*The Seals of Wisdom* Ibn al-'Arabī, 1983      **Fusus Al-Hikam** Muhyiddin Ibn Arabi, 2020-05-19 We shall return to the Divine Wisdom And we say know it like this that certainly all orders like Life Knowledge Power have no being in their essence ayn yet it is certain they are in the mental capacity intelligible and known And that it is interior does not diminish it from essential existence and it has determination and effect in everything which is its essential existence Rather it is the same as itself and no other than itself I mean the essences of essential existents and they do not diminish in themselves by being intellectually immanenced as they are interior from the point of view that they are intelligible And the support of all essential existents in this is the total orders which are not possible to remove from the intellect and their existence in the Essence ayn is not possible by such an existence through which they could be removed from being intelligible and it is the same thing whether this existent be temporal or non temporal Ibn Arabi was Arab Andalusian Muslim scholar Sufi mystic poet and philosopher whose works have grown to be very influential beyond the Arab and Muslim world Out of the 850 works attributed to him some 700 are authentic while over 400 are still extant His cosmological teachings became the dominant worldview in many parts of the Islamic world He is renowned among practitioners of Sufism by the names al Shaykh al Akbar the Greatest Shaykh      **The Essence of Sufism** John Baldock, 2005-03-01 Insight into Life is the real religion which alone can help man to understand Life Hazrat Inayat Khan The Sufis have been using carefully constructed stories for teaching purposes for thousands of years Though on the surface these often appear to be little more than fairy or folk tales the Sufis hold that they enshrine in their characters plots and imagery patterns and relationships that nurture a part of the mind not reachable in more conventional ways thus increasing our understanding flexibility and breadth of vision Familiarization with this body of material can eventually provide answers to questions about our origins and our destiny In this book John Baldock explores the rich body of literature the Sufis have produced to guide spiritual travellers While explaining the significant teachings and emphasizing their significance for us he sheds a timely light on the Sufis fascinating perception of life revealing it to be a process of the heart and not of the head and offers intriguing pathways to further study and reflection
