Open Secret Nicholas L. Syrett, 2021-04-05 In 1922 Robert Allerton described by the Chicago Tribune as the richest bachelor in Chicago met a twenty two year old University of Illinois architecture student named John Gregg who was twenty six years his junior Virtually inseparable from then on they began publicly referring to one another as father and son within a couple

years of meeting In 1960 after nearly four decades together and with Robert Allerton nearing ninety they embarked on a daringly nonconformist move Allerton legally adopted the sixty year old Gregg as his son the first such adoption of an adult in Illinois history An Open Secret tells the striking story of these two iconoclasts locating them among their queer contemporaries and exploring why becoming father and son made a surprising kind of sense for a twentieth century couple who had every monetary advantage but one glaring problem they wanted to be together publicly in a society that did not tolerate their love Deftly exploring the nature of their design domestic and philanthropic projects Nicholas L Syrett illuminates how viewing the Allertons as both a same sex couple and an adopted family is crucial to understanding their relationship s profound queerness By digging deep into the lives of two men who operated largely as ciphers in their own time he opens up provocative new lanes to consider the diversity of kinship ties in modern US history [Art Song](#) Carol Kimball,2013-05-01 Book Art Song Linking Poetry and Music is a follow up to author Carol Kimball s bestselling Song A Guide to Art Song Style and Literature Rather than a general survey of art song literature the new book clearly and insightfully defines the fundamental characteristics of art song and the integral relationship between lyric poetry and its musical settings Topics covered include poetry basics for singers exercises for singers in working with poetry insights into composers musical settings of poetry building recital programs performance suggestions and recommended literature for college and university classical voice majors The three appendices address further aspects of poetry guidelines for creating a recital program and representative classical voice recitals of various descriptions Art Song Linking Poetry and Music is extremely useful as an unofficial text for college university vocal literature classes as an excellent resource for singers and voice teachers and of interest to all those who are fascinated by the rich legacy of the art song genre *Greene's Biographical Encyclopedia of Composers* David Mason Greene,1985 **Grainger the Modernist** Suzanne Robinson,Kay Dreyfus,2016-03-09 Unaccountably Percy Grainger has remained on the margins of both American music history and twentieth century modernism This volume reveals the well known composer of popular gems to be a self described hyper modernist who composed works of uncompromising dissonance challenged the conventions of folk song collection and adaptation re visioned the modern orchestra experimented with ego less composition and designed electronic machines intended to supersede human application Grainger was far from being a self sufficient maverick working in isolation Through contact with innovators such as Ferruccio Busoni L on Theremin and Henry Cowell promotion of the music of modern French and Spanish schools appreciation of vernacular jazz and folk musics as well as with the study and transcription of non Western music he contested received ideas and proposed many radical new approaches By reappraising Grainger s social and historical connectedness and exploring the variety of aspects of modernity seen in his activities in the British American and Australian contexts the authors create a profile of a composer propagandist and visionary whose modernist aesthetic paralleled that of the most advanced composers of his day and in some cases anticipated their practical experiments **All**
