Schleiermacher Life And Thought

Gary Dorrien

Schleiermacher Life And Thought:

Schleiermacher: Life and Thought Martin Redeker, 1973 This biography is the first work available in English which blends an account of Schleiermacher's thought with a portrait of the man whom Time magazine recently characterized as the most significant Protestant theologian since Luther and Calvin

Schleiermacher's Influences on American Thought and Religious Life, 1835-1920 Jeffrey A. Wilcox, Terrence N. Tice, Catherine L. Kelsey, 2014-10-23 Here freshly researched unprecedented stories regarding modern American thought and religious life show how the scholar Friedrich Schleiermacher 1768 1834 provides ongoing influence still They describe his influence on universal rights American religious life theology philosophy history psychology interpretation of texts community formation and interpersonal dialogue Schleiermacher is an Einstein like innovator in all these areas and more This work contrasts chiefly evangelical liberal figures with others between circa 1835 and the 1920s It also looks ahead to several careers extended well into the twentieth century and offers numerous characterizations of Schleiermacher's thought In six tightly organized parts fourteen expert historians chronologically discuss the following 1 Methodist leaders 1766 1924 2 Stuart Bushnell Nevins and Hodge 3 Restorationists Transcendentalists women leaders Schaff and Rauschenbusch 4 Clarke Mullins Carus and Bowne 5 Dewey Royce Ames Knudson Brown Fosdick Cross Jones and Thurman within contemporary contexts Unexpectedly John Dewey lies at the epicenter of the narrative and Harry Emerson Fosdick and Howard Thurman bring it to its climax Recently evidence displays a broadening influence advancing rapidly The sixth part of the book surveys modern historiography Schleiermacher on history and comparative method and on psychology as a basic scientific and philosophical field That section also provides a critical survey of histories of modern theology and offers concluding questions and answers The three editors contribute twenty of the thirty one chapters

Schleiermacher's Plato Julia A. Lamm, 2021-11-08 Friedrich Schleiermacher's Plato's Werke 1804 28 changed how we understand Plato His translation of Plato's dialogues remained the authoritative one in the German speaking world for two hundred years but it was his interpretation of Plato and the Platonic corpus set forth in his Introductions to the dialogues that proved so revolutionary for classicists and philosophers worldwide Schleiermacher created a Platonic question for the modern world Yet in Schleiermacher studies surprisingly little is known about Schleiermacher's deep engagement with Plato Schleiermacher's Plato is the first book length study of the topic It addresses two basic questions How did Schleiermacher understand Plato In what ways was Schleiermacher's own thought influenced by Plato Lamm argues that Schleiermacher's thought was profoundly influenced by Plato or rather by his rather distinctive understanding of Plato This is true not only of Schleiermacher's philosophy Hermeneutics Dialectics but also of his thinking about religion and Christian faith during the first decade of the nineteenth century Christmas Dialogue Speeches on Religion Schleiermacher's Plato should be of interest to classicists philosophers theologians and scholars of religion

Kantian Reason and Hegelian Spirit Gary Dorrien, 2015-03-16 Winner 2012 The American Publishers Award for Professional and

