**Democratic Citizenship and War** Yoav Peled, Noah Lewin-Epstein, Guy Mundlak, Jean Cohen, 2014-06-03 This edited volume explores the theoretical and practical implications of war and terror situations for citizenship in democratic states. Citizenship is a key concept in Western political thought for defining the individual's relations with society. The specific nature of these rights, duties, and contributions, as well as the relations between them, are determined by the citizenship discourses that prevail in each society. In wartime, including low intensity wars, democratic societies face different challenges than the ones facing them during peacetime in areas such as human rights, the status of minorities, the state's obligations to its citizens, and the meaning of social solidarity. War situations can affect not only the scope of citizenship as an institution but also the relations between the prevailing discourses of citizenship and between different groups of citizens. Since 9/11 and the declaration of the war on terror, many democracies have been grappling with issues rising out of the interface between citizenship and war. This volume examines the effects of war on various aspects of citizenship practice, including immigration and naturalization, the welfare state, individual liberties, gender relations, multiculturalism, social solidarity, and state-civil society relations. This book will be of great interest to students of military studies, political science, IR, and security studies in general.

**The Avengers** Rich Cohen, 2013-10-02 Riveting, poignant, and uplifting. *The Avengers* is a powerful exploration of resistance and revenge, of courage and dedication, and an inside look at some of the intrepid individuals who fought against the Holocaust and the Nazi occupation of Europe. Rich Cohen, author of the acclaimed *Tough Jews*, again narrates a little known episode of Jewish history, this time altering what we thought we knew about the Holocaust. Abba Kovner, Vitka Kempner, Ruzka Korczak, comrades, lovers, friends. In the Lithuanian ghetto of Vilna, they were the heart of a breathtakingly courageous underground movement, and when the ghetto was liquidated, they fled to the forests and joined other partisans in continued sabotage and resistance.

**Israel Is Real** Rich Cohen, 2009-07-21 The author of the acclaimed bestsellers *Tough Jews*, *The Avengers*, and *Sweet and Low* breaks through the heated polemics that surround the politics of Israel to offer a tale of the people and ideas that make up the present-day nation.

**Bibliography On Holocaust Literature** Abraham J. Edelheit, 2021-11-28 In this second supplement to their *Bibliography on Holocaust Literature*, the authors have compiled 4000 new entries to keep pace with the outpouring of literature on the subject. Readers' attention is directed to new materials and to items newly available, including books, pamphlets, and journal articles, many of which are catalogued for the first time. There is a new section on Soviet anti-Semitism and expanded coverage of neo-Nazism, neo-fascism.

*The Scroll*, **THE HIDDEN SCROLLS** DR. PAUL CRAWFORD, 2025-08-01 *The Hidden Scrolls*. The desert keeps its secrets well. For centuries, the winds of Judea have swept over the caves of Qumran, covering what men once wrote with layers of dust and silence. In 1947, shepherd boys stumbled upon jars that would shake the world: the Dead Sea Scrolls. Ancient prophecies, prayers, and scriptures preserved by time itself. But even that discovery, as monumental as it was, was not the end of the story. Some scrolls

were never found Some were hidden more carefully Some carried words too dangerous to reveal This is where our story begins When a team of archaeologists uncovers a sealed jar beneath the desert floor they believe they have stumbled upon another fragment of history But the parchment inside speaks not of the past it speaks of the present It whispers of nations rising alliances forming deception spreading and of a King whose return would shake the very foundations of the earth What was once buried in silence now cries out with urgency Yet not all want these words revealed For every truth uncovered there are forces determined to suppress it Ancient orders sworn to secrecy Political powers bound to deception And shadows willing to kill to keep the world blind The scrolls are more than artifacts They are a message a warning left for a generation that would see the fulfillment of prophecy with their own eyes The question is not whether the words are true The question is whether the world is ready to hear them This is a story of discovery and danger faith and fear betrayal and courage It is about men and women caught between earthly powers and eternal promises And it is about a truth too powerful to remain hidden The desert winds are stirring again The scrolls are calling The time of revelation has come Basic Course Instructor Unit Guide ,1994 **Brainbenders from the Four Nations** Sherry Gerstein,2008-01-08 At head of title Nickelodeon Avatar the last Airbender *The Scrolls and the Scriptures* Stanley E.
