Poverty and the Church in Igboland, Nigeria Anthony Okwudili Achunonu, 2012 The main objective of this book is to re evaluate the true meaning of the term poverty in the world as a whole and in Nigeria in particular From a sociological point of view poverty is the natural consequence of economic inequity amongst social groups a type of inequity often generated by the inability of the political class to provide and maintain basic amenities in the society This book highlights so many complex reasons that are responsible for this type of inability prominent amongst them being mismanagement of funds in most political setups Our investigation from this book shows that there s a great difference between the various forms of poverty in western countries and in other countries of the world Poverty may be caused by individual social cultural ethical and moral issues These various causes of poverty are often correlated In Nigeria poverty is mainly caused by lack of moral sensitivities amongst political leaders and by lack of initiatives for cultural social and economic empowerment of the less privileged Most striking is the fact that there is no basic well established governmental structure meant to assist those who languish in poverty This book discusses the real life situation of those who suffer and are living in abject poverty The book also discusses proposals that can help improve their condition In line with this the effective contributions the church can make in order to fight poverty will be taken into consideration In fact it is not enough for the church to know that the situation of long term injustice in Nigeria is crippling the country rather she has also to live up to her mission vis vis the poor and the marginalised who are living in the country

Filled with the Spirit Ellen Lewin, 2018-04-24 In 2001 a collection of open and affirming churches with predominantly African American membership and a Pentecostal style of worship formed a radically new coalition The group known now as the Fellowship of Affirming Ministries or TFAM has at its core the idea of radical inclusivity the powerful assertion that everyone no matter how seemingly flawed or corrupted has holiness within Whether you are LGBT have HIV AIDS have been in prison abuse drugs or alcohol are homeless or are otherwise compromised and marginalized TFAM tells its people you are one of God s creations In Filled with the Spirit Ellen Lewin gives us a deeply empathetic ethnography of the worship and community central to TFAM telling the story of how the doctrine of radical inclusivity has expanded beyond those it originally sought to serve to encompass people of all races genders sexualities and religious backgrounds Lewin examines the seemingly paradoxical relationship between TFAM and traditional black churches focusing on how congregations and individual members reclaim the worship practices of these churches and simultaneously challenge their authority The book looks closely at how TFAM worship is legitimated and enhanced by its use of gospel music and considers the images of food and African American culture that are central to liturgical imagery as well as how understandings of personal authenticity tie into the desire to be filled with the Holy Spirit Throughout Lewin takes up what has been mostly missing from our discussions of race gender and sexuality close attention to spirituality and faith

A History of Japanese

Buddhism Kenji Matsuo, 2007-12-13 This first major study in English on Japanese Buddhism by one of Japan's most distinguished scholars in the field of Religious Studies is to be widely welcomed. The main focus of the work is on the tradition of the monk Ōbōsan as the main agent of Buddhism together with the historical processes by which monks have developed Japanese Buddhism as it appears in the present day. **Longing for God** Richard J. Foster, Gayle D.

Beebe, 2009-03-11 Introduces key figures from Christian history. Combines academic story and practical experience. Offers spiritual application in each chapter. Each chapter is subdivided into smaller sections for ideal devotions. Experiencing the love of God gives us a taste of his goodness but often those moments are fleeting. Our awareness and understanding fade while our longing to experience him again increases. Here you can begin to fill that longing by developing your capacity to receive and respond to God's love. Spiritual formation is the process through which one's inner self is opened to the work of the Holy Spirit who forms us into the image of the Son. Here Richard Foster and Gayle Beebe, both experienced leaders in spiritual formation, introduce you to people from the past who have known God deeply. Each person helps you to grasp one of the seven primary paths to intimacy with God that have been developed throughout Christian history. Written in short segments, each surrounding a key figure, *Longing for God* is ideal devotional reading. [The Mystic Way of Evangelism](#)

Elaine A. Heath, 2017-11-07 Elaine Heath brings a fresh perspective to the theory and practice of evangelism by approaching it through contemplative spirituality. This thoroughly revised edition includes a new study guide. Praise for the First Edition: Outreach Resource of the Year Award Winner. Heath's biographies of the mystics are inspiring, and her emphases on suffering and spiritual depth as the antidote to a prepackaged, method-obsessed, consumer-oriented evangelistic approach are refreshing. Outreach. **The Catholic Passion** David Scott, 2010-06

