**Catalogue of the Public Documents of the ... Congress and of All Departments of the Government of the
United States for the Period from ... to ...** ,1919 **Savings Bank Journal** ,1924 **The Washingtons. Volume 5,
Part 1** Justin Glenn,2014-09-05 This is the fifth volume of Dr Justin Glenn s comprehensive history that traces the
Presidential line of the Washingtons Volume One began with the immigrant John Washington who settled in Westmoreland
Co Va in 1657 married Anne Pope and became the great grandfather of President George Washington It continued the record
of their descendants for a total of seven generations Volume Two highlighted notable family members in the next eight
generations of John and Anne Washington s descendants including such luminaries as General George S Patton the author
Shelby Foote and the actor Lee Marvin Volume Three traced the ancestry of the early Virginia members of this Presidential
Branch back in time to the aristocracy and nobility of England and continental Europe Volume Four resumed the family
history where Volume One ended and it contained Generation Eight of the immigrant John Washington s descendants Volume
Five now presents Generation Nine including more than 10 000 descendants Future volumes will trace generations ten
through fifteen making a total of over 63 000 descendants Although structured in a genealogical format for the sake of clarity
this is no bare bones genealogy but a true family history with over 1 200 detailed biographical narratives These in turn strive
to convey the greatness of the family that produced not only The Father of His Country but many others great and humble
who struggled to build that country ADVANCE PRAISE I am convinced that your work will be of wide interest to historians
and academics as well as members of the Washington family itself Although the surname Washington is perhaps the best
known in American history and much has been written about the Washington family for well over a century it is surprising
that no comprehensive family history has been published Justin M Glenn s The Washingtons A Family History finally fills this
void for the branch to which General and President George Washington belonged identifying some 63 000 descendants This
is truly a family history not a mere tabulation of names and dates providing biographical accounts of many of the descendants

of John Washington who settled in Westmoreland County Virginia in 1657 Each individual section is followed by extensive listings of published and manuscript sources supporting the information presented and errors of identification in previous publications are commented upon as appropriate John Frederick Dorman editor of The Virginia Genealogist 1957 2006 and author of Adventurers of Purse and Person Decades of reviewing Civil War books have left me surprised and delighted when someone applies exhaustive diligence to a topic not readily accessible Dr Glenn surely meets that standard with the meticulous research that unveils the Washington family in gratifying detail many of them Confederates of interest and importance Robert K Krick author of The Smoothbore Volley that Doomed the Confederacy and Stonewall Jackson at Cedar Mountain
