Reflecting On Research Practice Issues In Health And Social Welfare:

Reflecting on Research Practice Pam Shakespeare, Dorothy Atkinson, Sally French, 1993 Charts some of the hidden from view aspects of social research and explores many of the complex processes involved The chapters range from developing ideas and negotiating with funders to building research relationships and disseminating findings **EBOOK: Researching Disability Issues** Michelle Moore, Sarah Beazley, June Maelzer, 1998-03-16 This book is designed to meet a growing need for clear illustrations of how to carry out research which seeks to explore disability issues It aims to demonstrate the value of a critical attention to social rather than medical starting points for researching disability through reviewing a variety of studies which look at different aspects of disabled people's lives Different methodological approaches and research techniques are considered ranging from analysis of observation data concerning disabled children in schools to rich conversation based data which focuses on family life A central theme concerns the pivotal role of disabled people in research The book provides substantive examples of the dilemmas which face researchers and connects these to ideas for individual personal action Disabled and non disabled researchers professionals and students from a wide range of disciplines will find the presentation of both research findings and debates informative and of interest **Observation and Its Application to Social Work** Pat Le Riche, Karen Tanner, 1998 Karen Tanner and Pat Le Riche have brought together a range of contributions from practitioners and social work academics in order to discuss the application of ideas about observation to social work education and practice The authors focus on how observation can be used to counteract oppressive and dehumanising practices *Do It Yourself Social Research* Yoland Wadsworth, 2016-06-16 With the rapid growth of collaborative indigenous and community based research one of the key challenges researchers face is finding an effective way of involving non researchers in the research process Do It Yourself Social Research has been a best selling methodology guide for action research projects and community groups in Australia for almost three decades Always emphasizing the importance of a spirit of inquiry it demystifies the research process covering where to start how to manage a research project what methods techniques and resources to use and interpretation analysis and reporting This third edition has been thoroughly revised adding the use of narrative and dialogue in research rich research design and what digital technology can and can't contribute to the research process With its hands on no nonsense approach Do It Yourself Social Research is an essential resource for community groups college students and other novice researchers in health social welfare education and related areas **Researching Disability Issues** Moore, Michelle, Beazley, Sarah, Maelzer, June, 1998-03-01 This book is designed to meet a growing need for clear illustrations of how to carry out research which seeks to explore disability issues It aims to demonstrate the value of a critical attention to social rather than medical starting points for researching disability through reviewing a variety of studies which look at different aspects of disabled people's lives *Fieldwork, Participation and Practice* Marlene de Laine, 2000-12-19 This timely and topical look at the role of ethics in fieldwork takes into account some

of the major issues confronting qualitative researchers The main purposes of this book are twofold to promote an understanding of the harmful possibilities of fieldwork and to provide ways of dealing with ethical problems and dilemmas To these ends examples of actual fieldwork are provided that address ethical problems and dilemmas and posit ways of dealing with them *Qualitative Research Practice* Clive Seale, 2007 Aimed at the student reader this book demonstrates the benefits of using particular methods from the viewpoint of real life experience It contains chapters written by leading internationally distinguished qualitative researchers who recount and reflect on their own research experiences as well as others

Research Methods For Nurses And The Caring Professions 2/E Abbott, Pamela, Sapsford, Roger, 1998-05-01 Praise for the first edition of *Research into Practice* and *Research Methods for Nurses and the Caring Professions* These books provide a good introduction for the uninitiated to reading and doing research Abbott and Sapsford provide a clearly written and accessible introduction to social research One of their aims is to demystify research and in this they succeed admirably After reading the text and the articles in the reader and working through the various research exercises readers should have a clear appreciation of how to evaluate other people's research and how to begin their own David Field *Journal of Palliative Medicine* This book now substantially revised in its second edition is about the appreciation evaluation and conduct of social research Aimed at nurses social workers community workers and others in the caring professions the book is particularly focused on research which evaluates and contributes to professional practice The authors have provided many short practical exercises in the text and the examples are drawn mostly from projects carried out by one or two people rather than large research teams The clear accessible style will make this the ideal introductory text for those undertaking or studying research for the first time The book may be used in conjunction with *Research into Practice* Open University Press a reader of useful examples selected by the same authors

Feminist Research in Theory and Practice Gayle Letherby, 2003-02-16 an extremely welcome addition to the field of feminist research *British Journal of Educational Studies* This is a clear and accessible exploration of feminist method methodology and epistemology After situating herself and her work Gayle Letherby charts the debates concerned with the epistemological political and practical issues involved in doing feminist research and places the debates within a wider consideration of the status of knowledge The main focus of the book is then the particular and practical issues for feminist researchers It examines how the process of research affects the results of that research and explores the relation between politics and practice in terms of research and knowledge production Throughout the book there is a practical emphasis on specific examples of feminist research in action and as well as summarizing current theoretical debates Gayle Letherby adds to them *Feminist Research in Theory and Practice* is designed and written as a textbook for students at advanced undergraduate and postgraduate level but will be a valuable resource for any researcher or individual interested in women's studies feminism and in researching in the social sciences
