Redeeming The South Religious Cultures And Racial Identities Among Southern Baptists 1865 1925:

Redeeming the South Paul Harvey, 1997 Together and separately black and white Baptists created different but intertwined cultures that profoundly shaped the South Adopting a biracial and bicultural focus Paul Harvey works to redefine southern religious history and by extension southern culture

Freedom's Coming Paul Harvey, 2005 In a sweeping analysis of religion in the post Civil War and twentieth century South Freedom's Coming puts race and culture at the center describing southern Protestant cultures as both priestly and prophetic as southern formal theology sanctified

Distinctively Baptist Essays on Baptist History Walter B. Shurden, 2005 This collection of essays by different authors is presented as a tribute to Walter B. Shurden distinctively Baptist church historian teacher preacher author Baptist apologist extraordinaire The rationale of this celebration of the lifework and influence of Walter Shurden is well stated for example in editor Marc Jolley's preface During some of the initial forays of our most recent and ongoing Fundamentalist Moderate controversy there were days when I thought about changing denominations Shurden's works were instrumental in my remaining a Baptist not because I could see how Baptists had always had controversies and survived although that is true but because he helped me understand that the reason I had been Baptist and would remain so was due to our Baptist distinctives our freedoms For so much more but especially for that understanding I am forever grateful Many students Baptists in the pews some at the pulpit or lectern even some who are not distinctively Baptist could testify in like terms regarding the ongoing work and influence of Walter B. Shurden The essays in this collection of course address some of the primary concerns of Walter Shurden augmenting that already significant lifework

The Southern Baptist Convention & Civil Rights, 1954-1995 David Roach, 2021-12-17 According to conventional wisdom theological liberals led the Southern Baptist Convention to reject segregation and racism in the twentieth century That's only half the story Liberals criticized segregation before mainstream Southern Baptists They created racially integrated ministry opportunities They pressed the Southern Baptist Convention to reject segregation Yet historians have discounted the role of conservative theology in the convention's shift away from racial segregation and prejudice This book chronicles how conservative theology proved remarkably compatible with efforts toward racial justice in America's largest Protestant denomination between 1954 and 1995 At times conservative theology was even a catalyst for rejecting racial prejudice Efforts to eradicate racism and segregation were in fact least successful when they appealed to the social gospel or appeared to draw from liberal theology

Fathers on the Frontier Michael Pasquier, 2010-01-29. In the late eighteenth century, French migré priests fled the religious turmoil of the French Revolution and found themselves leading a new wave of Roman Catholic missionaries in the United States. *Fathers on the Frontier* explores the diverse ways these missionary priests guided the development of the early American church in Maryland, Kentucky, Louisiana, and other pockets of Catholic settlement throughout much of the trans-Appalachian West. Over the course of their evangelistic endeavor, this relatively small group of priests introduced Gallican, ultramontane, and missionary principles to a nascent institutional church prior to the immigration of millions of European Catholics in the nineteenth century. As author Michael Pasquier shows, this transformation of American Catholicism did not come easily. Several generations of French priests struggled to reconcile their romantic expectations of missionary life with their actual experiences as servants of a foreign church scattered throughout a frontier region with limited access to friends and family members still in France. As they became more accustomed to the lifeways of the American South and West, French missionaries expressed anxiety about apparent discrepancies between how they were taught to practice the priesthood in French seminaries and what the Holy See expected them to achieve as representatives of a universal missionary church. At no point did French missionaries engage more directly in distinctively American affairs than in the religious debates surrounding slavery, secession, and civil war. These issues, Pasquier argues, compelled even the most politically aloof missionaries to step out of the shadow of Rome and stake their church on the side of the Confederacy. In so doing, they set in

motion a strain of Catholicism more amenable to Southern concepts of social conservatism paternalism and white supremacy and strikingly different from the liberal progressive strain that historians have usually highlighted Focusing on the collective thoughts feelings and actions of priests who found themselves caught between the formal canonical standards of the church and the informal experiences of missionaries in American culture *Fathers on the Frontier* illuminates the historical
