Roger Bannister And The Four Minute Mile:

Roger Bannister and the Four-minute Mile John Bale, 2004 A refreshingly critical account of the life of sporting legend Roger Bannister presenting a revisionist history of his life and his famous achievement and assessing his status as a hero and champion

The Four Minute Mile Roger Bannister, 1955 Explains why a man trains for years to run his best for a few minutes and answers criticisms leveled against him

Roger Bannister and the Four-minute Mile John Bale, 2004 A refreshingly critical account of the life of sporting legend Roger Bannister presenting a revisionist history of his life and his famous achievement and assessing his status as a hero and champion

Four-Minute Mile Roger Bannister, 2004-05-01 Bannister writes in much the same fashion as he runs with rippling smoothness eye catching grace and spectacular effectiveness The New York Times It is strange that the intrinsically simple and unimportant act of placing one foot after another for 1 760 yards as fast as possible should become such an important sporting achievement I think the appeal lies in its simplicity it needs no money no equipment no particular physique no knowledge no education and in a world of increasingly complex technology it stands out as a naive statement about the nature of man A man can with his own two feet overcome severe difficulties to reach a pinnacle upon which he can declare No one has done this before Roger Bannister from the Introduction All sports have pivotal moments single events that change perceptions forever after For the sport of running such a moment occurred on a blustery May afternoon in 1954 when Roger Bannister broke the four minute mile This is the story of that epic run Today fifty years later lovers of the sport runners and non runners alike will be moved by this modest but impassioned story of one of sport s true heroes

The Four-Minute Mile John Bale, David Howe, 2020-11-25 Breaking records and challenging the limits of human ability are central to much of our understanding of athletic track and field sports with a world record title arguably as valued as an Olympic gold medal Some particular limits and records take on greater significance however as in the case of the Four Minute Mile which was roundly believed to be impossible until Roger Bannister shattered the illusion with half a second to spare in May 1954 These essays look at the background of Bannister s achievement and the meaning that was ascribed to it by the media and the public at large drawing on an array of interdisciplinary and international influences to unpick the legend surrounding an historic moment in our social and sporting past

3:59.4 Bob Phillips, 2015-04 The time is three Lost in the roar of the crowd were the remaining words minutes fifty nine point four seconds Roger Bannister s time in 1954 did not just break the world record for the mile it broke the long standing four minute barrier that had defeated many top runners including Nurmi Wooderson and Hagg Yet it was a time that should have been run many years before Athletes tried and failed until Bannister s legendary run Since then the barrier has been broken by others including Coe Ovett and Cram But is a 3 40 mile or even a 3 30 mile possible From Walter George to Hicham El Guerrouj this is the authoritative statistical history of miling and more than 500 runners who have tried to break the most famous time in athletics history

The First Four Minutes Roger Bannister, 2004-01-01 On 6 May 1954

Roger Bannister became the first man to run a mile in under four minutes establishing himself as one of the most famous sportsmen in history Bannister has written a substantial new introduction for this 50th anniversary edition of The First Four Minutes reflecting on his experiences in 1954 his life since then and the evolution of mile running over the last five decades The First Four Minutes first published in 1955 covers not only the great race but also those preceding it including the 1952 Helsinki Olympics and the ones that followed where Bannister triumphantly proved that his record time was more than just a one off He retired from competition in 1955 and went on to pursue a distinguished career as a neurologist He was Chairman of the first executive Sports Council from 1971 to 1974 During his years in office the organisation developed the Sport for All programme and the first effective drugs test for anabolic steroids a test still used today He was Master of Pembroke College Oxford for eight years and still lives in the city He is chairman of the St Mary's Hospital Medical School Development Trust
