**Diamond Sky** Annie Seaton, 2020-04-01 The isolated beauty of the Australian East Kimberley desert can be a haven for those who can stand the heat but its isolated beauty can also be deadly The remote Matsu diamond mine in the Kimberley is the perfect place for engineer Dru Porter to hide The vast and rugged landscape helps her feel invisible and safe Security specialist Connor Kirk is investigating stolen diamonds onsite and he knows from experience that beautiful women are capable of deceit He immediately suspects the reclusive but obviously clever Dru Porter he knows she is hiding something As Dru s past catches up with her their instant mutual dislike threatens to blind them to the true danger lurking in the mine one which could leave them both at the mercy of the desert

*Diamond Stories* Renée Rose Shield, 2018-07-05 Sequestered within the heart of a cosmopolitan city is an exotic world a place where diamonds astronomically priced are bought and sold on the strength of a handshake and business disputes are resolved according to ancient Jewish principles of arbitration Yet it is also a modern industry facing the same fundamental global changes affecting all businesses today In *Diamond Stories* Ren e Rose Shield leads us into the unexamined realm of wholesale diamond traders in New York Related to several well respected traders she had unprecedented access to a society normally closed to outside inquiry Here she deftly blends her personal relationship and her anthropological training to provide an insightful exploration of this tradition bound industry the new challenges it faces and the ways both industry and individuals adapt to and endure change Shield begins with a fascinating history of diamond mining combining the story of the De Beers cartel the role of Jews in the trade and the part diamonds have played both in war and liberation Throughout she incorporates commentary by current diamond traders Succeeding chapters explore the evolving nature of both the global trade and the New York diamond district Shield takes a close look at the increasingly complex ethnic makeup of the district illuminates the rarely documented work done by women chronicles the resilient system of arbitration and reveals the ways in which many traders work well into their eighties and nineties Their long lives of work cushioned by the trade s social environment offer hints for successful aging in general

**The Hoggarty Diamonds, Etc** William Makepeace Thackeray, 1900

*Diamonds, Gold, and War* Martin Meredith, 2009-09-14 SOUTHERN AFRICA was once regarded as a worthless jumble of British colonies Boer republics and African chiefdoms a troublesome region of little interest to the outside world But then prospectors chanced upon the world s richest deposits of diamonds and gold setting off a titanic struggle between the British and the Boers for control of the region It culminated in the costliest bloodiest and most humiliating war that Britain had waged in nearly a century and left the Boer republics devastated In this gripping history of the turbulent years leading up to the founding of the modern state of South Africa in 1910 Martin Meredith portrays the great wealth and raw power the deceit corruption and racism that lay behind Britain s empire building in southern Africa

Diamonds Gold and War is a tale of high adventure high finance and high politics that also shows the massive impact of white expansion on indigenous African societies And it explains the rise of the virulent Afrikaner nationalism that eventually took hold with repercussions lasting nearly a century *Blood Diamonds* Greg Campbell,2012-04-03 First discovered in 1930 the diamonds of Sierra Leone have funded one of the most savage rebel campaigns in modern history These blood diamonds are smuggled out of West Africa and sold to legitimate diamond merchants in London Antwerp and New York often with the complicity of the international diamond industry Eventually these very diamonds find their way into the rings and necklaces of brides and spouses the world over Blood Diamonds is the gripping tale of how the diamond smuggling works how the rebel war has effectively destroyed Sierra Leone and its people and how the policies of the diamond industry institutionalized in the 1880s by the De Beers cartel have allowed it to happen Award winning journalist Greg Campbell traces the deadly trail of these diamonds many of which are brought to the world market by fanatical enemies These repercussions of diamond smuggling are felt far beyond the borders of the poor and war ridden country of Sierra Leone and the consequences of overlooking this African tragedy are both shockingly deadly and unquestionably global Updated with a new epilogue *Diamonds & Demons* David H. Bernstein,2000 Biography of Melbourne businessman Joseph Gutnick Tells of his family background schooling at Yeshivah College in Melbourne rabbinical studies in New York success in the mining industry his philanthropy religious beliefs political involvement and role in the Melbourne Football Club Discusses the influences on his life in particular that of the late Lubavitcher Rebbe who predicted that Gutnick would find gold and diamonds in the Australian desert Includes photographs references glossary and index Author is a freelance writer and journalist who has written for the Australian Jewish News Jerusalem Post Age Australian and Sydney Morning Herald

