

A detailed illustration of Jimi Hendrix on the book cover. He is depicted from the chest up, wearing a dark, ornate jacket with gold fringe and embroidery. He has his signature afro hairstyle and is looking upwards with a slight smile. He is holding a white electric guitar. The background is a blue sky with soft, white clouds. The title text is in a bold, white, sans-serif font, positioned in the upper right quadrant of the cover.

'SCUSE ME WHILE I KISS THE SKY THE LIFE OF JIMI HENDRIX

BY DAVID HENDERSON

Child of the Apocalyptic Age

Scuse Me While I Kiss The Sky The Life Of Jimi Hendrix

John Milward

Scuse Me While I Kiss The Sky The Life Of Jimi Hendrix:

'Scuse Me While I Kiss the Sky David Henderson, 2008-07-01 The expanded edition of the definitive critically praised and most beloved biography of music legend Jimi Hendrix including previously unpublished photos Originally published to great acclaim in 1978 *Scuse Me While I Kiss the Sky* was written by poet scholar and Hendrix friend David Henderson as a personal favor to Jimi Since then it has garnered rave reviews and sold over 500 000 copies reaching the legions of Hendrix fans worldwide This most thorough update on the book in ten years is filled with brand new photographs and fresh revelations It includes more of Jimi s personal writing more details about his romantic relationships and sexual encounters and more in depth research by the author into Jimi s music and creative life At once a grand adventure and a vivid record of 1960s culture and politics *Scuse Me While I Kiss the Sky* shows Hendrix as a member of the Flower Power and the Black Power movements With new access to old documents once covered up by legal barriers Henderson is now free to tell about Jimi s opposition to the Vietnam War and his controversial support of the New York Panther 21 With his music selling off the shelves Hendrix is a rock immortal and this is the only book to tell his whole story

The Life of Jimi Hendrix David Henderson, 2002 **'Scuse Me While I Kiss the Sky** David Henderson, 1990-12 *'Scuse Me While I Kiss the Sky* David Henderson, 1983-01-01 Traces the life and career of the influential rock guitarist **The Black Culture Industry** Ellis Cashmore, 2006-06-07 Cashmore s controversial study argues that black culture has been converted into a commodity usually in the interests of white owned corporations Using detailed studies of the marketing of Motown Michael Jackson and the Artist Formerly Known as Prince Cashmore suggests that inflating the significance of this commodified black culture may actually be counter productive in the struggle for racial justice **Crossroads** John Milward, 2013 The blues revival of the early 1960s brought new life to a seminal genre of American music and inspired a vast new world of singers songwriters and rock bands The Rolling Stones took their name from a Muddy Waters song Led Zeppelin forged bluesy riffs into hard rock and heavy metal and ZZ Top did superstar business with boogie rhythms copped from John Lee Hooker *Crossroads* tells the myriad stories of the impact and enduring influence of the early 60s blues revival stories of the record collectors folkies beatniks and pop culture academics and of the lucky musicians who learned life changing lessons from the rediscovered Depression era bluesmen that found hipster renown by playing at coffeehouses on college campuses and at the Newport Folk Festival The blues revival brought notice to these forgotten musicians and none more so than Robert Johnson who had his songs covered by Cream and the Rolling Stones and who sold a million CDs sixty years after dying outside a Mississippi Delta roadhouse *Crossroads* is the intersection of blues and rock n roll a vivid portrait of the fluidity of American folk culture that captures the voices of musicians promoters fans and critics to tell this very American story of how the blues came to rest at the heart of popular music *Is Tiny Dancer Really Elton's Little John?* Gavin Edwards, 2010-02-10 Sex Drugs Rock n Roll and Ham Sandwiches If you are a music fan you may be aware of some of music s most enduring mysteries Where did Pearl

