Scandal Of The Incarnation:

The Scandal of the Incarnation Hans Urs Von Balthasar, 2012-09-26 Saint Irenaeus was the first great Christian theologian Born in Asia Minor in about 130 A D he became Bishop of Lyons and died as a martyr early in the third century His main work *Adversus Haereses* Against the Heresies is as relevant today as it was eighteen hundred years ago It is a critique of Gnosticism the anti body heresy which far from dying out continues to flourish as the main threat to the Christian faith in our own day With serenity and good humor Irenaeus unfolds the unity of God s purpose in creation and redemption in Old and New Testaments The flesh and blood which Gnosticism so despised has been assumed by God in the womb of the Virgin Mary and glorified in the Resurrection and the Eucharist In this book quotations from Saint Irenaeus have been arranged thematically in order to show the unity of his Christian view of the world The texts have been selected and are introduced by the late Hans Urs von Balthasar who is widely regarded as one of the greatest Catholic theologians of this century They are translated by John Saward Everything in Irenaeus is bathed in a warm and radiant joy a wise and majestic gentleness His words of struggle are hard as iron and crystal clear so penetrating that they cannot fail to enlighten the unbiased observer Hans Urs von Balthasar [The scandal of the incarnation : Irenaeus "against the heresies"](#). Irenaeus, 1990

The Scandal of the Evangelical Mind Mark A. Noll, 1995-10-19 Mark Noll has written a major indictment of American evangelicalism Reading this book one wonders if the evangelical movement has pandered so much to American culture and tried to be so popular only to lose not only it s mind but it s soul as well For evangelical pastors and parishoners alike this is a must read Robert Wuthnow **The Scandal of Divine Love** Robert P. Vande Kappelle, 2017-10-20 There is no more important topic for inquiry today than the meaning and message of Jesus for in this quest lies the solution to human discontent and despair Examining an array of titles for Jesus found in the New Testament expressions ranging from rabbi and messiah to Wisdom of God Word of God and Lord this study explores why Christology is not simply the study of Jesus Christ but also of the highest and best in us all Who is Jesus Christ and what is his significance for today Was he fully human the perfect human God in disguise or somehow all of these simultaneously The key is to begin where the first Christians began with their experience of Jesus and then to press forward with the development of that understanding in our experience of Christ While *The Scandal of Divine Love* is designed for Christian believers survivors it embraces skeptics and seekers alike mindful that within each of us are multiple voices sometimes affirming sometimes questioning occasionally even denying Whether you consider yourself primarily as skeptic seeker or believer this study encourages you to listen appreciate and cultivate each voice This volume ideal for individual and group study will help you discover anew the magnificence of the life and person known to us as Jesus of Nazareth as guide exemplar and Lord *St. Irenaeus of Lyons Against the Heresies* Saint Irenaeus (Bishop of Lyon.), John J. Dillon, 1992 This work which establishes Irenaeus as the most important of the theologians of the second century is a detailed and effective refutation of Gnosticism and a major source of information on

the various Gnostic sects and doctrines This volume contains Book One Nouvelle Théologie and Sacramental Ontology Hans Boersma, 2009-05-08 In the decades leading up to the Second Vatican Council the movement of nouvelle th ologie caused great controversy in the Catholic Church and remains a subject of vigorous scholarly debate today In Nouvelle th ologie and Sacramental Ontology Hans Boersma argues that a return to mystery was the movement s deepest motivation Countering the modern intellectualism of the neo Thomist establishment the nouvelle theologians were convinced that a ressourcement of the Church Fathers and of medieval theology would point the way to a sacramental reintegration of nature and the supernatural In the context of the loss suffered by both Catholics and Protestants in the de sacramentalizing of modernity Boersma shows how the sacramental ontology of nouvelle th ologie offers a solid entry point into ecumenical dialogue The volume begins by setting the historical context for nouvelle th ologie with discussions of the influence of significant theologians and philosophers like M hler Blondel Mar chal and Rousselot The exposition then moves to the writings of key thinkers of the ressourcement movement including de Lubac Bouillard Balthasar Chenu Dani lou Charlier and Congar Boersma analyses the most characteristic elements of the movement its reintegration of nature and the supernatural its reintroduction of the spiritual interpretation of Scripture its approach to Tradition as organically developing in history and its communion ecclesiology that regarded the Church as sacrament of Christ In each of these areas Boersma demonstrates how the nouvelle theologians advocated a return to mystery by means of a sacramental ontology The Saving Mysteries of Jesus Christ Edgardo Colon-Emeric, Mark Gorman, 2019-09-04 Jesus is Lord This scandalous confession is an act of worship a pledge of allegiance a call to service and a saving act Yet who is Jesus Christ How should we understand his life his death his resurrection and his work of salvation This book offers a perspective from the Wesleyan tradition on these vital questions It introduces readers to christology the study of Christ The authors encourage readers to ponder the mystery of salvation at work in Christ s entire life and to make the confession Jesus is Lord their own **Theologies of Failure** Roberto Sirvent, Duncan B. Reyburn, 2019-03-26 What does failure mean for theology In the Bible we find some unsettling answers to this question We find lastness usurping firstness and foolishness undoing wisdom We discover too a weakness more potent than strength and a loss of life that is essential to finding life Jesus himself offers an array of paradoxes and puzzles through his life and teachings He even submits himself to humiliation and death to show the cosmos the true meaning of victory As David Bentley Hart observes most of us would find Christians truly cast in the New Testament mold fairly obnoxious civically reprobate ideologically unsound economically destructive politically irresponsible socially discreditable and really just a bit indecent By incorporating the work of scholars working with a range of frameworks within the Christian tradition Theologies of Failure aims to offer a unique and important contribution to understanding and embracing failure as a pivotal theological category As the various contributors highlight it is a category with a powerful capacity for illuminating our theological concerns and perspectives It is a category that frees us to see old ideas in a brand new light and helps to foster an awareness

of ideas that certain modes of analysis may have obscured from our vision In short this book invites readers to consider how both theology and failure can help us ask new questions discover new possibilities and refuse the ways of the world Total Atonement W. Ross Hastings,2019-10-09 Total Atonement re imagines the apprehended mystery of the atonement in light of the triune nature of God and the person and work of the incarnate Christ W Ross Hastings proposes participation as a theory or framework of atonement that holds all other models within it He argues that God s participation in humanity in order that humans might participate in God invites a total approach to the mystery of the atonement that is one that involves the whole Trinity the whole person and history of Christ and all the biblical motifs and theological models of atonement including penal substitution properly nuanced to overcome its caricatures Christus victor satisfaction vicarious life and moral exemplar Hastings re examines the scope of the atonement in light of these Trinitarian incarnational realities *Silence: A User's Guide, Volume One* Maggie Ross,2014-09-10 Silence is essential for the health and well being of humans and the environment in which they live Yet silence has almost vanished from our lives and our world Of all the books that claim to be about silence this is the only one that addresses silence directly Silence A User s Guide is just what the title says it is a guide to silence which is both a vast interior spaciousness and the condition of our being in the natural world This book exposes the processes by which silence can transfigure our lives what Maggie Ross calls the work of silence it describes how lives steeped in silence can transfigure other lives unawares It shows how the work of silence was once understood to be the foundation of the teaching of Jesus and how this teaching was once an intrinsic part of Western Christianity it describes some of the methods by which the institution suppressed the work of silence and why religious institutions are afraid of silence Above all this book shows that the work of silence gives us a way of being in the world that is more than we can ask for or imagine
