In addition, the collection considers the impact of the band in a range of different geopolitical contexts with various contributors exploring what the band meant in settings as diverse as Italy, England, Northern Ireland, Australia, and the United States. The diverse essays gathered in *Working for the Clamptown* cast a critical light on both the cultural legacy and contemporary resonance of one of the most influential bands ever to have graced a stage.

The Politics of Cultural

Knowledge Njoki Wane, Arlo Kempf, Marlon Simmons, 2011-10-25. The advent and implementation of European colonialism have disrupted innumerable epistemological geographies around the globe. Countless cultural ways of knowing and local educational practices have in some way been displaced and dislocated within the universalizing project of the Euro Colonial Empire. This book revisits the colonial relations of culture and education, questions various embedded imperial procedures, and extricates the strategic offerings of local ways of knowing which resisted colonial imposition. The contributors of this collection are concerned with the ways in which colonial education forms the governing edict for local peoples. In *The Politics of Cultural Knowledge*, the authors offer an alternative reading of conventional discussions of culture and what counts as knowledge concerning race, class, gender, sexuality, identity, and difference in the context of the Diaspora.
