**Sculpture and Archaeology** Andrew Jones, 2017-07-05 In recent years the intersections between art history and archaeology have become the focus of critical analysis by both disciplines Contemporary sculpture has played a key role in this dialogue The essays in this volume by art historians archaeologists and artists take the intersection between sculpture and archaeology as the prelude for analysis examining the metaphorical and conceptual role of archaeology as subject matter for sculptors and the significance of sculpture as a three dimensional medium for exploring historical attitudes to archaeology      [Pictures & Sculpture by Eric Kennington](#) Eric Kennington, Platt Hall (Manchester, England), Manchester City Art Gallery, 1936      [Catalogue of the Exhibitions](#) Ernest Brown & Phillips, 1929      **Eric Kennington** Eric Kennington, 1918

*The Sculpture Journal*, 2004      **Art, Propaganda and Aerial Warfare in Britain during the Second World War** Rebecca Searle, 2020-07-23 The War Artists Advisory Committee WAAC were responsible for the production of some of the most iconic images of the Second World War Despite its rich historical value this collection has been poorly utilised by historians and hasn't been subjected to the levels of analysis afforded to other forms of wartime culture This innovative study addresses this gap by bringing official war art into dialogue with the social economic and military histories of the Second World War Rebecca Searle explores the tensions between the documentarist and propagandistic roles of the WAAC in their representation of aerial warfare in the battle for production the Battle of Britain the Blitz and the bombing of Germany Her analyses demonstrate that whilst there was a strong correlation between war art and propaganda the WAAC depicted many aspects of experience that were absent from wartime propaganda such as class divisions within the services gendered

hierarchies within industries civilian death and the true nature of the bombing of Germany In addition she shows that propagandistic constructions were not entirely separate from lived experience but reflected experience and shaped the way that individuals made sense of the war Accessibly written highly illustrated and packed with valuable examples of the use of war art as historical source this book will enhance our understanding of the social and cultural history of Britain during the Second World War     British Sculptors of the Twentieth Century Alan Windsor,2020-09-10 This title was first published 2003 In the twentieth century Britain was rich in artistic achievement especially in sculpture Just some of those working in this field were Jacob Epstein Henri Gaudier Brzeska Henry Moore Barbara Hepworth Anthony Caro Richard Long Mona Hatoum and Anish Kapoor The work of these and other known and less well known artists has an astonishing variety and expressive power a range and strength that has placed Britain at the hub of the artistic world Alan Windsor has compiled a concise biographical dictionary of sculpture in Britain in book form Richly informative and easy to use this guide is an art lover s and expert s essential reference Written by scholars the entries are cross referenced and each concise biographical outline provides the relevant facts about the artist s life a brief characterization of the artist s work and where appropriate major bibliographical references     *Apollo* ,1929 Includes section Book reviews     **Sculpture in 20th Century Britain: A guide to sculptors in the Leeds collections** Henry Moore Institute (Leeds, England),2003     "*William Reid Dick, Sculptor*" Dennis Wardleworth,2017-07-05 William Reid Dick 1878 1961 was one of a generation of British sculptors air brushed out of art history by the Modernist critics of the late twentieth century This long overdue monograph adds to the recent revival of interest in this group of forgotten sculptors by describing the life and work of arguably the leading figure of the group in unprecedented depth The facts of Reid Dick s life and his most important works are presented against a backdrop of the historical social and aesthetic changes taking place during his lifetime Dennis Wardleworth elucidates why Reid Dick s reputation plummeted so quickly and why his position in the history of British art deserves to be restored This study draws upon a wealth of previously unpublished material including over 2000 letters and press cuttings and photographs in the Tate Archive as well as letters and photographs held by Reid Dick s family It traces the sculptor s story from his birth in the Gorbals in Glasgow to his election to the Royal Academy and knighting by George V to the decline of his career and his late life connection with American millionaire and art collector Huntington Hartford The first monograph on Reid Dick since 1945 the book also includes images of over 40 of his works and a listing of over 200 works identified by the author     The Materials and Methods of Sculpture Jack C. Rich,1988-01-01 Promises to become a standard reference book The Art Digest Exhaustive profusely illustrated guide to all of the technical aspects of sculpting in stone metal wood and other materials The author expertly covers casting surface treatment exotic materials such as amber coal and even butter Much more 281 illustrations     *The Sculpture of Gertrude Hermes* Jane Hill, Gertrude Hermes,2011 A graduate of Leon Underwood s Brook Green School of Art in London Gertrude Hermes 1901 83 trained as a painter and sculptor Hermes and her husband Blair

Hughes Stanton who she met at Brook Green went on to become leading lights in the early twentieth century's wood engraving revival. Although their marriage was short-lived, their exuberant visual inventions for Bunyan's *The Pilgrim's Progress* and T. E. Lawrence's *Seven Pillars of Wisdom* brought them critical acclaim. Much has been written about Hermes' career as a wood engraver. In contrast, her contribution as a sculptor has been somewhat eclipsed until now. *The Sculpture of Gertrude Hermes* presents for the first time a full analysis of the artist's entire sculptural oeuvre. Along with a comprehensive catalogue of Hermes' sculpture, Jane Hill provides a full account of the artist's life in the context of her career as a sculptor. What results is a picture of a pioneering spirit who created busts and heads, functional designs, decorative work, and reliefs that are dynamic and unpredictable. Featuring over 140 images, *The Sculpture of Gertrude Hermes* is a groundbreaking study of an artist so long associated with one art form. This book redresses the imbalance and creates a new and fresh perspective on an important female artist of the twentieth century. Publisher's website: [Graphic Art of Eric Kennington](#). *Richard Hillary*. David A. Ross, 2008-09-22. The authoritative biography of the WWII ace fighter pilot hero of the Battle of Britain and author of the classic wartime memoir *The Last Enemy*. As both a legendary flying ace and an accomplished author, Richard Hillary achieved a unique kind of immortality during his tragically short life. Born in Australia and raised in England, he attended Oxford University before joining the Royal Air Force at the outbreak of World War II. Flying Spitfires in the 603 Squadron, he became an ace in the Battle of Britain. Though he managed to survive being shot down in September 1940, he suffered severe burns to his face and hands. It was during his long and painful recovery that Hillary wrote his masterpiece *The Last Enemy*. Then, anxious to return to flying, he died when his Bristol Blenheim bomber crashed in mysterious circumstances in 1943. Cutting through myth and misinformation, biographer David Ross draws on extensive archival research, including from the Richard Hillary Trust Archive in Oxford, as well as interviews with Hillary's contemporaries. This complete biography also features many previously unseen photographs.
