SCENES OF WONDER AND CURIOSITY. ,1988 Scenes of Wonder and Curiosity Ted Orland,1988 **Scenes of Wonder & Curiosity** Ted Orland,1988 Ted Orlando is a seasoned and dedicated photographer who started out as Ansel Adams s assistant Orlando was a member of the inner sanctum of photographers who transformed photography he saw it all And yet the book has more than this it is the record of a life dedicated to a medium of a young man struggling to become an artist in his own right and be a success Orland s images beautifully reproduced in this volume are arresting in their allusions impressive in their breadth and rich in their visual vocabulary It also contains Orland s letters and a running diary of sorts that takes the reader into the holy temple of those fervent years when the anointed gathered along the California coast

Publisher description **Transformational Imagemaking: Handmade Photography Since 1960** Robert Hirsch,2014-01-10 This groundbreaking survey of significant work and ideas focuses on imagemakers who have pushed beyond the boundaries of photography as a window on our material world Through interviews with more than 40 key artists this book explores a diverse group of curious experimentalists who have propelled the medium s evolution by visualizing their subject matter as it originates from their mind s eye Many favor the historical techniques commonly known as alternative photographic processes but all these makers demonstrate that the real alternative is found in their mental approach and not in their use of physical methods Within this context photographer and photography historian Robert Hirsch outlines the varied approaches these artists have utilized to question conventional photographic practices to convey internal realities and to examine what constitutes photographic reality Hirsch explores the half century evolution of these concepts and methodologies and their popularity among contemporary imagemakers who are merging digital and analog processes to express what was thought to be photographically inexpressible Read an interview with the author at Photo net http://photo.net/learn/photographer/interviews/robert_hirsch

American Photo ,1989-06 *Lines on the Land* Scott Herring,2004 *Lines on the Land* Writers Art and the National Parks Scott Herring The nineteenth century photographer William Henry Jackson once complained of the skepticism with which early descriptions of Yellowstone were met the place was too wondrous to be believed The public demanded proof and a host of artists and writers obliged These early explorers possessed a vigorous devotion to the young nation s wilderness the naturalist John Muir famously toured the land from Wisconsin to Florida on foot and through their work established aesthetic categories that exist to this day In *Lines on the Land* Scott Herring contends that these writers and artists were canon makers recognizing the national parks as naturally occurring works of art and conferring upon them a cultural prestige the parks were the splendid focal points of the American landscape These early canonizing works are homages to a vast untouched wilderness This praise would gradually give way however to a distinctly American anger what Herring calls outraged idealism Later generations were faced with a changing culture that had imperfectly absorbed and even misrepresented the national park aesthetic The postwar park was overrun by cars and

tourists who could not possibly match the pioneering naturalists profound commitment to and appreciation for their surroundings The collective tone of the parks chroniclers as a result evolved from celebration of awesome beauty to indignation over the perceived corruption of the parks both as an ideal and as actual physical settings Herring traces this shift through the work of a wide spectrum of creative minds from early figures such as Muir and Thomas Moran to later observers of the parks such as Ansel Adams Sylvia Plath Edward Abbey and Rick Bass The text is punctuated by autobiographical interchapters in which Herring relates the book s chief themes to his own experiences in Yellowstone National Park Under the Sign of Nature Explorations in Ecocriticism *American Photographer* ,1989 *Annual Bibliography of Modern Art* Museum of Modern Art (New York, N.Y.).
