American Humorists Thorp, American Humorists American Writers 42 was first published in 1964 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Frank Sullivan at His Best Frank Sullivan,2012-11-12 In the 1930s and 40s humorist Frank Sullivan took dead aim at the American scene in hilarious pieces written for The New Yorker the Saturday Evening Post Town and Country and other publications Dispensing humorous commentary and criticisms that could be gentle or cutting sad or sympathetic he entertained without ever being mean spirited or condescending This delightful volume includes 42 of his best pieces Selected from three earlier collections A Pearl in Every Oyster The Night the Old Nostalgia Burned Down and A Rock in Every Snowball they include an amusingly nostalgic account of The Passing of the Old Front Porch a humorous recollection of campus life in An Old Grad Remembers and a gentle put down of the Lone Star State in An Innocent in Texas Readers will also enjoy such droll fare as A Bachelor Looks at Breakfast How to Change a Typewriter Ribbon and a selection of amusing commentaries by Mr Arbuthnot the cliché expert on war baseball tabloids and other topics Wonderfully good natured in the spirit of Robert Benchley this vintage humor will tickle modern funny bones and keep readers chuckling at Sullivan's tongue in cheek comments on wealth of subjects from the not so distant past **All My Days Are Saturdays** Sam Pickering,2014-07-05 A New York Times article once stated that the art of the essay as delivered by Sam Pickering is the art of the front porch ramble As Pickering himself puts it Well I have gotten considerably older and humor has come to mean more and more to me And if I'm on the front porch I am in a rocking chair All My Days Are Saturdays offers fifteen new pieces in which he ponders a world that has changed and in new ways still delights him This collection features Pickering writing about teaching and his recent retirement visits to various locales and as he tell us the many people I meet who tell me their stories small tales that make one laugh and sigh Distinctive and unmistakable Pickering's style deftly mixes the colloquial language of everyday life with references to a lifetime of extensive reading The seamless blend of these two worlds in his writing is indicative of how they fuse together in his daily life As Pickering puts it All my life I have roamed

libraries almost as much as I have roamed the natural world I try to get at many truths but when I tell the truth I tell it slant I do so to describe life as it is and indeed celebrate that as it is Pickering is a master of his craft one of the finest of personal essayists around and these essays bear many of the characteristics of his other volumes reflections on his everyday activities and on individuals around him humorous exchanges with his wife and so forth But this volume seems to have something else as well We find here a thoughtful meditation on time and self and relative old age demonstrating a close attention to the natural world a tone not unlike Thoreau s at times Fred C Hobson Professor of English University of North Carolina Chapel Hill and author or editor of fourteen books most recently A Southern Enigma Essays on the U S South **Army**

Information Digest ,1946 **Encyclopedia of American Humorists** Steven H. Gale,2016-04-14 First published in 1988 this book contains entries on famous American Humorists Humor has been present in American literature from the beginning and has developed characteristics that reflect the American character both regional and national Although American literature was in the past treated as inferior to British literature there has always been a large popular audience for the genre which this book shows The figures with entries in this encyclopedia not only amuse in their writing but also aim to enlighten setting out to expose the foibles and foolishness of society and the individuals who compose it It is the manner in which these authors try to accomplish this end that determines whether they appear in the volume Indeed the book will demonstrate that the best humor has at its base a ready understanding of human nature **Beyond the Veil of Destiny**

Bel,2024-03-27 The Prickle Sisters are back Fans of all ages can for the first time in English read the adventure of the Haunted Mill as well as a brand new story that takes place at FACTS the Belgian Comic Con Little girls grow up This doesn t just apply to the young and perhaps already slightly older fans but also to the little Prickles themselves Or is it best to say the Prickle sisters from now on for our own safety After their adventure in the Haunted Mill included in full in this book the infamous family moves to the city and the sisters attend secondary school Cool because then they can torment not just one but several teachers there Besides there s a lot of fun stuff happening in the city Like FACTS for instance the Belgian Comic Con where this time none other than teen idol and super popular comic and film hero Spicky Spike is coming to sign autographs Unfortunately tickets for this delightful event sold out in an instant But then help suddenly arrives from an

