Teacher Professional Knowledge

and Development for Reflective and Inclusive Practices Ismail Hussein Amzat, Nena Padilla-Valdez, 2017-06-14 This book Teacher Professional Knowledge and Development for Reflective and Inclusive Practices has been produced to improve teacher professional knowledge and skills surrounding classroom inclusiveness while also reflecting on best practices for teaching and the development of effective instructional tools that fit a diverse range of learners The Preface

Teaching and Learning through Reflective Practice Tony Ghaye, 2010-12-09 Now in its second edition Teaching and Learning through Reflective Practice is a practical guide to enable all those involved in educational activities to learn through the practices of reflection The book highlights the power that those responsible for teaching and learning have to appraise understand and positively transform their teaching Seeing the teacher as a reflective learner the book emphasises a strengths based approach in which positivity resilience optimism and high performance can help invigorate teaching enhance learning and allow the teacher to reach their full potential This approach busts the myth that reflection on problems and deficits is the only way to better performance The approach of this new edition is an appreciative one At its heart is the exploration and illustration of four reflective questions What's working well What needs changing What are we learning Where do we go from here With examples drawn from UK primary teacher education the book reveals how appreciative reflective conversations can be initiated and sustained It also sets out a range of practical processes for amplifying success This book will be a must have for undergraduate and PGCE students on initial teacher training programmes It will also interest practising teachers teacher educators and those on continuing professional development courses

Beyond Reflective Practice Helen Bradbury, Nick Frost, Sue Kilminster, Miriam Zukas, 2012-09-11 Reflective practice has moved from the margins to the mainstream of professional education However in this process its radical potential has been subsumed by individualistic rather than situated understandings of practice Presenting critical perspectives that challenge the current paradigm this book aims to move beyond reflective practice It proposes new conceptualisations and offers fresh approaches relevant across professions Contributors include both academics and practitioners concerned with the training and development of professionals Definitions of reflection which are often implicit often focus on the individual's internal thought processes and responsibility for their actions The individual what they did thought felt is emphasised with little recognition of context power dynamics or ideological challenge This book presents the work of practitioners educators academics and researchers who see this as problematic and are moving towards a more critical approach to reflective practice With an overview from the editors and fourteen chapters considering new conceptualisations professional perspectives and new practices Beyond Reflective Practice examines what new forms of professional reflective practice are emerging It examines in particular the relationships between reflective practitioners and those upon whom they practise It looks at the ways in which the world of professional work has changed and the ways in which professional practice needs to change to meet the needs of this new world It will be relevant for those concerned with initial and ongoing professional