Jam get their name Are the White Stripes related by blood or by marriage Did Mama Cass really die from choking on a ham sandwich Gavin Edwards has heard just about every strange question racy rumor and legend of the music world As the writer of Rolling Stone s Rolling Stone Knows column Edwards proved himself as a one man encyclopedia of music trivia Now he shares all of his knowledge with you Look inside to find the answers to these questions and more What s the connection between The Beach Boys and Charles Manson How did Dr Dre and Eminem meet Did Mick Jagger and David Bowie really sleep together What s the deal with Led Zeppelin and the shark What s the feud between The Smashing Pumpkins and Pavement all about Was Elton John s Tiny Dancer really written about his most private body part Is Tiny Dancer Really Elton s Little John might not tell you who shot Tupac or why Celine Dion is still allowed to make records but with thorough research and answers straight from the mouths of the performers themselves Edwards will help you become a music geek extraordinaire

Bruce Springsteen and the Promise of Rock 'n' Roll Marc Dolan,2012-06-04 Describes the life and music of one of America s greatest rock artists providing an overview and analysis of the cultural political and personal forces that influenced his music and led him to explore issues like war class disparity and prejudice

But is it Garbage? Steven L. Hamelman,2004 Trash has been blowing across the rock n roll landscape since the first amplified guitar riff tore through American mass culture Throwaway tunes wasted fans crappy reviews junk bins of remaindered albums much of rock s quintessence is handily conveyed in terms of disposability and impermanence Steven L Hamelman sums up these rubbishy affinities as rock s trash trope Trash is an obvious physical presence on the rock scene think of Woodstock s littered pastures or the many hotel rooms redecorated by the Who More intriguingly Hamelman says trash is the catalyst for a powerful mode of rock composition and criticism It is for instance both cause and effect when performers like the Ramones or Beck at once critique junk culture and revel in it But Is It Garbage spills over with challenging insights into how rock s creators critics and consumers transform and are transformed by trash as a fact and a concept In the music s preoccupation with its own trashiness readers will perceive a wellspring of rock innovation and inspiration one largely overlooked and little understood until now

Too Much Too Young Sheila Whiteley,2013-10-18 Too Much Too Young investigates how age and gender have shaped the careers and images of pop music stars examining the role of youth and youthfulness in pop music through a series of themed case studies Whiteley begins by investigating the exploitation of child stars such as Brenda Lee and Michael Jackson offering a psychoanalytic reading of the relationship between child star and oppressive manager and looks at the current glut of boy and girl bands and stars in the mold of Britney Spears to examine the continuing fatal attraction of stardom for adolescents Whiteley then considers the star images of female singer songwriters Kate Bush Tori Amos and Bjork whose little girl voices and characterization by the media suggests a girlish femininity which is often at odds with the intentions of their musical output She then moves on to explore the rock pop divide as it affects the image of male performers considering why male stars usually fall into the category of wild boys such as Kurt Cobain or Jim Morrison or nice boys like

Cliff Richard The Monkees and Wham Whiteley ends by asking what happens to stars who set so much store by manipulations of youthfulness when they begin to age and points to stars like Robbie Williams Kylie Minogue and Cher to demonstrate that it is possible to achieve iconic pop status even without dying young **Rock Music** Mark

Spicer, 2017-07-05 This volume gathers together twenty articles from among the best scholarly writing on rock music published in academic journals over the past two decades These diverse essays reflect the wide range of approaches that scholars in various disciplines have applied to the study of rock from those that address mainly the historical sociological cultural and technological factors that gave rise to this music to those that focus primarily on analysis of the music itself This collection of articles some of which are now out of print or otherwise difficult to access provides an overview of the current state of research in the field of rock music and includes an introduction which contributes to the ongoing debate over the distinction or lack thereof between rock and pop *A Brief History of Rock, Off the Record* Wayne Robins, 2016-03-31

The birth of rock n roll signaled the blossoming of a new teenage culture dividing generations and introducing a new attitude of rebellion and independence From Chuck Berry to the Beatles from punk rock to hip hop rock n roll has continuously transformed alongside or in reaction to social cultural and political changes *A Brief History of Rock Off the Record* is a concise introduction to rock history and the impact it has had on American culture It is an easy to read vivid account written by one of rock s leading critics Pulling from personal interviews over the years Wayne Robins interweaves the developments in rock music with his commentary on the political and social events and movements that defined their decades **The**

