All the Doctrines of the Bible Herbert Lockyer,1964 His systemized study and analysis of the major Bible doctrines provides for readers Dr Lockyer s approach to understanding doctrines in logical sequence This method of biblical presentation can and should lead to a valuable comprehension of the Christian faith *Biblical Theology* Ben Witherington, III,2019-07-04 In *Biblical Theology* Ben Witherington III examines the theology of the Old and New Testaments as a totality Going beyond an account of carefully crafted Old and New Testament theologies he demonstrates the ideas that make the Bible a sacred book with a unified theology Witherington brings a distinctive methodology to this study Taking a constructive approach he first examines the foundations of the writers symbolic universe what they thought and presupposed about God and how they revealed those thoughts through the narratives of the Old and New Testaments He also shows how the historical contexts and intellectual worlds of the Old and New Testaments conditioned their narratives and in the process created a large coherent Biblical world view one that progressively reveals the character and action of God Thus the Yahweh of the Old Testament the Son in the Gospels and the Father Son and Spirit in the New Testament writings are viewed as persons who are part of the singular divine identity Witherington s progressive revelation approach allows each part of the canon to be read in its original context and with its original meaning *THE TESTIMONY OF JOHN: 1907 Biblical Study Notes on the Gospel of John* George N.H. Peters,2017-01-01 From cover to cover conception to completion this book is about Jesus It addresses and answers the fundamental question of His identity and mission The book never waivers from this original purpose and structure Who better to inform us of Jesus than John the disciple whom Jesus loved the person to whom Jesus often confided in and to whom He ultimately entrusted with His own future Revelation And who better to expose these truths than Mr George N H Peters gifted Bible teacher and faithful steward of the Word of God throughout his lifetime Composed in the form of study notes the author directs attention away from modern mystical interpretations of this Gospel towards what John intended to accomplish i e confront the reader with the predicted Messiah Jesus and in so doing provide reasons to believe and through believing find the very promise of eternal life John calls this work his testimony like a witness pleading before a jury of his peers he lays out a selection of evidence He claims that he could easily have written volumes but these things he wrote so that the reader might believe The beauty of this book lies in the evidence John chooses to put forth the impact of the book slightly over 100 years old stems from the ability of Mr Peters to point out these things and then allow the testimony to speak for itself Over the last century many able men and women have undertaken to expound the Gospel of John The reader will not find a more plainly written account than what Mr Peters penned during the last years of his life
