**Grady E. Bogue**

## **Rochesters Leaders And Their Laegacies:**

**Rochester Leaders and Their Legacies** Donovan A. Shilling, 2005-10-26 Rochester owes much to those who made it the exceptional and unique city it has become. Many of the civic, commercial, industrial, and entertainment leaders who brought fame and prosperity to the city are saluted in *Rochester Leaders and Their Legacies*. A gallery of rare photographs reveals the images of the founders and their legacies: McCurdys, McFarlins, Edwards, and Sibleys; department stores, important businesses, and products; and entertainment venues and memories. Here are glimpses of the nursery industry, Erie Canal trolley days, downtown nightspots, theater performers, and recollections of unusual events from fires and floods to the huge Elks Street Fair of 1899.

**Rochester's Leaders and Their Legacies** Donovan A. Shilling, 2005 Rochester owes much to those who made it the exceptional and unique city it has become. Many of the civic, commercial, industrial, and entertainment leaders who brought fame and prosperity to the city are saluted in *Rochester Leaders and Their Legacies*. A gallery of rare photographs reveals the images of the founders and their legacies: McCurdy's, McFarlin's, Edwards, and Sibley's; department stores, important businesses, and products; and entertainment venues and memories. Here are glimpses of the nursery industry, Erie Canal trolley days, downtown nightspots, theater performers, and recollections of unusual events from fires and floods to the huge Elks Street Fair of 1899.

*Webster* John J. Mrazik, Carla Manzi, James J. Manzi, 2005 Webster located in south central Massachusetts is home to the glacially created Webster Lake. The lake famously known as Lake Chargoggagoggmanchauggagoggchaubunagungamaugg was responsible for sustaining a significant Native American population. Its waterpower potential attracted Samuel Slater, the father of American manufacturers, to locate his textile mills here and in 1832 at Slater's behest the towns of Oxford and Dudley reluctantly granted the land for Webster's formation. Many immigrants were attracted to the town because of mill employment and the pleasant living conditions near the lake. Through vintage photographs Webster highlights this town's mill life and the lake's impact on its development.

*The English and Their Legacy, 900-1200* David Roffe, 2012 The dynamics of medieval societies in England and beyond form the focus of these essays on the Anglo-Norman world. Over the last fifty years Ann Williams has transformed our understanding of Anglo-Saxon and Norman society in her studies of personalities and elites. In this collection leading scholars in the field revisit themes that have been central to her work and open up new insights into the workings of the multi-cultural communities of the realm of England in the early Middle Ages. There are detailed discussions of local and regional elites and the interplay between them that fashioned the distinctive institutions of local government in the pre-Conquest period, radical new readings of key events such as the crisis of 1051 and a reassessment of the Bayeux Tapestry as the beginnings of the *Historia Anglorum*, studies of the impact of the Norman Conquest and the survival of the English, and explorations of the social, political, and administrative cultures in post-Conquest England and Normandy. The individual essays are united overall by the articulation of the local, regional, and national identities that shaped the societies of the period. Contributors: S. D.

Church William Aird Lucy Marten Hirokazu Tsurushima Valentine Fallan Judith Everard Vanessa King Pamela Taylor Charles Insley Simon Keynes Sally Harvey K S B Keats Rohan David Bates Emma Mason David Roffe Mark Hagger     *Leadership Legacy Moments* Grady E. Bogue, 2010-04-16 Written for college leaders at all levels as well as for trustees this book engages the reader via narrative and analysis with the reflective and the practical knowledge essential to a constructive legacy Leaders of colleges and universities hold in trust an enterprise of complex mission governance and outcome Most will take office with accompanying media celebration of their past records and future promise Each will exit with a legacy A few will leave behind tragic legacies of defeated spirits corrupted organizations and shameful ethical records In *Leadership Legacy Moments* the author reflects upon the ideas skills and values that are essential to effective leadership so that a leader leaves behind a student body with great promise a set of accomplishments achieved in concert with faculty and staff and an institutional culture that inspires curiosity courage and compassion Professor Bogue illustrates how ideas and values are linked in the stewardship of one of our nation's premier organizational enterprises The book is about constructing a leadership legacy that is both effective and ethical     Communities and Health Care Sarah F. Liebschutz, 2011 Analyzes the Rochester New York Hospital Experimental Payment program HEP of the 1980s and its aftermath emphasizing the importance of local and state communities to health care decision making and legislation     **Forgotten Legacy** Benjamin R. Justesen, 2020-12-16 In *Forgotten Legacy* Benjamin R Justesen reveals a previously unexamined facet of William McKinley's presidency an ongoing dedication to the advancement of African Americans including their appointment to significant roles in the federal government and the safeguarding of their rights as U S citizens During the first two years of his administration McKinley named nearly as many African Americans to federal office as all his predecessors combined He also acted on many fronts to stiffen federal penalties for participation in lynch mobs and to support measures promoting racial tolerance Indeed Justesen's work suggests that McKinley might well be considered the first civil rights president especially when compared to his next five successors in office Nonetheless historians have long minimized trivialized or overlooked McKinley's cooperative relationships with prominent African American leaders including George Henry White the nation's only black congressman between 1897 and 1901 Justesen contends that this conventional one-sided portrait of McKinley is at best incomplete and misleading and often severely distorts the historical record A Civil War veteran and the child of abolitionist parents the twenty-fifth president committed himself to advocating for equity for America's black citizens Justesen uses White's parallel efforts in and outside of Congress as the primary lens through which to view the McKinley administration's accomplishments in racial advancement He focuses on McKinley's regular meetings with a small and mostly unheralded group of African American advisers and his enduring relationship with leaders of the new National Afro American Council His nomination of black U S postmasters consuls midlevel agency appointees military officers and some high level officials including U S ministers to Haiti and Liberia serves as perhaps the most visible example of the president's work in this area Only months

