Sandage,2003-05-01 While forgiveness has historically been regarded as a religious concern it has also become a popular topic in contemporary psychology Unfortunately there has been little effort to combine a Christian understanding of forgiveness with psychology The Faces of Forgiveness winner of the Narramore Award from the Christian Association for Psychological Studies steps in to fill this void The authors fuse Christian forgiveness and psychology with the unifying motif of the face thereby building on the considerable psychological research linking emotions related to forgiveness with the human face At a deeper level the face can serve as a metaphor for integrating forgiveness wholeness and salvation The authors argue that forgiveness should take a central role in our understanding of salvation because it is warranted by the Bible and engages our postmodern context Pastors psychologists family counselors and students of psychology and theology will find The Faces of Forgiveness a helpful resource **Earth Story in the Psalms and the Prophets** Norman C.

Habel,2001-11-01 In this volume scholars from around the world read the story of Earth in key texts from the Psalms and the Prophets Their readings challenge popular understandings of the Chaaskampf myth the theophany of Psalm 29 and the New Earth in Isaiah 65 Re readings of Ezekiel expose the cruelty of divine justice extended to the natural world Several articles by indigenous writers sensitive to the voice of Earth bring new insights to the potential meaning of texts like Psalm 104
