highlights a recent gift of works on paper to the Art Institute of Chicago from the Gecht family longtime Chicago collectors
The catalog comprises 135 drawings prints and sculptures from the collection all of which embody a broad definition of
Modernism The book spans two centuries and contains artists such as Cezanne and Van Gogh as well as Mark Rothko and
Philip Guston Toulouse Lautrec Matisse and Picasso form the backbone of the collection with nearly 30 works of art apiece
Suzanne Folds McCullagh curator of prints drawings Art Inst of Chicago provides a short introductory essay that tracks the
evolution of the collection Authored by a bevy of contributors the well written entries maintain a consistent tone and quality
and strike a good balance between biographical information and interpretations of the work of art itself While the Gecht
collection is certainly quite a boon for the institute it is not comprehensive enough in itself to make the catalog essential for
all art libraries It does however belong on library shelves with strong modern art and graphics collections Kraig A Binkowski
