Treasure Islands Nicholas Shaxson,2025-04-16 A thrilling ride inside the world of tax havens and corporate masterminds While the United States experiences recession and economic stagnation and European countries face bankruptcy experts struggle to make sense of the crisis Nicholas Shaxson a former correspondent for the Financial Times and The Economist argues that tax havens are a central cause of all these disasters In this hard hitting investigation he uncovers how offshore tax evasion which has cost the U S 100 billion dollars in lost revenue each year is just one item on a long rap sheet outlining the damage that offshoring wreaks on our societies In a riveting journey from Moscow to London to Switzerland to Delaware Shaxson dives deep into a vast and secret playground where bankers and multinational corporations operate side by side with nefarious tax evaders organized criminals and the world s wealthiest citizens Tax havens are where all these players get to maximize their own rewards and leave the middle class to pick up the bill With eye opening revelations Treasure Islands exposes the culprits and its victims and shows how Over half of world trade is routed through tax havens The rampant practices that precipitated the latest financial crisis can be traced back to Wall Street s offshoring practices For every dollar of aid we send to developing countries ten dollars leave again by the backdoor The offshore system sits much closer to home than the pristine tropical islands of the popular imagination In fact it all starts on a tiny island called Manhattan In this fast paced narrative Treasure Islands at last explains how the system works and how it s contributing to our ever deepening economic divide *The Language of Progressive Politics in Modern Britain* Emily

Robinson,2017-02-09 This book traces the word progressive through modern British history from the Enlightenment to Brexit It explores the shifting meanings of this term and the contradictory political projects to which it has been attached It also places this political language in its cultural context asking how it relates to ideas about progressive social development progressive business and progressive rock music Progressive is often associated with a centre left political tradition but this book shows that this was only ever one use of the term and one that was heavily contested even from its inception The power of the term progressive is that it appears to anticipate the future This can be politically and culturally valuable but it is also dangerous The suggestion that there is only one way forward has led to fear and doubt anger and apathy even amongst those who would like to consider themselves progressive people **The Cambridge Urban History of Britain** Peter Clark,David Michael Palliser,Martin J. Daunton,2000 The process of urbanisation and suburbanisation in Britain from the Victorian period to the twentieth century **Charity and the London Hospitals, 1850-1898** Keir Waddington,2000 Drawing on a comparative study of hospital records Charity and the London Hospitals investigates how and why Victorians contributed in order to show that benevolence was rarely amenable to a single form or reason Whilst charity remained central to the hospitals raison d etre philanthropy s contribution was modified at a financial and administrative level as hospitals shifted from being philanthropic to medical institutions Why this process occurred and the impact of professionalisation and scientific medicine are assessed BOOK JACKET The History of Suffrage, 1760-1867 Vol 6 Anna Clark,Sarah Richardson,2021-03-24 This work brings together key texts drawn from the history of suffrage advocacy and agitation The whole issue of voting rights and representation is shown to be anchored firmly in the wider political culture of Britain and Ireland as well as the Empire as a whole Volume 6 covers texts from 1860 to 1873
