**LIFE AND WORK OF KAMALA MARKANDAYA AND SHASHI DESHPANDE: A COMPARATIVE STUDY** Sanjana Antil, 2021-05-06 It is said that literature is a reflection of society the author as well as his her literature is the product of it It is also said that literature is the product of a given milieu and individual sensibility which constitute together a culture entity rooted in the changing traditional value system of people The writer as a human being is a part and parcel of the society and so naturally he gets influenced by the atmosphere around him Therefore the literature coming out through him becomes the manifestation of the cultural social spiritual and political scenario in the society Kamala Markandaya is one of the leading women novelists of India She has projected the theme of cultural clashes in different dimensions She has produced several novels to her credit Her novels find forceful expression of cultural clashes such as conflict between Tradition and modernity clash between the rural and urban East West conflict and conflict between the two different attitudes of life from two diverse races Kamala Markandaya has brought to the centre her protagonists who are invariably women and therefore conflicts raised by the novelist relate to women All the characters in her novels experience troubles and turmoil s in life but they rise above their desperation triumphantly because of their aspiration It is a fact that Markandaya commands a wide reputation as a creator of readable novels she has received a wide ranging recognition and applause both in India and abroad She has been a subject of serious discussion But it is very surprising to note that an Indian

woman novelist who has got a prominent position in India writing in English has not been able to draw the attention of critics and researchers to the extent she deserves. The articles in books and journals by their very nature remain confined to studying her novels as individual works. Book length studies of Kamala Markandaya's novels are only a few. The proposed book will focus its attention on the conflict of nature in the novels of Kamala Markandaya through the discussion of the central characters. It will do its level best to fill in the gap and will attempt to study Markandaya's novels. Shashi Deshpande is one of the prominent writers who in the past two and a half decades established herself as a serious writer. She is undoubtedly an outstanding Indian English novelist who has boldly voiced the issues and sufferings of women in her works. She has projected this aspect of Indian women with more sensitivity and understanding as she was born and brought up in this soil. This work is to analyze about the works of Shashi Deshpande and sense her to be a Feminist or Humanist. The themes of sexuality and man woman relationship initially introduced in her stories are discussed which became the subject of full length novels. But they are found not merely the raw material for her novels. Her versatile treatment of women's issues reveals her sensitive nature as a woman writer and this quality affirms her works as an outstanding contribution to Indian literature in English proving her to be a humanist. Sanjana Antil
