Selbstgespräch Rolf Koppel, 2000-01-01 The faun the satyr Greek and Roman sculpture medieval saints these are the themes that photographer Rolf Koppel explores through a lifetime of self portraits Beautifully lit sensually satisfying and powerfully erotic Koppel's portraits have the smooth sculptural sensibility of Caravaggio or Michaelangelo A splendid gift for aficionados of the male nude

The Nude Peter Weiermair, 2004 This volume presents a selection of 200 extraordinary images that reflect the central role played by the genre of the nude in the history of photography and in its experimentation Ever since the invention of photography in 1839 the nude has constituted a favorite subject among the practitioners of the medium Through numerous extraordinary examples this volume documents the historical and stylistic development of the nude from its origins with the first daguerreotypes to the provocative images of contemporary photographers

The Nature of Still Life Peter Weiermair, 2001

Self-exposure Reed Massengill, 2005 The nude self portrait is perhaps the most intimate form of photography It delves deep into taboo territory and strips away the traditional barriers between artist and viewer Witnessing such a private act we may feel the queasy embarrassment of a voyeur but we are always compelled to look further The images cut to the core of issues of identity sexuality and ego and as they reveal an essential truth about their creators they also tell us something about ourselves Self Exposure features more than 100 works from both established masters and up and coming photographers many never before published This groundbreaking collection traces the development of the male self portrait from its earliest beginnings with such greats as Hippolyte Bayard Herbert Tobias and Andr Kert sz to the contemporary efforts of such artists as John Dugdale Anthony Goicolea and Yasumasa Morimura Each artist takes a uniquely individual approach ranging from the shockingly perverse and aggressively erotic to the elusively self conscious and sublimely beautiful Complete with brief biographies of each artist Self Exposure is a powerful survey of this most seductive subject
