Life on the Edge Brother John of Taizé, 2017-10-26 Is the Christian faith something that can peacefully exist alongside all the other aspects of an ordinary human life or does it by its very nature turn that life into something else The author of this book a member of a monastic community for over forty years obviously has a vested interest in the answer But even for believers caught up in the day to day life of society work and family the question is an important one at least if they are seeking a measure of consistency in the life they are living And does not the very fact that the question of the importance and urgency of faith needs to be asked witness to the eclipse of an eschatological outlook among Christians at any rate in the mainstream Churches Could this oversight not explain why an eschatological understanding of faith one which sees it as a radical world changing reality has been forced to take refuge often deformed to the point of being unrecognizable in small fanatical groups on the margins of the Christian world

The Crommelynck Mystery Alain Piette, Bert Cardullo, 1997 In this book the authors examine the works of Fernand Crommelynck 1886 1970 whose international reputation was established in 1922 when his most important and most popular play *The Magnanimous Cuckold* was presented in Moscow Torn between the extremes of laughter and sorrow frequently violent and visionary Crommelynck's work is typically Flemish though written in French not least in its preoccupation with sin Pain is always present in his plays the pain felt by characters living in a world where happiness is destroyed by irrationalism self deception and obsession Crommelynck's plays humorously show us how human behavior can be dominated by extreme expressions of emotion or desire The mixture of buffoonery and tragedy characteristic of his theater extends also to his prose style which presents the most outrageous or gross situations in a language of beautifully sensuous imagery
