Redefining The Partnership The United States And Japan In East Asia:

Redefining the Partnership Chihiro Hosoya, Tomohito Shinoda, 1998 Redefining the Partnership examines the roles of the United States and Japan in East Asia's constantly changing political and economic environment. As the Cold War recedes further into the past, the United States and Japan have shifted interest to the other economically growing countries in East Asia. Scholars from both America and Japan propose solutions to the conflicts between the two countries in approach and explain the importance of a partnership to both countries. These proposals attempt to sort out the challenges of dealing with the military threats and political uncertainties of nations such as China and North Korea while taking advantage of the economic development of the area. They express the importance of a stable relationship between the two countries for either to be successful as well as the importance of dealing with problems like the United States trade deficit. *Japan's Defense Policy and Bureaucratic Politics, 1976-2007* Takao Sebata, 2010-06-05 It is a well known fact that Japan spends only a small percentage of her gross national product on defense. What is not well known however is the fact that Japan's defense budget ranks among the top in the world and that her self defense forces are considered to be amongst the best conventional armed forces in the world. Since empirical studies concerning Japan's military expansion are rare both in Japanese and English, the book takes up this neglected area. It examines Japan's military expansion and the decision making of her defense policy between 1976 and 2007 focusing on the National Defense Program outline and the guidelines for United States Japan Defense Cooperation. This book deals with how the bureaucratic politics model applies to the case of Japan's defense policy and demonstrates some similarities and differences between Japanese and United States decision making. **Hegemony and the US-Japan Alliance** Misato Matsuoka, 2018-06-14 It is widely recognised that the increasing importance of the US Japan alliance is strongly linked to emerging threats in the Asia Pacific with China's rise and the ambitions of North Korea having brought the two allies closer together. This book however seeks to question whether these factors are indeed the sole determinants of this enduring alliance. A pioneering study conducted through the lens of neo Gramscianism, this book unravels the intricate political dynamism involved in the US Japan alliance. It provides an innovative attempt to link the concept of alliances to hegemony and thus examines Japan's relationship to US dominance in the region. Building on existing scholarship, it also seeks to examine how Japan's continuing dependence on the US and the burden it places on citizens living near US military bases may affect the durability of the alliance in the post Cold War era. As such, this book presents an alternative theoretical tool in the field of international relations to analyse the political nature of the alliance as well as US hegemony in the region. This book will be useful to students and scholars of Japanese Politics and foreign policymaking as well as International Relations and Security Studies more generally. **Rethinking Japanese Security** Peter J. Katzenstein, 2008 Since the unexpected end of the Cold War, standard arguments about power politics can no longer be adopted uncritically. This has led to a renewed interest in Japan's unusually peaceful security policy. Japan's championing of

comprehensive security is central to this collection Peter J Katzenstein's essays explore this concept which not only encompasses traditional military concerns but also domestic aspects of security The book's focus on counter terrorism and national security highlights a policy approach which over decades Japan has developed with political patience and diplomatic finesse These essays advocate an eclectic approach that helps in recognizing new questions and that seek to combine elements from different analytical perspectives in the exploration of novel lines of argument Additionally the book features an entirely new substantial introduction that explores and elaborates the themes of the collection while bringing it up to date This collection will be of significant interest to students and scholars of Japanese politics security studies and international relations

The Pacific Basin since 1945 Roger C. Thompson, 2014-09-25 The nations of the Pacific Basin in East and Southeast Asia Australasia the Pacific islands and the Americas make up the world's largest economic zone and its most culturally diverse region In recent years its Asian Tiger Economies have suffered economic collapse and unfinished business from the Cold War has produced continuing conflict and instability The new edition of this pioneering book traces the postwar inter relationships of all the rim and island nations It gives a unique impression of the make up of the region and the tensions within it The book integrates a wide range of information from books and articles from published and unpublished sources including recently opened Russian and American archives and from the first hand experiences of participants including those of the author in Pacific Basin affairs Vigorously written and strongly argued no other account brings together all the threads of the development of international relations in this complex and fascinating region

Rethinking Security in East Asia J. J. Suh, Peter J. Katzenstein, Allen Carlson, 2004 Is East Asia heading towards war This text makes a case for a new theoretical approach called analytical eclecticism by the authors to the study of Asian security

Rethinking Japanese Public Opinion and Security Paul Midford, 2011-01-24 Rethinking Japanese Public Opinion and Security argues that Japanese public opinion matters and has acted to prevent overseas military deployments involving combat while increasingly supportive of a more normal military establishment capable of autonomously defending Japanese territory

Rethinking the San Francisco System in Indo-Pacific Security Yoneyuki Sugita, Victor Teo, 2022-06-20 This remarkable collection commemorates the 70th anniversary of the 1951 San Francisco Peace Conference by revisiting the important legacies of both the Peace Treaty and the US Japan Security Treaty have had on the peace and stability of the Asia Pacific Drawing on multiple perspectives the volume conveys the hopes and fears that the authors have for the domestic and international politics of the region In a post Trumpian world marked by the US China tensions amidst a raging pandemic the region's continued prosperity looks exceedingly grim Would the arrangements made in 1951 continue to have relevance for an Indo Pacific region beset by great power rivalry and potential conflict fuelled by contending nationalisms clashing interests and territorial disputes Through a rigorous debate based on the latest empirical developments the volume explores various ways where by the spirit and legacies of San Francisco arrangements can be meaningfully preserved and enhanced

