Role Of Muslim Woman In Society:

Role of Muslim Woman in Society Afzalur Rahman ,1986-09-21 In this book an attempt is made to describe the possible role of Muslim woman in a modern society in the light of the Qur'an and of the Sunnah of the Prophet Muhammad. In this respect special consideration will be given to the effect of natural factors on the respective spheres of operation of the sexes, woman's position and status in society, whether equal or unequal, and whether the respective roles of the sexes have any influence in determining their status and role in society. *Role of Muslim Woman in Society* Afzal-ur-Rahman, 2013

Encyclopaedia of Seerah 1-8 Afzal-ur-Rahman, 1984 **Muhammad** Afzal-ur-Rahman, 1987 Women in Islam Anne-Sofie Roald, 2003-09-02 *Women in Islam* investigates the ongoing debate across the Muslim world and the West on the position of women in Islam. Anne-Sofie Roald focuses on how Islamic perceptions of women and gender change in Western Muslim communities. She shows how Islamic attitudes towards social concerns such as gender relations, female circumcision, and female dress emerge as responsive to culture and context rather than rigid and inflexible. *Women and Civil Society in Turkey* Ömer Çaha, 2016-02-24 Focusing on three important interrelated issues: Women and Civil Society in Turkey, challenges the classical definition developed in the West of civil society as an equivalent of the public sphere in which women are excluded. First, it shows how feminist movements have developed a new definition of civil society to include women. Second, it draws attention to the role of women in the modernization of Turkey with special reference to the debate on the possibility of an indigenous feminist movement. Finally, it underlines the contribution of feminist Islamic and Kurdish women's movements in the transition from an ideologically constructed uniform public sphere to a multi-public domain. Giving attention to the influence of diverse women's movements over Turkish political values, this book sheds light into the issue of how a feminine civil society has been constructed as part of a plural public space in Turkey. Meriçhan argues that this new public realm is the product of values and institutions which have been developed by diverse women's groups who have succeeded in eliminating the traditional barricades between public and domestic spheres and in steering women into public life without sacrificing their own values. **Muhammad** Afzalur Rahman, 1987 *Muslim Women in Law and Society* Ronak Husni, Daniel L. Newman, 2007-11-29 An extremely timely translation of a seminal text on the role of women in Muslim society by the early twentieth-century thinker al-Taher al-Haddad. Considered as one of the first feminist works in Arab literature, this book will be of considerable interest to scholars of an early feminist tract coming from a Muslim in Arab society. Awarded the 2008 World Award of the President of the Republic of Tunisia for Islamic Studies.