before his assassination in 1901 McKinley toured the South visiting African American colleges to praise black achievements and encourage a spirit of optimism among his audiences Although McKinley succumbed to political pressure and failed to promote equality and civil rights as much as he had initially hoped Justesen shows that his efforts proved far more significant than previously thought and were halted only by his untimely death The African American Church Community in Rochester, New York, 1900-1940 Ingrid Overacker, 1998 This work examines the connections between the faith foundations of members of the African American church community in Rochester New York and the work the community engaged in to nurture and protect its members during the first four decades of the twentieth century The book concentrates on four local churches Memorial AME Zion Mt Olivet Baptist Trinity Presbyterian and St Simon s Episcopal and explains how each addressed the human service educational economic and political needs of African Americans in Rochester the book highlights the role of women in the church community and relies heavily on interviews with members of the respective churches This analysis of Rochester s church community challenges the perception of the African American church as accommodationist and other worldly during this critical time in the formation of the African American community both locally and nationally

**Sharing the Legacy and Narrative Leadership Experiences of Black Women in Education** Storman, Ashley N., Reddick, Destiny, 2024-08-28 The intersection of black feminism and gendered racism has formed a complex narrative that impacts black women s leadership specifically in predominantly white workspaces As society wrestles with persistent gender and racial disparities the stories of black women stand out as both bold and brilliant but stifle their professional opportunities and experiences in academia and education Despite standing as the most educated demographic nationally and displaying unmatched levels of labor market participation black women are alarmingly scarce in leadership roles across sectors also facing significant challenges as educational leaders Their ascent to higher positions is often impacted by barriers stemming from damaging stereotypes such as the angry black woman or the dangerous transition from being perceived as a work pet to a work threat Against this backdrop **Sharing the Legacy and Narrative Leadership Experiences of Black Women in Education** explores black women s challenges unraveling the narratives that need attention understanding and urgent action **Sharing the Legacy and Narrative Leadership Experiences of Black Women in Education** invites readers to step into the shoes of black women as leaders in academia and education providing an authentic and raw glimpse into their experiences The book challenges societal workplace expectations and attempts to reshape conversations around how intersectionality cross connects with diversity equity and inclusion By intertwining powerful storytelling with compelling research it seeks to dismantle the barriers that have hindered the progress of black women with a focus on offering relevant theoretical frameworks and the latest academic research The book empowers leaders educators and organizations to become allies in the fight for a more equitable workplace for black women in leadership It envisions a future where black women can feel empowered to be authentic while thriving and leading with unapologetic determination **Government Leaders, Military**

**Rulers and Political Activists** David W. Del Testa, 2014-01-27 In each volume an introductory essay outlines the history of the disciplines under discussion and describes how changes and innovations in these disciplines have affected our lives. The biographies that follow are organized in an A-Z format; each biography is divided into a life section describing the individual's life and influences and a legacy section summarizing the impact of that individual's work throughout history. These biographies cover a diverse group of men and women from around the globe and throughout history. Franklin D. Roosevelt, Mao Tse-tung, and Genghis Khan are among the 200 well-known historical figures included in this volume. Examples of other lesser-known yet important individuals covered in this work are Gustavus Adolphus, Swedish empire creator; Hatshepsut, queen of ancient Egyptian dynasty; and Jean Jaurès, French socialist leader and pacifist. Each synopsis provides information on each individual's enduring impact on the common understanding of fundamental themes of human existence.