Scholarly Excellence in Theology and Religious Studies PROSE Award In this thought provoking new work the world renowned theologian Gary Dorrien reveals how Kantian and post Kantian idealism were instrumental in the foundation and development of modern Christian theology Presents a radical rethinking of the roots of modern theology Reveals how Kantian and post Kantian idealism were instrumental in the foundation and development of modern Christian theology Shows how it took Kant's writings on ethics and religion to launch a fully modern departure in religious thought Dissects Kant's three critiques of reason and his moral conception of religion Analyzes alternative arguments offered by Schleiermacher Schelling Hegel and others moving historically and chronologically through key figures in European philosophy and theology Presents notoriously difficult and intellectual arguments in a lucid and accessible manner *All Things New* James M. Brandt, 2001-01-01 All Things New presents a study of Schleiermacher's important but often neglected Christian Ethics Brandt argues that understanding Schleiermacher's Reformed and community based ethics is essential for fully grasping his theology By placing Schleiermacher's ethical thought within the context of his life Brandt illuminates the correspondence between the main themes of the Berlin theologian's comprehensive ethics and his life as pastor professor and political reformer Christology From Within and Ahead Mark Chan, 2021-10-01 Troeltsch's struggle with historicism sets the stage for a proposal that Christology be done from within and from ahead Gadamer's philosophical hermeneutics and Schleiermacher's experiential theology inform a Christology from within that is rooted in tradition and experience while Pannenberg's notion of proleptic eschatological fulfilment serves as resource for a Christology from ahead This volume develops a hermeneutical Christology that takes into account the historical contingency of knowledge and seeks a Christology beyond the objectivism of timeless truth and the relativism of absolutised contextuality The book is concluded with an examination of the convergence of critical traditionality experiential appropriation and eschatological prolepsis in the Christology of the apostle Paul The author explores how Christology might respond to the scandal of universality in postmodernity without defaulting on its claim to transcontextual referentiality *The Pietist Impulse in Christianity* G William Carlson, Christian T Collins Winn, Christopher Gehrz, Eric Holst, 2012-10-25 Pietism is a reform movement originating among German Lutherans in the 17th century It focused on personal faith reacting against Lutheran Church's emphasis on doctrine and theology over Christian living The movement quickly expanded exerting an enormous influence on various forms of Christianity and became concerned with social and educational matters Indeed Pietists showed a strong interest in issues of social and ecclesial reform the nature of history and historical inquiry the shape and purpose of theology and theological education the missional task of the church and social justice and political engagement Though the movement remained largely misunderstood especially in Anglo American contexts negative stereotypes depicted Pietism as a quietist and sectarian form of religion merely concerned with the pious soul and its God The main proposal of the editors of this volume is to correct this misunderstanding assembling a deep collection of essays written by scholars from a variety of fields this work

demonstrates that Pietism was a movement characterized by great depth and originality Besides they show the vitality and impulse of Pietism today and emphasize the ongoing relevance of the movement for contemporary problems and questions

The Word as True Myth Gary J. Dorrien,1997-01-01 Gary Dorrien follows the threads of theology through the twentieth century examining how Christians have reconciled their myth filled religious beliefs within a world secularized by Enlightenment criticism and science To understand how religion keeps its place in Christians lives Dorrien writes we must explore how modern theologians have answered the question of myth in today s Christianity Dorrien s narrative walks readers through modern theology stopping with each of the major thinkers along the way to see how they dealt with the issue of modern Christian mythology Ultimately he offers his own new neo orthodoxy a theology of Word and Spirit that is pluralistic and affirms the mythical character of the gospel while holding fast to the Gospels myth negating condemnation of idolatry and their focus on history

Doctrine and Speculation in Schleiermacher's Glaubenslehre Thomas H. Curran,2013-03-01 No detailed description available for Doctrine and Speculation in Schleiermacher s Glaubenslehre

The Embodied Self Thandeka,2016-03-22 This book investigates the philosophic notion of self consciousness found in the work of Immanuel Kant Johann Gottlieb Fichte Friedrich Wilhelm Joseph von Schelling Georg Wilhelm Friedrich Hegel and Friedrich Ernst Daniel Schleiermacher Its central focus is on Schleiermacher s Dialektik a posthumously published series of lectures delivered in Berlin between 1811 and 1831 In these lectures we find Schleiermacher s most detailed delineation of the two tiered structure of feeling Gef hl that established him as the father of modern Protestant theology We also find his solution to the gap between the noumenal and empirical self in Kant s theory of self consciousness that post Kantian idealists attempt but failed to resolve Schleiermacher correctly foresaw the nihilistic end to which the philosophical tradition of speculative self consciousness would lead

This is likewise one of the factors by obtaining the soft documents of this **Schleiermacher Life And Thought** by online. You might not require more grow old to spend to go to the books launch as with ease as search for them. In some cases, you likewise reach not discover the declaration Schleiermacher Life And Thought that you are looking for. It will completely squander the time.

However below, in the manner of you visit this web page, it will be fittingly entirely easy to get as with ease as download lead Schleiermacher Life And Thought

It will not recognize many period as we run by before. You can realize it even though sham something else at home and even in your workplace. so easy! So, are you question? Just exercise just what we meet the expense of below as competently as evaluation **Schleiermacher Life And Thought** what you subsequent to to read!
