Se Equivoco La Ciguena:

La India María Seraina Rohrer, 2017-12-20 La India Mar a a humble and stubborn indigenous Mexican woman is one of the most popular characters of the Mexican stage television and film Created and portrayed by Mar a Elena Velasco La India Mar a has delighted audiences since the late 1960s with slapstick humor that slyly critiques discrimination and the powerful At the same time however many critics have derided the iconic figure as a racist depiction of a negative stereotype and dismissed the India Mar a films as exploitation cinema unworthy of serious attention By contrast La India Mar a builds a convincing case for Mar a Elena Velasco as an artist whose work as a director and producer rare for women in Mexican cinema has been widely and unjustly overlooked Drawing on extensive interviews with Velasco her family and film industry professionals as well as on archival research Seraina Rohrer offers the first full account of Velasco s life her portrayal of La India Mar a in vaudeville television and sixteen feature film comedies including *Ni de aqu ni de all* Neither here nor there and her controversial reception in Mexico and the United States Rohrer traces the films financing production and distribution as well as censorship practices of the period and compares them to other Mexploitation films produced at the same time Adding a new chapter to the history of a much understudied period of Mexican cinema commonly referred to as la crisis this pioneering research enriches our appreciation of Mexploitation films

Pubertad y adolescencia Adelfa Jozami, 2017-04-07 Este libro no recopila un saber sabido sobre la adolescencia. Sería más bien un encuentro contingente entre el psicoanálisis y la adolescencia tal como la encontramos dicha por otros discursos sociológicos antropológicos filosóficos y sobre todo analizantes. Pretende transmitir lo que el adolescente le hace al psicoanálisis y cómo interviene el psicoanálisis en un sujeto que transita la pubertad. Es un testimonio de la autora sobre la articulación entre su práctica su formación psicoanalítica lacaniana y la poca. Se ve orientada por el enigma que representa la pregunta por el lugar de la pubertad en la construcción de la realidad y la sexualidad el fantasma de un sujeto. El recorrido irá mostrando como es allí donde ubica la segunda vuelta en la construcción del fantasma lo que sostiene el deseo hacia el objeto que define la elección sexual. Intenta responder a algunas preguntas sobre el lugar que la pubertad y adolescencia tiene en la constitución de un sujeto en sus identificaciones sus goces su realidad fantasmática ya que no todo está dicho con el Edipo esa primera vuelta hacen falta dos vueltas para que el sujeto se inscriba en el discurso como hombre o como mujer. Para el humano parlante su sexualidad como veremos en el libro no tiene nada de natural no se orienta por sus instintos para construir su frágil identidad masculina o femenina y adecuar sus goces a ella depende de esta inscripción. Los términos adolescente y pber se usan indistintamente. Se trata de optar por dos nominaciones que eluden lo singular. Utilizar el término adolescente o pber nos orienta hacia un lugar que si bien es equivoco se puede ir torciendo con el recorrido a realizar. En el decir poético de Joyce y de Mishima la autora expresa el modo en que un decir hace al cuerpo pulsional. Le llama a esto resonancias poniendo en juego el ritmo como el modo en que el cuerpo entra en lo simbólico permitiendo la sexualidad.