The Catholic faith is not a set of rules or a body of doctrines but is a way of life, writes David Scott. It's a lived faith that contains convincing, intellectually coherent and spiritually fulfilling answers to the biggest questions: Who is God? Who is Jesus? Why are we here? Where are we going? *The Catholic Passion* invites readers into a conversation about the things that matter most. It is not an argument for the Catholic faith but a journey to the heart of it: a richly rewarding reflection on prayer, the Bible, sacraments, the church, and God made human in Jesus Christ. Scott does not tell the story of the faith through church documents or catechism quotations. Instead, he looks at the faith experience of real Catholics: people like the American writer Andre Dubus, the French composer Olivier Messiaen, the Chinese human rights activist Henry Wu, the French martyr Charles de Foucauld, and the American reformer Dorothy Day. These and other Catholics embody a faith that warms the heart as it enlightens the mind. One theme emerges from Scott's reflections on the lives of Catholics and the Scriptures: God's passion of love for humankind burns on in the Catholic Church. The Catholic passion is the conviction that there is nothing God will not do to win our love. *The Catholic Passion* is a monumental work. David Scott weaves material from scripture, history, the arts, the liturgy, theology, spirituality, and personal reflection, showing us that nothing human is alien to Christ and nothing divine is withheld from God's people.

Scott Hahn author of *The Lamb's Supper: The Catholic Passion* is a masterwork beautiful compelling and wonderfully readable an outstanding portrait of what Catholics believe and why I highly recommend it Charles J Chaput OFM Cap archbishop of Denver David Scott helps us see a vibrant Catholicism that offers brilliant meaning in a world darkened by materialism and violence He presents a vision that allows the treasures of the past to envision an orthodox Catholicism for the future Fr Mitch Pacwa SJ EWTN Greatest Catholics of the 20th Century Charles River Editors, 2025-05-05

The 20th century had no shortage of influential leaders both good and bad But while dictators generals and presidents came and went the last quarter of the 20th century could rely on one thing the papacy of Blessed Pope John Paul II In becoming one of Catholicism's most popular leaders and one shortly destined for sainthood John Paul II indeed became one of the most famous and influential men of the 20th century The first pope in centuries to not hail from Italy John Paul II was responsible for a global outreach of epic proportions that brought him to over 100 countries helped end communism in Europe and brought people of different faiths closer together than ever before It's often said that nobody in history has been seen and viewed in person by more people an amazing feat for a man of humble origins born in Poland before World War II a place that continues to especially venerate him today For the last few decades of the 20th century the Catholic Church was blessed to have two of its most influential leaders guiding the Church and spreading its faith and message at the same time Pope John Paul II made history by becoming the first non Italian pope in several centuries guiding the church for over 25 years But while he led the Church a remarkable woman born Agnes Gonxha Bojaxhiu 1910 1997 became one of the Church's greatest missionaries and humanitarians She would come to be known to the world as Mother Teresa It would be nearly impossible to overstate the impact Mother Teresa had on the Catholic Church and the world during her life In addition to founding the Missionaries of Charity a sisterhood of Roman Catholics that now operates in over 125 countries and has over 4 500 sisters Mother Teresa spent nearly half a century spreading her religious congregation across the world while using it to help the sick and poor Through her direct participation and planning she opened hundreds of missions providing essential services that ranged from hospices to schools and from orphanages to soup kitchens Her work won her a Nobel Peace Prize in 1979 and Mother Teresa was consistently ranked among the world's most admired people for the last 20 years of her life Shortly after her death in 1997 the beatification process for Mother Teresa was begun and in 2003 she was beatified as Blessed Mother Teresa of Calcutta Francesco Forgione might be a name lost to history but over the course of his life he became one of Catholicism's most well known figures during the 20th century as Padre Pio It was a remarkable path for a man who was legendarily afflicted by a series of illnesses and most famously bore the stigmata very noticeably bearing what appeared to be the crucifixion wounds Jesus's hands suffered Padre Pio was also known for his eccentricities including unique forms of deep meditation and experiencing visions Not surprisingly despite all the spiritual work Padre Pio did he was the subject of substantial controversy during his own life And though he has been venerated as Saint Pio of Pietrelcina by the Catholic

