Knowles-Gardner, Bruce E. Altschuler, Brandon T. Metroka, 2024-10-15 The First Amendment to the U S Constitution prohibits Congress from abridging freedom of the press But as the printed press has been transformed into mass media with Americans now more likely to get their political information from television or social media than from print confidence in this important mediating institution has fallen dramatically Movies in their role as cultural artifacts have long reflected and influenced those public attitudes inventing such iconic phrases as follow the money from All the President's Men and I'm mad as hell and I'm not going to take this anymore from Network Filming the First Cinematic Portrayals of Freedom of the Press analyzes eighteen films that span from Citizen Kane to Spotlight showing changes in how the press have been portrayed over time which voices receive the most attention and why the relationship between the press's Fourth Estate role and the imperatives of capitalism and how despite the First Amendment's seemingly absolute language the government has sometimes been able to limit what the public can read or view *The Films of Fred Schepisi* Brian McFarlane, 2021-11-15 Fred Schepisi is one of the crucial names associated with the revival of the Australian film industry in the 1970s The Films of Fred Schepisi traces the lead up to his critical successes in feature filmmaking via his earlier award winning success as a producer in advertising commercials in the 1960s and the setting up of his own company Unlike some directors he derived from this experience a sure sense of the commercial aspects of filmmaking as well as its aesthetic considerations The volume also considers stories of his early education in a Catholic seminary which he drew on in his semiautobiographical film The Devil's Playground the success of which launched him as an

exciting new feature director The volume expands on Schepisi's success story to chart his development as a director in demand in other countries notably in the US and the UK as well as continuing to make major films in Australia Brian McFarlane argues that Schepisi's career is symptomatic of Australian directors who have made their presences felt on the international stage Whereas other key directors of the Australian film revival such as Peter Weir and Bruce Beresford have been the subject of book length critical studies Schepisi's career has not to date been so explored McFarlane takes a critical account of Schepisi's film output including such standouts as *The Chant of Jimmie Blacksmith* *Plenty* *Roxanne* *Six Degrees of Separation* *Mr Baseball* and *Last Orders* and he augments analysis with interviews with the director By discussing the production histories and both critical and popular receptions McFarlane's study shines a new light on Schepisi's work and his rise to prominence in the global film industry *Focus On: 100 Most Popular United States National Medal of Arts*

Denzin, 2017-09-04 To what extent have Hollywood

feature films shaped the meanings that Americans attach to alcoholics their families and the alcoholic condition To what extent has the mass culture of the movie industry itself been conceptually shaped by a broad external societal discourse Norman Denzin brings to his life long study of alcoholism a searching interest in how cultural texts signify and lend themselves to interpretation within a social nexus Both historical and diachronic in his approach Denzin identifies five periods in the alcoholism films made between 1932 and the end of the 1980s and offers a detailed critical reading of thirty seven films produced during these six decades **The Adventures of Cinema Dave in the Florida Motion Picture**
