Scatology And Civility In The English Canadian Novel:

Scatology and Civility in the English-Canadian Novel Reinhold Kramer,1997 Except as eighteenth century satiric invective scatology has almost never been the subject of a full length study this despite the insistent references to bodily functions in postwar Canadian literature This eccentric and interdisciplinary study provides a full listing of examples of scatology in a wide range of Canadian novels from the nineteenth century to the present and in so doing develops another kind of thematic approach to Canadian prose Since pollution rites are a culture specific language scatology sets up categories of class race and gender although Kramer argues that material signifiers refer to the world and are never purely rhetorical Scatology as used by Canadian novelists thus raises epistemological problems alternately undermining and naturalizing political ideologies and religious beliefs Canadian State Trials, Volume IV Barry Wright, Eric Tucker, Susan Binnie,2015-11-26 The fourth volume in the Canadian State Trials series examines the legal issues surrounding perceived security threats and the repression of dissent from the outset of World War One through the Great Depression War prompted the development of new government powers and raised questions about citizenship and Canadian identity while the ensuing interwar years brought serious economic challenges and unprecedented tensions between labour and capital The chapters in this edited collection written by leading scholars in numerous fields examine the treatment of enemy aliens conscription and courts martial sedition prosecutions during the war and after the Winnipeg General Strike and the application of Criminal Code and Immigration Act laws to Communist Party leaders On to Ottawa Trekkers and minority groups These historical events shed light on contemporary dilemmas What are the limits of dissent in war emergencies and economic crisis What limits should be placed on government responses to real and perceived challenges to its authority The (Un)Certain Future of Empathy in Posthumanism, Cyberculture and Science Fiction Elsa Bouet,2019-01-04 This volume was first published by Inter Disciplinary Press in 2015 This volume investigates the future of empathy as contemplated by posthumanism cyberculture and science fiction As humanity increasingly networks and communicates online the reconfiguration of human communities through the removal and immediacy of the body challenges traditional notions of humanity and human capacity for empathy The impact of cyberculture and posthumanism on humanity and its capacity for empathy is here assessed through research in literature films neuroscience anthropology and philosophy This volume addresses the centrality of the body to human interactions and assesses how intrinsic it is to the defining of the human The exploration of posthuman narratives which display futuristic bodily modifications also engages with the anxieties and hopes for the future of human empathy Research in dystopian narratives shows that these anxieties are also expressed without the tropes of bodily modifications and that ideological distancing creates the conditions necessary for a lack of empathy towards otherness **Tony Harrison** Edith Hall,2021-01-14 This is the first book length study of the classicism of Tony Harrison one of the most important contemporary poets in England and the world It argues that his unique and politically radical

classicism is inextricable from his core notion that poetry should be a public property in which communal problems are shared and crystallised and that the poet has a responsibility to speak in a public voice about collective and political concerns Enriched by Edith Hall's longstanding friendship with Harrison and involvement with his most recent drama inspired by Euripides Iphigenia in Tauris it also asserts that his greatest innovations in both form and style have been direct results of his intense engagements with individual works of ancient literature and his belief that the ancient Greek poetic imagination was inherently radical Tony Harrison's large body of work for which he has won several major and international prizes and which features on the UK National Curriculum ranges widely across long and short poems plays translations and film poems Having studied Classics at Grammar School and University and having translated ancient poets from Aeschylus to Martial and Pallas Harrison has been immersed in the myths history literary forms and authorial voices of Mediterranean antiquity for his entire working life and his classical interests are reflected in every poetic genre he has essayed from epigrams and sonnets to original stage plays translations of Greek drama and Racine to his experimental and harrowing film poems where he has pioneered the welding of tightly cut video materials to tightly phrased verse forms This volume explores the full breadth of his oeuvre offering an insightful new perspective on a writer who has played an important part in shaping our contemporary literary landscape

