Water Birds of North America Baird, 1884 **A Joyous Revolt** Linda Janet Holmes, 2014-05-12 At long last a book length biography celebrates Toni Cade Bambara a seminal literary cultural and political figure who was among the most widely read and frequently reviewed of the well regarded black women writers to emerge in the 1970s A Joyous Revolt Toni Cade Bambara Writer and Activist is the first ever full length biography of a trailblazing artist who championed black women in her fiction as well as in her life This incisive study provides a comprehensive treatment of Bambara's published and unpublished works and it also documents her emerging vision of her role as an agent of change The biography allows readers into the personal life of Bambara offering personal insights into a woman with a strong public persona and friendships with other celebrated artists of her era Perhaps most important for those seeking to understand and appreciate Bambara's legacy it connects her oeuvre to the context of her experience and places all of her wide ranging creative work in the context of her singular vision *The Water Birds of North America* Spencer Fullerton Baird, Thomas Mayo Brewer, Robert Ridgway, 1884

American Tantalus Andrew Warnes, 2014-10-23 American Tantalus argues that modern US fictions often grow preoccupied by tantalisation This keyword might seem commonplace thesauruses certainly often lump it in with tease and torment in their general inventories of desire Such lists however mislead Just as most US dictionaries have in fact long recognised tantalise's origins in The Odyssey so they have defined it as the unique desire we feel for objects that like the fruit and water once cruelly placed before Tantalus lie within our reach yet withdraw from our attempts to touch them On these terms American Tantalus shows tantalise not only describes a particular kind of thwarted desire but also one that dominates modern US fiction to a remarkable extent For this term specifically evokes the yearning to touch alienated or virginal objects that we find examined by F Scott Fitzgerald Toni Cade Bambara Richard Wright and Toni Morrison and it also indicates the insatiable pursuit of the horizon so important to Willa Cather and Edith Wharton among others This eclectic canon indeed prefers the dictionary to the thesaurus unreachable destinations and untouched commodities here indeed tantalise inviting gestures of inquiry from which they then recoil This focus while lodging cycles of tantalisation at the very heart of American myth holds profound implications for our understanding of modernity and in particular of the cultural genesis of the

commodity as a form **"Black People Are My Business"** Thabiti Lewis, 2020-09-08 Exploration of Bambara's practices of liberation that encourage resistance to oppression and solidarity Black People Are My Business Toni Cade Bambara's Practices of Liberation studies the works of Bambara 1939-1995 an author, documentary filmmaker, social activist, and professor. Thabiti Lewis's analysis serves as a cultural biography examining the liberation impulses in Bambara's writing, which is concerned with practices that advance the material value of the African American experience and exploring the introspection between artist production and social justice. This is the first monograph that focuses on Bambara's unique approach and important literary contribution to 1970s and 1980s African American literature. It explores her unique nationalist, feminist, Marxist, and spiritualist ethos, which cleared space for many innovations found in Black women's fiction. Divided into five chapters, Lewis's study relies on Bambara's voice from interviews and essays to craft a spiritual wholeness aesthetic, a set of principles that comes out of her practices of liberation and entail family, faith, feeling, and freedom that reveals her ability to interweave ethnic identity, politics, and community engagement and responsibility with the impetus of balancing Black male and female identity influences and interactions within and outside the community. One key feature of Bambara's work is the concentration on women as cultural workers, whereby her notion of spiritual wholeness upends what has become a scholarly distinction between feminism and Black nationalism. Bambara's fiction situates her as a pivotal voice within the Black Arts Movement and contemporary African American literature. Bambara is an understudied and important artistic voice whose aversion to playing it safe both personified and challenged the boundaries of Black nationalism and feminism. Black People Are My Business is a wonderful addition to any reader's list, especially those interested in African American literary and cultural studies.

Burnout Hannah Proctor, 2024-04-09 In the struggle for a better world, setbacks are inevitable. Defeat can feel overwhelming at times, but it has to be endured. How then do the people on the front line keep going? To answer that question, Hannah Proctor draws on historical resources to find out how revolutionaries and activists of the past kept a grip on hope. Burnout considers despairing former Communards exiled to a penal colony in the South Pacific, exhausted Bolsheviks recuperating in sanatoria in the aftermath of the October Revolution, an ex-militant on the analyst's couch relating dreams of ruined landscapes, Chinese peasants engaging in self-criticism sessions, a political organizer seeking advice from a spiritual healer, civil rights movement activists battling weariness, and a group of feminists padding a room with mattresses to scream about the patriarchy. Jettisoning self-help narratives and individualizing therapy talk, Proctor offers a different way forward: neither denial nor despair. Her cogent exploration of the ways militants have made sense of their own burnout demonstrates that it is possible to mourn and organize at once and to do both without compromise.
