Refugee Ministry In The Local Congregation:

Refugee Ministry in the Local Congregation John Ronald Mummert, Jeff Bach, 1992 Wars terrorism and socioeconomic upheavals create thousands of refugees in search of a home Searing pictures of exiles uprooted from Southeast Asia Central America and elsewhere have appeared on television in newspapers and in magazines J Ronald Mummert with Jeff Bach share some of the heart wrenching stories behind the pictures and describes ways Christians can help *Scattered and Gathered* Sadiri Joy Tira, Tetsunao Yamamori, 2020-07-31 The twenty first century is marked by mass migration Massive population movements of the last century have radically challenged our study and practice of mission Where the church once rallied to go out into the regions beyond Christian mission is currently required to respond and adapt to missions around As a result leaders in this field have been developing diaspora missiology to provide a missiological framework for understanding and participating in God s redemptive mission among peoples living outside their places of origin In this volume experts in diaspora missiology from across the globe analyze the development of missions to migrants and add to our understanding of the contemporary church s opportunities and responsibilities for mission amongst diaspora groups *Global Mission on our Doorstep* Thorsten Prill, 2017-01-11 Document from the year 2017 in the subject Theology Practical Theology language English abstract In the face of globalisation one of the challenges for Christians ministering to asylum seekers and refugees in the United Kingdom is the question of integrating Christian asylum seekers and refugees into the Christian community British churches and para church organisations that are involved in refugee ministry have to decide whether they want to support the formation of independent refugee churches or the integration of refugees and asylum seekers into local indigenous churches This thesis examines these options from a missiological perspective Two social research projects form the heart of this study One compares the life and ministry of two mature minority ethnic churches the other investigates the integration process at a British church that has been involved in refugee ministry for almost a decade Contrary to the widespread view that the establishment of homogeneous churches is crucial for the mission of the church in postmodern British society the findings of this research suggest that the integration of asylum seekers and refugees into indigenous British churches is the better option They further demonstrate that it is not the mono ethnic refugee church but the multi ethnic church which makes the greater contribution to the integration of Christian asylum seekers and refugees and to the missio Dei in Britain In a multi ethnic church asylum seekers and refugees serve as role models to British Christians and especially as effective agents of mission These research findings also show that the integration of asylum seekers and refugees is promoted through the congregation within the congregation model and an incarnational approach to mission However they equally indicate that various stumbling blocks can hinder the integration process These include a low ecclesiology a lack of awareness of globalisation and a reactive leadership style and church culture *Refugee Diaspora* Sam George, Miriam Adeney, 2018-10-15 God is at work among refugees everywhere Will you join Refugee Diaspora is a
