Harrington,2008 In this follow up to his popular book *What Are We Hoping For* New Testament Images Daniel J Harrington extends his reflections on hope in the Scriptures He draws us into the striking images of the psalms the mountain the sun refuge the kingdom sheltering wings the olive tree and the shepherd to lead us to the discovery that hope is the predominant image of the book of Psalms Even in their darkest laments the psalmists remind us that God hears us and will never abandon us In these brief essays Harrington opens up the language of forty psalms explores their literary and

historical context and then ties the psalm to our reading as Christians whose ultimate hope is in Jesus Christ As we read and reflect on the psalms with Harrington s guidance we call to mind the ways we experience God and our hopes both daily and for all time Drawn into the world of the psalmist and discovering how our experiences often mirror theirs we too will express our hope in God s love and mercy and in the coming of God s kingdom      **A Rock between Two Rivers** Hugh Asa Fitzsimons III,2018-10-16 A Rock between Two Rivers is the story of a man coming to terms with the environmental legacy of his family s ranch in Dimmitt County Texas and reckoning with the birthright he ll leave for the generations who follow What began for Hugh Fitzsimons as a mission to expose local ecological hazards from hydraulic fracking has turned into a lifelong ache to understand the more complicated story of how his family changed the land inherited from his grandfather and deeper still how the land irrevocably changed the family Water is the lens through which this fifth generation rancher tells his story While the discovery of oil in this part of Texas fueled the region s growth water has the upper hand determining where people live and how they make their living Agriculture ranching drilling for oil and now fracking all require water with each pursuit requiring more and more but giving back less and less to the communities they ve helped enrich In A Rock between Two Rivers Fitzsimons struggles with the inheritance he wants for his own children one that considers the future consequences of our actions toward the land we are born to and owns the broader threats to our natural resources that loom in the near distance Interweaving a family narrative of a life built on the U S Mexico border and the history of European colonization with its brutal consequences on the land and indigenous peoples Fitzsimons explores how our attitudes toward this precious resource have changed alongside our relationship to the places we call home      **British Islands Pilot** United States.