In order for the region stronger and more prosperous in the post pandemic world the countries have to come together to enhance the existing security architecture to contain great power rivalry and ensure that a regional order capable of addressing problems of the 21st century eventually evolves Rethinking, Repackaging, and Rescuing World Trade Law in the Post-Pandemic Era Amrita Bahri, Weihuan Zhou, Daria Boklan, 2021-08-26 This book explores the ways to rethink repackage and rescue world trade law in the post COVID 19 era Using the COVID 19 pandemic as an important context the book makes original and critical contributions to the growing debate over a range of emerging challenges and systemic issues that might change the landscape of world trade law in the years to come The book asks do these unprecedented times and challenges call for reengineering the world trading system and a further retreat from trade liberalisation The authors offer a rigorous and insightful analysis of whether and how the existing trade institutions and or rules including their latest developments may provide room to deal with pandemic induced trade related issues sustainable development goals future crises and other existential threats to the multilateral trading system The book reinforces the importance of international cooperation and the pressing need to reinvigorate the world trading system The pandemic has provided a unique opportunity for governments to rebuild the political will needed for such cooperation One should never let a serious crisis go to waste

Rethinking The 1990s Oxford Editor, 2025-11-12 Rethinking the 1990s provides a timely thought provoking retrospective on a decade of world historical importance In an era of intensifying geopolitical rivalry economic nationalism and ideological extremism this wide ranging analysis explores the great hopes and expectations that inspired Western policymakers in the decade after the Cold War Providing much needed historical perspective it offers new insight into the strategic choices political trade offs and missed opportunities that have brought the world to this unsettled moment Written in a highly accessible style these engaging essays by leading experts will make it attractive to students and the educated reading public as well as essential reading for scholars of world politics *Rethinking Sino-Japanese Alienation* Barry Buzan, Evelyn Goh, 2020-01-09 Bitterly contested memories of war colonisation and empire among Japan China and Korea have increasingly threatened regional order and security over the past three decades In Sino Japanese relations identity territory and power pull together in a particularly lethal direction generating dangerous tensions in both geopolitical and memory rivalries Buzan and Goh explore a new approach to dealing with this history problem First they construct a more balanced and global view of China and Japan in modern world history Second building on this they sketch out the possibilities for a 21st century great power bargain between them Buzan puts Northeast Asia s history since 1840 into both a world historical and a systematic normative context exposing the parochial nature of the China Japan history debate in relation to what is a bigger shared story about their encounter with modernity and the West within which their modern encounter with each other took place Arguing that regional order will ultimately depend substantially on the relationship between these two East Asian great powers Goh explores the conditions under which China and Japan have been able to reach strategic

bargains in the course of their long historical relationship and uses this to sketch out the main modes of agreement that might underpin a new contemporary great power bargain between them in a variety of future scenarios for the region The frameworks adopted here consciously blend historical contextualisation enduring concerns with wealth power and interest and the complex relationship between Northeast Asian states evolving encounters with each other and with global international society

Rethinking the Russo-Japanese War, 1904-5, 2007-05-17 Despite the growing number of publications on the Russo Japanese War an abundance of questions and issues related to this topic remain unsolved or call for a reexamination This 30 chapter volume the first in the two volume project Rethinking the Russo Japanese War provides a comprehensive reexamination of the origins of the conflict the various dimensions of the nineteen month conflagration the legacy of the war and its place in the history of the twentieth century Such an enterprise is not only timely but unique It has benefited from a multinational team of thirty two scholars from twelve nations representing a broad disciplinary background The majority of them focus on topics never researched before and without exception provide a novel and critical view of the war This reexamination is of course facilitated by a century long perspective as well as an impressive assortment of primary and secondary sources many of them unexplored and in a number of cases unavailable earlier Redefining Japan & the U.S.-Japan Alliance Thomas U. Global Security Watch—Japan Andrew Lee Oros, Yuki Tatsumi, 2010-09-02 This book offers a comprehensive overview of Japan's national security institutions and policy today including a detailed discussion of Japan's regional security environment and its alliance with the United States in the context of the Democratic Party of Japan's rise to power in August 2009 2010 marks the 50th anniversary of the revision of the U S Japan Security Treaty making Japan one of the United States's longest and most important military allies Over 40 000 US troops are based in Japan as is the only U S aircraft carrier based outside the United States the USS George Washington Japan possesses one of the world's largest economies and strongest military forces and as a result its national security policies and institutions are highly significant not just to America but to the rest of the global community as well This book provides an overview of Japan's transformation into one of the world's most capable military powers over the past 150 years Particular attention is paid to developments in the past decade such as the 2009 change in the controlling political party and Japan's responses to new global security threats **China as Mirror** Jing Sun, 2005 **Rethinking Japan's Identity and International Role**

