Scary Stories In The Dark Re Issue:

Scary Stories to Tell in the Dark 25th Anniversary Edition Alvin Schwartz, 1986-07-09 This spooky addition to Alvin Schwartz's popular books on American folklore is filled with tales of eerie horror and dark revenge that will make you jump with fright. There is a story here for everyone: skeletons with torn and tangled flesh who roam the earth, a ghost who takes revenge on her murderer, and a haunted house where every night a bloody head falls down the chimney. Stephen Gammell's splendidly creepy drawings perfectly capture the mood of more than two dozen scary stories and even scary songs, all just right for reading alone or for telling aloud in the dark. *If You Dare* Gary Gianni's *Monstermen and Other Scary Stories* Gary Gianni, 2017-07-18 Hot off the success of *Hellboy Into the Silent Sea*, Gianni's original masterpiece returns in paperback. Includes an introduction by Pulitzer Prize-winning novelist Michael Chabon. Gary Gianni created one of the strangest occult detective teams in comics history: millionaire filmmaker Lawrence St. George and his associate Benedict of the venerable guild of Corpus Monstrum. They navigate a peculiar and deadly world plagued by squid pirates, zombie cowboys, abominable snowmen, mustachioed skulls, and fat flying demons. Gianni's meticulous and evocative art combined with his haunting but often hilarious writing creates a horror comic unlike anything else on the stands. This book also includes classic prose stories by Robert E. Howard, Clark Ashton Smith, and more, illustrated by Gianni. These are along with a few issues of *Stan and Jack's Fantastic Four*, my all-time favorite comic book stories. Mike Mignola: Gianni is a master. *The MonsterMen* leaves no doubt the dude knows how to rock a comic book page. Michael Chabon **America's Dark Theologian** Douglas E. Cowan, 2018-06-12 Illuminating the religious and existential themes in Stephen King's horror stories: Who are we? Why are we here? Where do we go when we die? For answers to these questions, people often look to religion. But religion is not the only place seekers turn. Myths, legends, and other stories have given us alternative ways to address the fundamental quandaries of existence. Horror stories, in particular, with their focus on questions of violence and mortality, speak urgently to the primal fears embedded in such existential mysteries. With more than fifty novels to his name and hundreds of millions of copies sold, few writers have spent more time contemplating those fears than Stephen King. Yet despite being one of the most widely read authors of all time, King is woefully understudied. *America's Dark Theologian* is the first in-depth investigation into how King treats religion in his horror fiction. Considering works such as *Carrie*, *The Dead Zone*, *Misery*, *The Shining*, and many more, Douglas Cowan explores the religious imagery, themes, characters, and most importantly, questions that haunt Stephen King's horror stories. Religion and its trappings are found throughout King's fiction, but what Cowan reveals is a writer skeptical of the certainty of religious belief. Describing himself as a fallen-away Methodist, King is less concerned with providing answers to our questions than constantly challenging both those who claim to have answers and the answers they proclaim. Whether he is pondering the existence of other worlds, exploring the origins of religious belief, and how it is passed on, probing the nature of the religious experience, or contemplating the existence of God, King invites us to question everything we think we know.

The obsessive themes of monstrosity and morality in his works may have been influenced by his own experiences and the socio-cultural landscapes of late 19th-century London, where he grappled with emergent modernity and its discontents. His rich education and lifelong fascination with the macabre undoubtedly shaped the expansive vision behind this ultimate collection. For aficionados of horror and Gothic literature, Stoker's Ultimate Collection is an indispensable addition to any library, offering a comprehensive exploration of a writer who effectively defined the genre. Once Upon a Time in a Dark and Scary Book K. Shryock Hood, 2018-05-25 Contemporary American horror literature for children and young adults has two bold messages for readers: adults are untrustworthy, unreliable, and often dangerous, and the monster always wins, as it must if there is to be a sequel. Examining the young adult horror series and the religious horror series for children, *Left Behind: The Kids* for the first time, and tracing the unstoppable monster to Seuss's *Cat in the Hat*, this book sheds new light on the problematic message produced by the combination of marketing and books for contemporary American young readers.

Children, Young People and Dark Tourism Mary Margaret Kerr, Philip R. Stone, Rebecca H. Price, 2022-08-31 This book is the first of its kind to offer an innovative examination of the intersecting influences, contexts, and challenges within the field of children's dark tourism. It also outlines novel conceptualizations and methods for scholarship in this overlooked field. Presently, tourism research and in dark tourism specifically, relies primarily on adult-centered theories and data collection methods. However, these approaches are inadequate for understanding and developing children's experiences and perspectives. This book seeks to inform and inspire research on children's experiences of dark tourism. Designed to appeal to students and scholars, it brings together insights from leading experts. The book focuses on five themes to explore the conceptual and historic origins of children's dark tourism: developmental contexts, child perspectives, specific contexts relevant to children's encounters, and methodological approaches. This book is aimed at an international array of scholars and students with inherent research interests in the contemporary commodification of death and difficult heritage within the visitor economy. Thus, the book will provide a multi-disciplinary scope within the fields of history, heritage studies, childhood studies, psychology, education, sociology, human geography, and tourism studies. The volume is primarily intended for undergraduate and postgraduate study, as well as scholars and tourism professionals.