unexpected quarter The PRICKLES are back and with a vengeance **Snowball Earth** Gabrielle Walker,2009-08-24 The riveting story of Earth's first ice age and the scientist who discovered it An engrossing book on the emergence of a stunning new account of events on our primordial planet fascinating Sunday Telegraph This is a story worth telling Walker is an ideal person to tell it Racy and pacy with a focus on the people involved A very entertaining read Independent Did the Earth once undergo a super ice age one that froze the entire planet A global adventure story and a fascinating account of scientist Paul Hoffman's quest to prove his maverick Snowball Earth theory this is science writing at its most gripping In SNOWBALL EARTH Gabrielle Walker takes us on a thrilling natural history expedition in search of supporting evidence for the audacious theory which argues that the Earth experienced a climatic cataclysm 600 million years ago that froze the entire planet from the poles to the equator Because the global snowball happened so long ago the ice has now long gone but it left its traces in rocks around the world and in order to see the evidence Walker visited such places as Australia Namibia South Africa and Death Valley USA Part adventure story and part travel book it's a tale of the ultimate human endeavour to understand our origins My Quiet Blacksmith Life in Another World: Volume 10 Tamamaru,2025-03-24 Winter will soon descend upon the Black Forest and Forge Eizo must prepare Storing food and supplies adding stoves to the cabin sewing winter outerwear their to do list just keeps growing Then one day a fire spirit appears at the cabin claiming to have been born from Eizo's magical energy work in the forge The family is excited to have this warm new addition to their household but how does Lluisa feel about spirits encroaching on her forest Meanwhile Eizo receives a mysterious knife in the mail Though the quality is poor the form looks eerily similar to a Forge Eizo blade the fake even has the fat cat insignia engraved on the pommel Who would do such a thing Can Eizo's ironclad reputation withstand such slander or will this riveting counterfeit ruin his business

Snowball's Chance John Reed,2012-07-31 This unauthorized companion to George Orwell's *Animal Farm* is a controversial parable about September 11th by one of fiction's most inventive and provocative writers Written in 14 days shortly after the September 11th attacks *Snowball's Chance* is an outrageous and unauthorized companion to George Orwell's *Animal Farm* in which exiled pig Snowball returns to the farm takes charge and implements a new world order of untrammelled capitalism Orwell's All animals are equal but some animals are more equal than others has morphed into the new rallying cry All animals are born equal what they become is their own affair A brilliant political satire and literary parody John Reed's *Snowball's Chance* caused an uproar on publication in 2002 denounced by Christopher Hitchens and barely dodging a lawsuit from the Orwell estate Now a decade later with America in wars on many fronts readers can judge anew the visionary truth of Reed's satirical masterpiece The Forbidden Temptation of Baseball Dori Jones Yang,2025-07-30 A Chinese boy struggles to adapt to American life and discovers baseball Despite his impulsive and curious nature twelve year old Leon is determined to follow the Emperor's rules to live with an American family study hard and return home to modernize China But he also must keep the braid that shows his loyalty and resist such forbidden American temptations as

baseball As Leon overcomes teasing and makes friends his elder brother becomes increasingly alienated Eventually Leon faces a tough decision torn between his loyalty to his birth country and his growing love for his new home The Forbidden Temptation of Baseball is a lively poignant and nuanced novel based on a little known episode from history when 120 boys were sent to New England by the Emperor of China in the 1870s This story dramatizes both the rigid expectations and the wrenching alienation felt by many foreign children in America today and richly captures that tension between love and hate that is culture shock It gives American readers a glimpse into what it feels like to be a foreigner in the United States and will spark thoughtful discussions *Killing Dragons* Fergus Fleming,2002-02-04 In a riveting narrative of daredevils and

eccentrics Fergus Fleming gives us the breathtaking story of some of history's greatest explorers as they conquer the soaring peaks of the Alps Fleming recounts the incredible exploits of the men whose centuries old fear of the mountain range turned quickly to curiosity then to obsession as they explored Europe's frozen wilderness In the late eighteenth century French and Swiss scientists became interested in the Alps as a research destination but in the 1850s the focus changed the icy mountains now offered an all out competition for British climbers who wanted to conquer ever higher and more impossible heights and explorers fought each other on the peaks and in the press entertaining a vast public smitten with their bravery delighted by their personal animosities and horrified by the disasters that befell them excellent popular history with its proper share of mad dogs and Englishmen Fleming's rendition is dramatic and masterful Anthony Brandt National Geographic Adventure
