researched all encompassing and consistently revelatory account of these fascinating early years is the closest we will ever get to a definitive life of an artist who has been the lodestar of popular culture for six decades Popular Music, Gender and Postmodernism Neil Nehring, 1997-03-20 The migration of cynical academic ideas about postmodernism into music journalism are traced in this book The result of this migration is a widespread fatalism over the ability of the music industry to absorb any expression of defiance in popular music The book synthesizes a number of fields American and British academic and journalistic music criticism aesthetic and literary history and theory from romanticism through postmodernism alternative music such as feminist punk and grunge political economy which has fueled the obsession with commercial incorporation and subcultural sociology *Decomposition* Andrew Durkin, 2014-11-18 *Decomposition* is a bracing revisionary and provocative inquiry into music from Beethoven to Duke Ellington from Conlon Nancarrow to Evelyn Glennie as a personal and cultural experience how it is composed how it is idiosyncratically perceived by critics and reviewers and why we listen to it the way we do Andrew Durkin best known as the leader of the West Coast based Industrial Jazz Group is singular for his insistence on asking tough questions about the complexity of our presumptions about music and about listening especially in the digital age In this winning and lucid study he explodes the age old concept of musical composition as the work of individual genius arguing instead that in both its composition and reception music is fundamentally a collaborative enterprise that comes into being only through mediation Drawing on a rich variety of examples Big Jay McNeely's Deacon's Hop Biz Markie's Alone Again George Antheil's Ballet M canique Frank Zappa's While You Were Art and Pauline Oliveros's Tuning Meditation to name only a few Durkin makes clear that our appreciation of any piece of music is always informed by neuroscientific psychological technological and cultural factors How we listen to music he maintains might have as much power to change it as music might have to change how we listen **Outlaw Journalist: The Life and Times of Hunter S. Thompson** William McKeen, 2009-07-13 Gets it all in the boozing and drugging but also the intelligence the loyalty the inherent decency Jonathan Yardley Washington Post Hunter S Thompson detonated a two ton bomb under the staid field of journalism with his magazine pieces and revelatory Fear and Loathing in Las Vegas In *Outlaw Journalist* the famous inventor of Gonzo journalism is portrayed as never before Through in depth interviews with Thompson's associates William McKeen gets behind the drinking and the drugs to show the man and the writer one who was happy to be considered an outlaw and for whom the calling of journalism was life *The History of American Pop* Stuart A. Kallen, 2012-05-09 For many people popular music provides a soundtrack to their lives by entwining emotion with experience It is little wonder then that eventful periods in American history are often defined by the pop music of the time For example big band jazz evokes memories of World War II for those who lived through that era while songs from the 1960s often remind baby boomers of the drug fueled hippie revolution Author Stuart Kallen traces the history of popular music in America from the sounds of Tin Pan Alley to Chicago jazz clubs to southern rock n roll and country to the British Invasion to psychedelic rock and Woodstock to
