Roll Call On The Little Big Horn:

Roll Call on the Little Big Horn, 28 June 1876 John Melvin Carroll, 1974 This book is a study of the military histories of officers involved in the Sioux Campaign of 1876 and most particularly in the Battle of Little Big Horn 25 June 1876 Preface

Custer and the Little Big Horn Charles K. Hofling, 1989-10 In this book Hofling turns his attention to the psychological context in which Custer operated in order to understand the decisions which produced his final disaster Few American battles have been the object of as much discussion and popular fascination as the Battle of the Little Big Horn Yet after more than a century a great number of questions remain unanswered Many are destined to remain so No white man survived to tell the tale Indian accounts are inconsistent and contemporary reports are distorted by political considerations Charles K Hofling however provides fresh insight to the events of June 1876 by exploring them from a unique perspective Concluding that discussions of military tactics and strategy are not sufficient in themselves to explain Little Big Horn Hofling turns his attention to the psychological context in which Custer operated in order to understand the decisions which produced his final disaster Examining Custer s personal and military life Hofling isolates those episodes of psychological significance which suggest personality traits which would account for Custer s behavior before and during the battle **Custer, the Seventh**

Cavalry, and the Little Big Horn Mike O'Keefe, 2012-11-20 Since the shocking news first broke in 1876 of the Seventh Cavalry s disastrous defeat at the Little Big Horn fascination with the battle and with Lieutenant George Armstrong Custer has never ceased Widespread interest in the subject has spawned a vast outpouring of literature which only increases with time This two volume bibliography of Custer literature is the first to be published in some twenty five years and the most complete ever assembled Drawing on years of research Michael O Keefe has compiled entries for roughly 3 000 books and 7 000 articles and pamphlets Covering both nonfiction and fiction but not juvenile literature the bibliography focuses on events beginning with Custer s tenure at West Point during the 1850s and ending with the massacre at Wounded Knee in 1890 Included within this span are Custer s experiences in the Civil War and in Texas the 1873 Yellowstone and 1874 Black Hills expeditions the Great Sioux War of 1876-77 and the Seventh Cavalry s pursuit of the Nez Perces in 1877 The literature on Custer the Battle of the Little Big Horn and the Seventh Cavalry touches the entire American saga of exploration conflict and settlement in the West including virtually all Plains Indian tribes the frontier army railroading mining and trading Hence this bibliography will be a valuable resource for a broad audience of historians librarians collectors and Custer enthusiasts

A Life Cut Short at the Little Big Horn Todd E.

Harburn,2023-02-23 Of the three physicians at the Battle of the Little Big Horn Doctor George Edwin Lord 1846-76 was the lone commissioned medical officer an assistant surgeon with the United States Army's 7th Cavalry one more soldier caught up in the U S government's efforts to fulfill what many people believed was the young country's Manifest Destiny A Life Cut Short at the Little Big Horn tells Lord's story for the first time Notable for its unique angle on Custer's last stand and for its depiction of frontier era medicine the book is above all a compelling portrait of the making of an army medical professional in mid nineteenth century America Drawing on newly discovered documents Todd E Harburn describes Lord's education and training at Bowdoin College in Maine and the Chicago Medical College detailing what the study of medicine entailed at the time for a young man of promise held in universal esteem Lord's time as a contract physician with the army took him in 1874 to the U S Northern Boundary Survey From there Harburn recounts how after a failed romance and the rigors of the U S Army Medical Board examination the young doctor proceeded to his first and only appointment as a post surgeon at Fort Buford in Dakota Territory What followed of course was Lord's service and his death in the Little Big Horn campaign which this book shows us for the first time from the unique perspective of the surgeon A portrait of a singular figure in the milieu of the American military's nineteenth century medical elite A Life Cut Short at the Little Big Horn offers a close look at a familiar chapter in U S history and a reminder of the humanity lost in a battle that resonates to this day

Deliverance from the Little Big Horn Joan Nabseth Stevenson,2012-11-09

Of the three surgeons who accompanied Custer's Seventh Cavalry on June 25 1876 only the youngest twenty eight year old Henry Porter survived that day's ordeal riding through a gauntlet of Indian attackers and up the steep bluffs to Major Marcus Reno's hilltop position But the story of Dr Porter's wartime exploits goes far beyond the battle itself In this compelling narrative of military endurance and medical ingenuity Joan Nabseth Stevenson opens a new window on the Battle of the Little Big Horn by re-creating the desperate struggle for survival during the fight and in its wake As Stevenson recounts in gripping detail Porter's life saving work on the battlefield began immediately as he assumed the care of nearly sixty soldiers and two Indian scouts attending to wounds and performing surgeries and amputations He evacuated the critically wounded soldiers on mules and hand litters embarking on a hazardous trek of fifteen miles that required two river crossings the scaling of a steep cliff and a treacherous descent into the safety of the steamboat Far West waiting at the mouth of the Little Big Horn River There began a harrowing 700 mile journey along the Yellowstone and Missouri Rivers to the post hospital at Fort Abraham Lincoln near Bismarck Dakota Territory With its new insights into the role and function of the army medical corps and the evolution of battlefield medicine this unusual book will take its place both as a contribution to the history of the Great Sioux War and alongside such vivid historical novels as Son of the Morning Star and Little Big Man It will also ensure that the selfless deeds of a lone contract surgeon unrecognized

Custer's battalion at the Battle of the Little Big Horn. Killed in the early stages of the battle, he might easily have become a mere footnote in the many chronicles of this epic campaign, but he left behind an eyewitness account in his diary and correspondence. *A Surgeon with Custer at the Little Big Horn* is the first annotated edition of these rare accounts since 1958 and the most complete treatment to date. While researchers have known of DeWolf's diary for many years, few details have surfaced about the man himself. In *A Surgeon with Custer at the Little Big Horn*, Todd E. Harburn bridges this gap, providing a detailed biography of DeWolf as well as extensive editorial insight into his writings. As one of the most highly educated men who traveled with Custer, the surgeon was well equipped to compose articulate descriptions of the 1876 campaign against the Indians, a fateful journey that began for him at Fort Lincoln, Dakota Territory, and ended on the battlefield in eastern Montana Territory. In letters to his beloved wife Fannie and in diary entries reproduced in this volume exactly as he wrote them, DeWolf describes the terrain, weather, conditions, and medical needs that he and his companions encountered along the way. After DeWolf's death, his colleague Dr. Henry Porter, who survived the conflict, retrieved his diary and sent it to DeWolf's widow. Later, the DeWolf family donated it to the Little Bighorn Battlefield National Monument. Now available in this accessible and fully annotated format, the diary along with the DeWolf's personal correspondence serves as a unique primary resource for information about the Little Big Horn campaign and medical practices on the western frontier.