**Precious Objects** Alicia Oltuski,2011 A tour of the diamond industry explores the historically rich network connecting Communist Siberia Israel and New York's diamond district and profiles some of the industry's more colorful characters including the author's father *The Five of Diamonds* Patricia Loofbourrow,2020-10-01 A storm is coming One year has passed since the unpopular second Diamond Purge began When the trains in Bridges mysteriously stop running tensions among the populace rise to the point that the other three Families decide something must be done Private investigator Jacqueline Spadros gets an unusual request mediate with Cesare Diamond so that Inventors from all Four Families may meet to find a solution to the crisis But Jacqui has more pressing problems Her best friend is dying she has a missing persons case that she can't seem to solve and her teenage sister in law is out of control When her lawyer blackmails her for the enormous amount she owes him Jacqui does something no one would ever have expected *Globalization and Self-Regulation* S. Sethi,2016-02-17 Corporate strategy expert Prakash Sethi takes an in depth look at global structures and how regulation works from a corporate perspective providing case studies of several industries and governments who have begun implementing voluntary codes of conducts including Equator Principles ICMM and The Kimberly Process **Diamonds,**

Solution Instructors manual online to aid instructors in their teaching activities      **Anthropologica** ,2003      **Civil Society and Peacebuilding in Sierra Leone** Vandy Kanyako,2024-04-23 This book investigates the important role of local actors in Sierra Leone in helping to foster peace and provide for the needs of vulnerable populations following the end of the civil war Despite severe economic political and in some cases security challenges local civil society organizations in Sierra Leone have expanded rapidly over the last 20 years incorporating their local knowledge and traditions into their work to cater to the needs of war affected populations However the preference of international development donors for funneling resources and technical assistance through civil society groups at the expense of central government has also created some resentment and backlash This book examines this intersection between civil society donors and government in Sierra Leone considering both the relevance of civil society activities and their limitations and what this means ultimately for human security in the country Highlighting the importance of African civil society actors as proactive agents of change this book will be of interest to researchers and stakeholders across the fields of African peacebuilding development and conflict resolution      Negotiations in the Indigenous World Ciaran O'Faircheallaigh,2015-09-16 Negotiated agreements play a critical role in setting the conditions under which resource development occurs on Indigenous land Our understanding of what determines the outcomes of negotiations between Indigenous peoples and commercial interests is very limited With over two decades experience with Indigenous organisations and communities Ciaran O Faircheallaigh s book offers the first systematic analysis of agreement outcomes and the factors that shape them based on evaluative criteria developed especially for this study on an analysis of 45 negotiations between Aboriginal peoples and mining companies across all of Australia s major resource producing regions and on detailed case studies of four negotiations in Australia and Canada      *Treasure Under the Tundra* L. D. Cross,2011 It is said that the sparkle from Canadian diamonds mimics the awesome and seductive radiance of the northern lights and yet until 1991 no one thought diamonds could even be found in Canada No one except two geologists who went in search of diamonds and found them on the Lac de Gras Barren Grounds at Point Lake near Yellowknife in Canadas Arctic The discovery by Chuck Fipke and his partner Dr Stu Blusson caused great excitement in international diamond circles Today Canada is the worlds third largest producer by value of rough stones Why In contrast to gems mined in Africa Canadas stones are considered pure ice and they are also clean not tainted by bloodshed and war as they are in such parts of the world as Sierra Leone and Angola The discovery of diamonds in Canadas Arctic is an amazing story of perseverance in the face of immense odds And the story has a very happy ending Back cover