**Women's Activism and Social Change** Nancy A. Hewitt, 2018-08-06 In *Women's Activism and Social Change* Nancy A. Hewitt challenges the popular belief that the lives of antebellum women focused on their role in the private sphere of the family. Examining intense and well-documented reform movements in nineteenth-century Rochester, New York, Hewitt distinguishes three networks of women's activism: women from the wealthiest Rochester families who sought to ameliorate the lives of the poor; those from upwardly mobile families who, influenced by evangelical revivalism, campaigned to eradicate such social ills as slavery, vice, and intemperance; and those who combined limited economic resources with an agrarian Quaker tradition of communalism and religious democracy to advocate full racial and sexual equality.

**Leadership and the City** Markku Sotarauta, 2015-11-06 The 21st century has been dominated by an almost compulsive race to find new pathways for city development. As cities seek to regenerate via the knowledge-based economy, now more than ever, dynamic leadership is required in order to navigate new and complex challenges while building community. This book is about generative leadership in knowledge city development. *Leadership and the City* is rooted in a conviction that the leadership in a city is crucial in order for it to adjust strategically to major transformations and thus secure a good future for its inhabitants. The book opens a fresh view of leadership by focusing on generative leaders and their modes of leading instead of spatial categorisations, governance structures, and/or policy contents and processes. It investigates generative leadership by elaborating the modes of leadership, power, and strategies in influence networks. The key points are highlighted with several empirical cases. These include Akron and Rochester, USA; Munich, Germany; Leeds, UK; Barcelona, Spain; as well as Helsinki, Tampere, and Seinäjoki, Finland. This book will be of interest to researchers and practitioners concerned with Leadership, Urban Studies, and Strategic Management.

**The Outlaw Biker Legacy of Violence** Thomas Barker, 2018-04-24 Outlaw bikers represent a very small percentage of motorcycle riders who join motorcycle clubs, but they receive disproportionate attention due to their mystique, unconventional behavior, and violence. Although the outlaw biker phenomenon started in the United States, it has since spread throughout the world. The involvement of Outlaw Motorcycle Gangs (OMGs) in organized crime at the local, regional, national,

and transnational levels fosters violence that puts innocent persons at risk for death or injury and leads to the demonization of bikers and the overcriminalization of motorcycle enthusiasts and club members The Outlaw Biker Legacy of Violence written by internationally known expert Thomas Barker addresses the legacy of violence in the outlaw biker culture and tackles the implications of the violence that progressed as outlaw biker clubs evolved into adult criminal gangs engaged in crimes for profit over long periods of time and across borders Beginning with a history of outlaw bikers and the construction of the folk devil of the biker the book outlines the distinctions between conventional motorcycle clubs Outlaw Motorcycle Clubs and Outlaw Motorcycle Gangs and then traces the expansion of these groups across the globe This book will be relevant to those interested in the examination or investigation of biker gangs in particular or organized criminal groups in general It is essential reading for criminal justice students and others studying social groups gangs and organizations or the sociology of deviance and is also relevant for law enforcement professionals dealing with these organizations [A Man of Honor: The Life and Legacy of Ernst Weber](#) Pasquale De Marco,2025-05-04 A Man of Honor The Life and Legacy of Ernst Weber tells the inspiring story of Ernst Weber a man who rose from humble beginnings to become one of the most successful and respected businessmen in the United States Ernst Weber was born in a small town in Switzerland in 1868 His parents were farmers and they instilled in him the values of hard work honesty and self reliance Ernst was a bright and ambitious young man and he dreamed of one day making his mark on the world After completing his schooling Ernst Weber immigrated to the United States in 1885 He settled in Rochester New York and found work in a local factory Ernst was a quick learner and he soon rose through the ranks eventually becoming the factory manager In 1901 Ernst Weber founded his own company Weber Industries The company initially produced a variety of products including furniture toys and hardware However Ernst Weber soon realized that the future of his company lay in the production of electrical appliances Under Ernst Weber s leadership Weber Industries became a major player in the electrical appliance industry The company s products were known for their quality and innovation and they were soon being sold all over the world Ernst Weber was a visionary leader and he was always looking for new ways to improve his products and expand his business Ernst Weber was not only a successful businessman but he was also a generous philanthropist He donated millions of dollars to charities and educational institutions He was also a strong supporter of the arts and he helped to establish several museums and theaters Ernst Weber was a man of great integrity and character He was always honest and fair in his dealings with others and he was always willing to help those in need He was a devoted husband and father and he was a role model for his employees and the community A Man of Honor The Life and Legacy of Ernst Weber is a fascinating and inspiring account of a life well lived Ernst Weber s story is a reminder that anything is possible if you have the determination and the will to succeed If you like this book write a review on google books **Erie Canal Legacy** Richard O. Reisem,2000 Americans have never ceased to marvel over the Erie Canal built between 1817 and 1825 because it still stands today as the boldest most heroic