Power of Black Music Samuel A. Floyd Jr., 1996-10-31 When Jimi Hendrix transfixed the crowds of Woodstock with his gripping version of The Star Spangled Banner he was building on a foundation reaching back in part to the revolutionary guitar playing of Howlin Wolf and the other great Chicago bluesmen and to the Delta blues tradition before him But in its unforgettable introduction followed by his unaccompanied talking guitar passage and inserted calls and responses at key points in the musical narrative Hendrix s performance of the national anthem also hearkened back to a tradition even older than the blues a tradition rooted in the rings of dance drum and song shared by peoples across Africa Bold and original *The Power of Black Music* offers a new way of listening to the music of black America and appreciating its profound contribution to all American music Striving to break down the barriers that remain between high art and low art it brilliantly illuminates the centuries old linkage between the music myths and rituals of Africa and the continuing evolution and enduring vitality of African American music Inspired by the pioneering work of Sterling Stuckey and Henry Louis Gates Jr author Samuel A Floyd Jr advocates a new critical approach grounded in the forms and traditions of the music itself He accompanies readers on a fascinating journey from the African ring through the ring shout s powerful merging of music and dance in the slave culture to the funeral parade practices of the early new Orleans jazzmen the bluesmen in the twenties the beboppers in the forties and the free jazz rock Motown and concert hall composers of the sixties and beyond Floyd dismisses the assumption that

Africans brought to the United States as slaves took the music of whites in the New World and transformed it through their own performance practices Instead he recognizes European influences while demonstrating how much black music has continued to share with its African counterparts Floyd maintains that while African Americans may not have direct knowledge of African traditions and myths they can intuitively recognize links to an authentic African cultural memory For example in speaking of his grandfather Omar who died a slave as a young man the jazz clarinetist Sidney Bechet said Inside him he d got the memory of all the wrong that s been done to my people That s what the memory is When a blues is good that kind of memory just grows up inside it Grounding his scholarship and meticulous research in his childhood memories of black folk culture and his own experiences as a musician and listener Floyd maintains that the memory of Omar and all those who came before and after him remains a driving force in the black music of America a force with the power to enrich cultures the world over

Jimi: Sounds Like a Rainbow Gary Golio,2010-10-04 Jimi Hendrix was many things a superstar a rebel a hero an innovator But first he was a boy named Jimmy who loved to draw and paint and listen to records A boy who played air guitar with a broomstick and longed for a real guitar of his own A boy who asked himself a question Could someone paint pictures with sound This a story of a talented child who learns to see hear and interpret the world around him in his own unique way It is also a story of a determined kid with a vision who worked hard to become a devoted and masterful artist Jimi Hendrix a groundbreaking performer whose music shook the very foundations of rock n roll

Party Music Rickey Vincent,2013-10-01 Party Music explores the culture and politics of the Black Power era of the late 1960s when the rise of a black militant movement also gave rise to a Black Awakening in the arts and especially in music Here Rickey Vincent the award winning author of Funk explores the relationship of soul music to the Black Power movement from the vantage point of the musicians and black revolutionaries themselves Party Music introduces readers to the Black Panther s own band the Lumpen a group comprised of rank and file members of the Oakland California based Party During their year long tenure the Lumpen produced hard driving rhythm and blues that asserted the revolutionary ideology of the Black Panthers Through his rediscovery of the Lumpen and based on new interviews with Party and band members Vincent provides an insider s account of black power politics and soul music aesthetics in an original narrative that reveals more detail about the Black Revolution than ever before Rickey Vincent is the author of Funk The Music The People and the Rhythm of the One and has written for the Washington Post American Legacy and the Los Angeles Review of Books He teaches at the University of California Berkeley
