## **Rodin In Perspective The Artists In Perspective Series:**

Rodin in Perspective Ruth Butler, 1980 A collection of reviews by the major critics of Rodin's time writings by leading artists who were his contemporaries and essays by twentieth century historians *Perspectives on American Sculpture Before 1925* Thayer Tolles, 2003 The Metropolitan Museum of Art has long been renowned for its collection of American sculpture in particular its world famous American Neoclassical marbles This volume contains eight papers presented at a symposium held at the Museum on October 26 2001 upon the publication of *American Sculpture in The Metropolitan Museum of Art* The contributors who include art historians museum professionals and independent scholars offer a fascinating cross section of current thematic interests and scholarly approaches to American sculpture Each contributor takes as their starting point a sculpture or group of sculptures in the Metropolitan's collection presenting a wide variety of approaches to the study and understanding of these works

**Transnational Perspectives on Artists' Lives** Marleen Rensen, Christopher Wiley, 2020-10-06 This book demonstrates the significance of transnationality for studying and writing the lives of artists While painters musicians and writers have long been cast as symbols of their associated nations recent research is increasingly drawing attention to those aspects of their lives and works that resist or challenge the national framework The volume showcases different ways of treating transnationality in life writing by and about artists investigating how the transnational can offer intriguing new insights on artists who straddle different nations and cultures It further explores ways of adopting transnational perspectives in artists' biographies in order to deal with experiences of cultural otherness or international influences and analyses cross cultural representations of artists in biography and biofiction Gathering together insights from biographers and scholars with expertise in literature music and the visual arts *Transnational Perspectives on Artists' Lives* opens up rich avenues for researching transnationality in the cultural domain at large

**Catalog of the Avery Memorial Architectural Library of Columbia University. 2d Ed., Enl** Avery Library, 1968 **Museums of the Mind: German Modernity and the Dynamics of Collecting , Stieglitz and His Artists** Metropolitan Museum of Art (New York, N.Y.), Magdalena Dabrowski, 2011 A master photographer Alfred Stieglitz was also a visionary promoter and avid collector of modern American and European art from the first half of the 20th century This book is the first fully illustrated catalogue of works in the unparalleled Alfred Stieglitz Collection which was given to the Metropolitan Museum after Stieglitz's death **New Perspectives on Brücke Expressionism** Christian Weikop, 2017-07-05 *New Perspectives on Brücke Expressionism Bridging History* brings together highly renowned international art historians in a scholarly work that offers the first full length reassessment in English of the importance of the Brücke group to German modernism specifically and to international modernism more generally It challenges interrogates and updates existing orthodoxies in the field of Brücke studies by deploying new research combined with innovative interpretative approaches This is an exciting volume of essays with an interlinking tripartite structure that charts the

significance of this pioneering German avant garde group in relation to various critical themes namely cultural and material identity collectivity and selfhood as well as defamation and rehabilitation The book is unique in the field in that it seeks to excavate specific historical research relating to the activities of the Br cke as a bohemian yet nonetheless enterprising artists community and considers the contributions of the key members in relation to the dynamics of that group rather than simply on an individual basis It thoroughly explores the historiography of the Br cke artists reception throughout the turbulent history of the twentieth century up until the present day **The Creative Mystique** Susan Kavalier-Adler,2013-11-12

Through the life stories of women such as Camille Claudel Virginia Woolf Katherine Mansfield Anne Sexton Suzanne Farrell and others and through clinical case studies Susan Kavalier Adler offers penetrating insights into the nature of the creative process Kavalier Adler contrasts unsuccessful psychological treatments with object relations therapy that is able to resolve the pathological narcissism of creative addiction and allow the emergence of healthy modes of self expression **The**

Memory & Oblivion A.W. Reinink,Jeroen Stumpel,2012-12-06 Memory is a subject that recently has attracted many scholars and readers not only in the general historical sciences but also in the special field of art history However in this book in which more than 130 papers given at the XXIXth International Congress of the History of Art Amsterdam 1996 have been compiled Memory is also juxtaposed to its counterpart Oblivion thus generating extra excitement in the exchange of ideas The papers are presented in eleven sections each of which is devoted to a different aspect of memory and oblivion ranging from purely material aspects of preservation to social phenomena with regard to art collecting from the memory of the art historian to workshop practices from art in antiquity to the newest media from Buddhist iconography to the Berlin Wall The book addresses readers in the field of history history of art and psychology *The Unofficial Guide to Washington,*

D.C. Eve Zibart, Renee Sklarew, Len Testa, 2016-02-23 A guide to hotels and attractions in Washington D C      **The Central Liberal Truth** Lawrence E. Harrison, 2008-07-08 Which cultural values beliefs and attitudes best promote democracy social justice and prosperity How can we use the forces that shape cultural change such as religion education and political leadership to promote these values in the Third World and for underachieving minorities in the First World In this book Lawrence E Harrison offers intriguing answers to these questions in a valuable follow up to his acclaimed Culture Matters Drawing on a three year research project that explored the cultural values of dozens of nations from Botswana Sweden and India to China Egypt and Chile Harrison offers a provocative look at values around the globe revealing how each nation s culture has propelled or retarded their political and economic progress The book presents 25 factors that operate very differently in cultures prone to progress and those that resist it including one s influence over destiny the importance attached to education the extent to which people identify with and trust others and the role of women in society Harrison pulls no punches and many of his findings are controversial Contradicting the arguments of multiculturalists this book contends that when it comes to promoting human progress some cultures are clearly more effective than others It convincingly shows which values beliefs and attitudes work and how we can foster them Harrison takes up the question that is at the center of politics today Can we self consciously change cultures so they encourage development and modernization David Brooks New York Times I can think of no better entrance to the topic both for what it teaches and the way it invites and prepares the reader to continue A gateway study David S Landes author of The Wealth and Poverty of Nations