technologically challenging achievement ever undertaken by this country Beyond the physical wonder of the Erie Canal is the fact that it opened the settlement and industrialization of the country all the way beyond the Mississippi Its construction deprived Canada and the British from forming the center of development on the northern shores of the Great Lakes after the bitter War of 1812 and equally important it stopped the South from pushing its influence north through the Mississippi and Ohio rivers at a time when New Orleans was a more important port city than New York City Many historians agree that without the settlement of the Midwest from the east that was made possible by the Erie Canal the Civil War and the slavery issue might have ended quite differently The tranquil waters of the Erie Canal today belie its paramount role in the development of the United States but the architectural and engineering legacy along its 363 mile route reflect the enormous impact it had on our country s growth The canal made New York the Empire State Great resources in this wilderness state blossomed to supply the world with incredible developed riches The American industrial revolution started here So today the nation s legacy is not only the canal but the great cities charming villages and their distinguished architecture that now enhance the 363 mile long landscape This legacy is the focus of this book with impressive photographs and anecdotal text to bring it all alive again

*Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954*, 2003 **Let Them Call Me Rebel** Sandord D. Horwitt, 1992-03-31 In the course of his flamboyant career as an all purpose activist Saul Alinsky went from organizing working class ethnics in one of Chicago s most blighted neighborhoods to mapping out strategies for the civil rights and antiwar movements of the 1960s He enlisted allies from Catholic clergymen to labor unionists and black activists in battles waged against opponents from slumlords to the Eastman Kodak corporation The range of Alinsky s activities the intensity of his beliefs and his exhilarating mixture of crudeness and calculation almost vibrate off the pages of this passionate and inspiring biography This is an important account of a complex and idiosyncratic urban populist who insisted that power was the keystone of social change Horwitt produce s a comprehensive appraisal of Alinsky s colorful confrontational tactics as a community organizer and his influence on a succeeding generation of social activists An insightful and well written study Library Journal

**They Put Rochester On The Map** Donovan A. Shilling, 2012

*Intersectional Identities and Educational Leadership of Black Women in the USA* Sonya Douglass Horsford, Linda C. Tillman, 2016-04-08 This volume examines the educational leadership of Black women in the U S as informed by their raced and gendered positionalities experiences perspectives and most importantly the intersection of these doubly marginalized identities in school and community contexts While there are bodies of research literature on women in educational leadership as well as the leadership development philosophies and approaches of Black or African American educational leaders this issue interrogates the ways in which the Black woman s socially constructed intersectional identity informs her leadership values approach and impact As an act of self invention the volume simultaneously showcases the research and voices of Black women scholars perspectives traditionally silenced in the leadership discourse generally and

educational leadership discourse specifically Whether the empirical or conceptual focus is a Black female school principal African American female superintendent Black feminist of the early twentieth century or Black woman education researcher the framing and analysis of each article interrogates how the unique location of the Black woman at the intersection of race and gender shapes and influences their lived personal and or professional experiences as educational leaders This collection will be of interest to education leadership researchers faculty and students practicing school and district administrators and readers interested in education leadership studies leadership theory Black feminist thought intersectionality and African American leadership This book was originally published as a special issue of the International Journal of Qualitative Studies in Education

**Making the Case for Leadership** Jon Derek Croteau, Zachary A. Smith, 2011-11-30 The advancement industry has experienced tremendous growth in breadth and depth over the last few decades Driving this growth is the chief advancement officer however as a relatively new position on most college and university campuses little is formally known about the role and the people who fill it In *Making the Case for Leadership* Jon Derek Croteau and Zachary A Smith provide insightful and intimate details of ten of the most high performing and successful CAOs in the industry their career paths leadership philosophies and other important leadership variables Additionally the book presents the authors Advancement Leadership Competency Model based on the results of the interviews and rigorous data analysis Croteau and Smith delve further into the advancement office and its history impact and potential than any book or research ever has They conclude this momentous undertaking with the lessons learned and implications for the future related to the next generation of advancement leaders and future leadership development and training programs
