities and Health each activity is presented in line with the United Nations Sustainable Development Goals and can be used in the training of student ambassadors themselves or in schools with students aged 11 14 to empower them to become active engaged and involved in their local communities By participating in these activities student ambassadors will be able to effectively engage with more students from disadvantaged or marginalised communities and students from these communities will be better equipped to navigate progression routes into higher education This is a must read book for all those interested in the theory and practicalities of making their universities more inclusive with the help of student ambassadors It is a hands on resource that will be particularly useful for those higher education institutions that are interested in implementing student ambassadors as well as anyone interested in promoting social justice and challenging traditional patterns of progression to higher education

The Art of Learning and the Knowledge Tree.

Toward a Cognitive Framework Hélène Trocmé-Fabre, 2022-03-23T00:00:00+01:00 I for one am convinced that the essential role of all the educational actors through a genuine presence to each other is to enable the emergence of personal inquiry which contributes to the opening up of our learning space It also sets in motion the co actors the learner and those who accompany that learner toward a place where it is possible to actualize their own potential If inquiry is the true sap of the tree of knowledge and learning the different actors in the educational setting can no longer do without it on their own journey