Church critics have all but called him a fraud Greatest Catholics of the 20th Century details the remarkable life Padre Pio lived while covering the controversies that continue to resonate today Along with pictures of Pio and other important people places and events in his life you will learn about Padre Pio like you never have before in no time at all **The Publishers Weekly** ,2005 Ethical Communication Clifford G. Burgess,Ruth Vassar Burgess,2020-08-19 For over 2 000 years Christian women have struggled with inequities between the genders This certainly has been true in matters religious Christian women have shown ethical moral and spiritual strength while being deprived of leadership or power positions reserved for their male counterparts In this tome the authors celebrate a wide variety of such female heroines drawn from early Christian Roman Catholic Orthodox Protestant Pentecostal and Charismatic groups as well as a sprinkling of so called heretical individuals These women often have become saints martyrs visionaries missionaries and spiritual voices models to all generations At the same time it must be remembered that many of them also carried and gave birth to children raised them and fulfilled the other functions required of them in their social contexts The emphasis is on celebrating these memorable individuals *Cultural Typologies of Love* Victor Karandashev,2022-09-01 This timely volume offers an integrative approach and a culturally diverse view of love conceptions experiences and expressions building on both individual and cultural typologies of love It comprehensively presents cultural and cross cultural studies on how culture affects love and offers a systematic description of types and cultural models of love The comprehensive reviews of

methodology and findings provide a solid empirical basis for the creation of formal typologies This book will be useful for researchers interested in cross cultural studies of love across many disciplines Its accessible language also makes it ideal for undergraduate and graduate students Readers will gain a comprehensive understanding of Cultural conceptions of love and methods for their research Multiple perspectives in the studies of love across world cultures Cultural models and typologies in an international perspective Cultural models and typologies from an interdisciplinary scientific perspective *A Little Book for New Philosophers* Paul Copan, 2016-10-19 What s the point of studying philosophy when we have theology Philosophy sometimes suffers from an inferiority complex in the church But Paul Copan contends that it is possible to affirm theology s preeminence without diminishing the contribution of philosophy This brief introduction surveys philosophy s basic aims and defends its function in the Christian life **Journeys to Albania; Land of Besa** Kalman Dubov, 2024-02-18 Although tiny in comparison with other European countries Albania looms large in terms of its people culture and history Blessed by an abundance of natural resources together with the resourcefulness of its people it stands strong in the face of much larger countries that have tried to control it and subjugate its people In the face of overwhelming odds Albania stood firm refusing to be subdued to others despite that dominant country remaining on its soil for centuries Descendants from the ancient Illyrians a relatively unknown group together with an obscure language unlike any other in Europe its people are a mystery and a conundrum in the face of larger and more powerful countries The Ottoman Empire for example dominated Albania and the Balkans for five centuries but were unable to subjugate these people Albanian embers for independence were nurtured and kept alive until in the end it achieved its national aspirations Its core identity remained unchanged and strong in the face of such challenge Perhaps the most remarkable aspect of Albanian is the concept of besa a term denoting a code of honor Once given to another whether an Albanian or a stranger the Albanian would rather forfeit his life than violate this code and promise It was due to this concept and code that Jews in Albania were protected and every manner of succor was extended to them Albania remains the only country in Nazi occupied Europe when at the end of that world war there was an increase in its Jewish population rather than the reverse The Nazis considered the Jewish population in Albania to be about 200 persons In fact by war s end 2 000 people emerged relating tales of the extraordinary courage and heroism extended to them by either Muslim or Christian Albanians To date the State of Israel s Yad Vashem has recognized 75 Albanians for its prestigious award of Righteous Among the Nations Ironically the very same code of honor that protected Jews during World War Two is now used by Albanians to perpetrate criminality across the world The Albanian Mafia controls a vast international enterprise overseeing every form of crime At its basest element the clannish hallmark of its membership is based on familial connections with the code of besa given to its leadership and other members Thereby all in the clan are considered family for whom the code connects and protects demanding total unquestioned obedience Efforts to infiltrate these clans has proven an impossible task because of the interconnected webs of duty and control exerted on all in that

organization Betrayal of the clan is a violation of family and community so that total obedience is a given at all times Hence the same nobility of besa is also used negatively against society and normative social frameworks In addition Albania still retains the cultural phenomenon of the third sex where women become sworn virgins They are released from their traditional feminine role and become a man doing so by a formal oath given to twelve elders in the community Afterwards none may remind this man of a previous life as a woman Though the number of sworn virgins in Albania is small it is still present and any woman may assume this transformation despite modernity and its claims of equality The Albanian diet reflects its Mediterranean culture using olive oil and an array of vegetables that provides an abundance of health to its people There is much to learn from this ancient society I hope this book does justice to the many traditions and culture of this unique people