Susanne Klien, 2018-10-24 This paper presents a study of Japan's international role with a special focus on its historical evolution To that end the following three pillars lay the necessary theoretical foundations one the notions of historical and political identity and a discussion of the ambivalent shapes they have taken in Japan two the regional context an examination of Japan's situation with respect to Asian history as a whole and finally the civilian power concept as defined by Hanns W Maull *Trans-pacific Imagination, The: Rethinking Boundary, Culture And Society* Naoki Sakai, Hyon Joo Yoo, 2012-03-20 This anthology critically re-examines and re-articulates the discursive boundary that binds the region called East Asia in

order to produce Trans Pacific Studies Recognizing that the creation of regional boundaries depends on a new configuration of both inter and intra national power relations and the ideological constructs that generate historical ideological and cultural effects this volume proposes that the term trans Pacific be mobilized to complicate the phrase East Asian as the boundary of academic discipline and socio cultural discourse The anthology also examines the historical conditions under which East Asia was constructed as an area and the trans Pacific directives that nurtured the sense of nationality in each component nation of East Asia With the contribution of Sun Ge The Institute of Literature Chinese Academy of Social Sciences Soyoung Kim Korean National University of Arts Hyoduk Lee Tokyo University of Foreign Studies Jie Hyun Lim Hanyang University Lisa Lowe University of California Tessa Morris Suzuki The Australian National University Naoki Sakai Cornell University Yuko Shibata Saint John's University Annmaria Shimabuku University of California Ikuo Shinjou University of the Ryukyus Hyon Joo Yoo University of Vermont

The Closing of the Second World War David Wingeate Pike, 2001 This book a worthy sequel to *The Opening of the Second World War* Peter Lang 1991 takes an unprecedented approach the closing of the war from the losing side's point of view The period discussed spans from January 1945 with the end of Hitler's last hope the Ardennes counter offensive to the Japanese surrender in mid August The situation for the Axis is presented by German Italian and Japanese historians and the Allied responses are by British French Russian American Slovene and New Zealand scholars The foreword covers commemorative events in Germany Italy and Japan in the period 1990-1999

Rethinking Japan Arthur Stockwin, Kweku Ampiah, 2017-02-15 The authors argue that with the election of the Abe Government in December 2012 Japanese politics has entered a radically new phase they describe as the 2012 Political System The system began with the return to power of the Liberal Democratic Party (LDP) after three years in opposition but in a much stronger electoral position than previous LDP based administrations in earlier decades Moreover with the decline of previously endemic intra party factionalism the LDP has united around an essentially nationalist agenda never absent from the party's ranks but in the past was generally blocked or modified by factions of more liberal persuasion Opposition weakness following the severe defeat of the Democratic Party of Japan (DPJ) administration in 2012 has also enabled the Abe Government to establish a political stability largely lacking since the 1990s The first four chapters deal with Japanese political development since 1945 and factors leading to the emergence of Abe Shinzō as Prime Minister in 2012 Chapter 5 examines the Abe Government's flagship economic policy dubbed Abenomics The authors then analyse four highly controversial objectives promoted by the Abe Government revision of the 1947 Peace Constitution the introduction of a Secrecy Law historical revision national identity and issues of war apology and revised constitutional interpretation permitting collective defence In the final three chapters they turn to foreign policy first examining relations with China Russia and the two Koreas second Japan and the wider world including public diplomacy economic relations and overseas development aid and finally the vexed question of how far Japanese policies are as reactive to foreign pressure In the

Conclusion the authors ask how far right wing trends in Japan exhibit common causality with shifts to the right in the United States Europe and elsewhere They argue that although in Japan immigration has been a relatively minor factor economic stagnation demographic decline a sense of regional insecurity in the face of challenges from China and North Korea and widening gaps in life chances bear comparison with trends elsewhere Nevertheless they maintain that a more sane regional future may be possible in East Asia

Rethinking Globalism Manfred B. Steger, 2004-10-26 What is the hottest American export since 9 11 The contributors to this provocative volume contend that it is Western style globalism the dominant free market ideology that determines everything from most favored nation status to the declaration of war In this much needed post September 11 analysis an interdisciplinary team of authors shows how central concepts like globalization liberty free markets and free trade are increasingly being subordinated to and lumped together with the war on terrorism led by the U S and its allies The authors here hailing from all five continents contend that globalism is being adapted to particular social and political contexts in various parts of the world Nonetheless the impact of globalization with an ideological twist can be devastating as military operations and propaganda supplant transnational trade initiatives as the focal point of global exchange And ironically the post 9 11 framework contains a major ideological contradiction Social forces otherwise profiting from expanded global mobility and interchange must come to grips with necessary limitations on certain aspects of globalization This volume was handcrafted to outline the major lines of inquiry proposed for the new Globalization series edited by Manfred B Steger and Terrell Carver Writing in accessible engaging prose the contributors to this anchor volume consider themselves critical globalization theorists who seek to provide readers with a better understanding of how dominant beliefs about globalization fashion their realities and how these ideas can be changed to bring about more equitable social arrangements Books in the series will share the same perspective and goals
