Scapa Flow:

The Story of Scapa Flow Geoffrey Cousins,1965 One of the most dramatic events in sea history was the scuttling of the German High Seas Fleet six months after the end of the First World War Witnessed in its entirety by only a few people the Great Scuttle took place in a remote corner of the British Isles which most of us scarcely know by name Yet in the immensity of the project and its international repercussions it shook the world and put Scapa Flow on everyone's lips From Dustjacket

Scapa Flow Angus Konstam,2013-02-20 A strategically important natural harbor in the Orkney Islands Scapa Flow served as Britain's main fleet anchorage during World Wars I and II In 1914 and again in 1939 the British began building a comprehensive defensive network by fortifying the entrances to Scapa Flow and then extended these defenses to cover most of Orkney By 1940 it had become an island fortress the largest integrated defensive network of its kind in Europe manned by as many as 50 000 Commonwealth troops Backed by newly commissioned artwork naval historian Angus Konstam tells the story of this mighty naval fortress many pieces of which can still be seen on the island today Scapa Flow Lawson

Wood,2018-01-08 U-47 in Scapa Flow Angus Konstam,2015-10-20 At the outset of World War II Scapa Flow was supposed to be the safe home base of the British Navy nothing could penetrate the defences of this bastion So how in the dead of night was Gunther Prien's U 47 able to slip through the line of protective warships to sink the mighty Royal Oak This book provides the answer with an account of one of the most daring naval raids in history Drawing on the latest underwater archaeological research this study explains how Prien and his crew navigated the North Sea and Kirk Sound to land a devastating blow to the British It reveals the level of disrepair that Scapa Flow had fallen into and delves into the conspiracy theories surrounding the event including an alleged cover up by the then First Sea Lord Winston Churchill Scapa Flow

Malcolm Brown,Patricia Meehan,2019-07-22 Scapa Flow a vast natural harbour in the Orkney Islands served as the Royal Navy's main base during the two world wars from where ships sailed to the Battle of Jutland in the First and in convoy to northern Russia in the Second Thousands of men and women saw service in and around this remote anchorage including soldiers and sailors who crewed the ships and manned the lonely batteries and Wrens nurses and civilians who were posted there Scapa Flow brings together their memories the bleak isolation its implacable winds and glorious sunsets the camaraderie and good humour forming a compelling portrait of a unique war station that left its mark on all who served there
