School-based Management and School Effectiveness Clive A. J. Dimmock, 1993 Concern regarding the quality of education the goals and outcomes of schooling the relationship between education and international economic competitiveness continuous financial stringency and competing social demands for public funds have forced educational authorities in many countries to reassess educational needs both qualitatively and quantitatively For these reasons considerations of improving the effectiveness of schooling have

tended to be based around policies of rationalized budget allocations and accountability In most countries the concern has been if not how to achieve effectiveness at a lower cost at least how to achieve effectiveness in the most cost efficient manner This collection brings together new writing from a range of internationally respected experts on school effectiveness leadership skills and school based management and offers advice for heads and managers on improving the effectiveness of schools within tight budgetary constraints

School-based Management Ibtisam Abu-Duhou,1999 This book begins with a review of decentralisation in schools highlighting the problem of how to increase school level autonomy while ensuring an orderly delivery of high quality education for a whole country that is equitable across geographic socioeconomic and cultural divisions Case studies of school based managed models in six countries are described focusing on a radical system in place in Victoria Australia Leadership is a key function in school management reform especially with respect to the delegation of financial management
