Stumbling Over Truth Kevin Marsh,2012-10-01 The 2004 report of the Hutton Inquiry created today s BBC It cost the corporation its Chairman and Director General and seemed to many to usher in an age of self doubt and caution It was also the end of the most extraordinary experiment in news management Britain has ever seen the decade of Alastair Campbell Tony Blair s spin doctor charged with delivering what Peter Mandelson described as New Labour s mission to create the truth But Lord Hutton condemned the BBC and its journalism without hearing a single word from the man who put the sexed up dossier story on the air Today editor Kevin Marsh Had Hutton done so his conclusions would surely have been very different Now outside the BBC Marsh can tell for the first time the inside story of Andrew Gilligan s notorious 6 07 broadcast on the Today programme He explains how he was certain the story of the sexed up dossier was true but also how Gilligan s flawed reporting fatally damaged the BBC s case And he tells of his growing disillusionment with the British media s aptitude and appetite for holding power to account or even telling the truth **Stumbling Over Truth** is an important book for anyone who wants to understand the toe to toe confrontations between Tony Blair s government and the BBC and the fight to resist unrelenting government attempts to manipulate the media

Johnson,2013-10-29 The Kennedy assassination has produced a number of conspiracy theories based largely upon intriguing questions speculation and inference Thousands of books and articles have been written about the assassination with a large majority of the published material arguing for a conspiracy of one kind or another However a relatively small volume of literature has been written from a scholarly and academic perspective The Faces of Lee Harvey Oswald provides the first comprehensive scholarly analysis of Lee Harvey s Oswald s role in the JFK assassination Scott P Johnson objectively examines the various narratives of Lee Harvey Oswald created by researchers and authors over the last fifty years He finds that at first glance any theory related to Oswald s role appears as convincing as the next particularly when researchers carefully select information that only advances their preferred theory In reality however Oswald s role in the assassination offers little certainty when one looks at the mystery surrounding Oswald s life and death as well as the complexity and ambiguity surrounding the murder of President Kennedy Rather than putting forth a single theory Johnson lays out the known facts against each theory and allows the readers to make their own decision **The cabinet** Chinedu Nnadi,2025-09-01