The Story of Shit Midas Dekkers, 2018-01-29 A masterful writing style that is not only unique in biology but without equal in the whole of Dutch literature *The Story of Shit* shows Dekkers once again to be in possession of a golden pen New Scientist We are very discreet We disappear into a small room perform the task flush wash and reappear as if nothing happened Of course hygiene is necessary some faecal bacteria if re ingested can cause very serious problems and unpleasant aromas are best kept at bay But in all this hygienic discretion have we lost touch with an integral part of ourselves something

as much a part of living as breathing eating and sleeping Something enriching creative and even enjoyable In *The Story of Shit* Dutch biologist Midas Dekkers presents a personal cultural scientific historical and environmental account of shit from the digestive process and the fascinating workings of the gut to the act of defecation and toilet etiquette With irreverent humour and a compelling narrative style Dekkers brings a refreshing entertaining and illuminating perspective to a once taboo subject Midas Dekkers is a bestselling Dutch writer and biologist His books include *Physical Exercise* *The Way of All Flesh* *Dearest Pet* and *The Larva* Nancy Forest Flier is a Dutch to English translator She was educated in the USA and now lives in the Netherlands Dekkers is a reservoir of knowledge and shit Fans of his humorous distinctly European and meandering style of prose will enjoy *The Story of Shit* which includes a collection of delightful black and white illustrations Australian For those who aren't aware we are not our brain we are our gut There is always that unmistakable Midas touch his brilliant sharp style makes it hard to suppress a laugh or a smile Medisch Contact Dekkers doesn't hold back in his brimming history You learn a lot So do I recommend a book that tells how the CIA tried using transmitters disguised as tiger turds to eavesdrop on the Viet Cong Oh faeces yes New Zealand Listener It is such a wondrous thing when a scientist can explain facts in a humorous straightforward and thrilling fashion Toowoomba Chronicle A remarkable foray into every aspect of diet digestion and defecation This is a fascinating milestone work that should run out of bookshops like shit off a hot shovel GPSpeak A funny but earnest investigation part social history biology lesson and cultural study that takes Chaucerian delight in the subject Sydney Morning Herald *The Story of Shit* is entertaining amusing educational and revealing Sitting on the toilet will never be the same ArtsHub A fascinating very funny look at something common to us all Daily Telegraph An utterly unique bizarre and interesting take on this universal yet taboo topic Dekkers is an enthusiastic proponent of crap AU Review Intestinal fortitude required Prudes beware North South Packed with humour *The Story of Shit* is an enjoyable romp through culture science and history Australian Book Review **University of Toronto Quarterly** University of Toronto, 1999

Post-Jazz Poetics J. Ryan, 2010-05-24 African American expressive arts draw upon multiple traditions of formal experimentation in the service of social change Within these traditions Jennifer D Ryan demonstrates that black women have created literature music and political statements signifying some of the most incisive and complex elements of modern American culture *Post Jazz Poetics* A Social History examines the jazz influenced work of five twentieth century African American women poets Sherley Anne Williams Sonia Sanchez Jayne Cortez Wanda Coleman and Harryette Mullen These writers' engagements with jazz based compositional devices represent a new strand of radical black poetics while their renditions of local to global social critique sketch the outlines of a transnational feminism **Cacaphonies** Annabel L. Kim, 2022-04-05 Exploring why there is so much fecal matter in literary works that matter *Cacaphonies* takes fecal matter and its place in literature seriously Readers and critics have too long overlooked excrement's vital role in the twentieth and twenty first century French canon In a stark challenge to the tendency to view this literature through sanitizing abstractions

Annabel L Kim undertakes close readings of key authors to argue for feces as a figure of radical equality both a literary object and a reflection on literature itself without which literary studies is impoverished and sterile Following the fecal through line in works by C line Beckett Genet Sartre Duras and Gary and the contemporary authors Anne Garr ta and Daniel Pennac Kim shows that shit far from vanishing from the canon after the early modern period remains present in the modern and contemporary French literature that follows She argues that all the shit in the canon expresses a call to democratize literature making literature for all just as shit is for or of all She attends to its presence in this prized element of French identity treating it as a continually uttered desire to manifest the universality France aspires to as encapsulated by the slogan *Libert galit fraternit* but fails to realize In shit there is a concrete universalism that traverses bodies with disregard for embodied differences Cacaphonies reminds us that literature and the ideas to be found therein cannot be separated from the corporeal envelopes that create and receive them In so doing it reveals the aesthetic political and ethical potential of shit and its capacity to transform literature and life
