Role of the Family in the Rehabilitation of the Physically Disabled Dr Paul W Power, Scd, CRC, Paul W. Power, Arthur E. Dell Orto, 1980-01-01 **Role of the Family in the Rehabilitation of the Physically Disabled** Paul W. Power, Arthur E. Dell Orto, 1980 **The Psychological and Social Impact of Illness and Disability** Arthur E. Dell Orto, Paul W. Power, 2007-04-02 The newest edition of *The Psychological and Social Impact of Illness and Disability* continues the tradition of presenting a realistic perspective on life with disabilities and then improves upon its predecessors with the inclusion of illness as a major influence on client care needs. Articles included represent the best of developing concepts, theory, research, and intervention approaches. Classic articles kept from previous editions round out a diversity of viewpoints that will enrich student understanding of what is important in beginning rehabilitation practice. Further broadening the scope of this edition is the inclusion of personal perspectives and stories from those living with illness or disabilities. These stories offer a glimpse into what it is like to cope day to day with these issues and direct examples of how effective current care models and rehabilitation theories can be. Relevant expert articles plus insightful narratives combine to offer a bridge between theory and reality and guide students and professionals in rehabilitation practice closer to their goal of enhancing the quality of life for all individuals. **Families Living with Chronic Illness and Disability** Paul W. Power, Arthur E. Dell Orto, 2004-07-20 To help families manage an intense medical related event, Power and Dell Orto propose that a family oriented life and living perspective should be combined with a family intervention philosophy. Stressing acknowledgment of the adverse effects of the illness and an affirmation approach to family struggle and opportunities, the authors explore issues relevant to treatment, family adaptation, quality of life, and family survival. A unique feature of the text includes the organization of the chapters around thought provoking personal statements followed by questions, experiential tasks designed to stimulate thought and discussion.
