*Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 8: Khayyami Robaiyat: Part 1 of 3: Quatrains 1-338: Songs of Doubt Addressing the Question "Does Happiness Exist?"* Mohammad H. Tamdgidi, 2024-10-25

Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H. Tamdgidi is a 12-book series of which this book is the 8th volume subtitled Khayyami Robaiyat Part 1 of 3 Quatrains 1-338 Songs of Doubt Addressing the Question Does Happiness Exist Explained with New English Verse Translations and Organized Logically Following Omar Khayyam's Own Three Phased Method of Inquiry. Each book independently readable can be best understood as a part of the whole series. In Book 8, Tamdgidi offers the first of a 3-part set of 1000 quatrains he has chosen to include in this series from a wider set that have been over the centuries attributed to Khayyam. Part 1 includes quatrains 1-338 for each of which the Persian original along with Tamdgidi's new English verse translation and a transliteration for the same are shared. Each quatrain is indexed according to the frequency of its inclusion in manuscripts, the earliest known date of its appearance in them, the extent to which it has wandered into other poets' works, and its rhyming scheme. Brief comments about the meaning of each quatrain in relation to other quatrains and works attributed to Khayyam are then offered along with any notes regarding its new translation as shared. Tamdgidi shows that the quatrains 1-338 in the beginning 30 of which Khayyam offers an opening to his book of poetry as a secretive work of art address the question Does Happiness Exist. The latter question is the first of a set of three methodically phased questions Khayyam has identified in his philosophical works as being required for investigating any subject. The order in which the quatrains are presented shows that the quatrains included in Part 1 follow a logically inductive reasoning process through which Khayyam delves from the surface portraits of unhappiness to their deeper chain of causes in order to answer his question. The thematic topics of the quatrains of Part 1 as shared in Book 8 are I Secret Book of Life II Alas III Times IV Spheres V Chance and Fate VI Puzzle VII O God VIII Tavern Voice and IX O Wine Tender. After the opening quatrains where Khayyam explains why he was composing a secretive book of poetry and what it aims to do, his inquiry starts with doubtful existential self-reflections on his life leading him to first blame his times, then the spheres, then matters of chance and fate, soon realizing that he really does not have an explanation for the

enigmas of existence concluding that the answer only lies with God So he appeals to God directly for an answer It is then that he hears the voice of the Saqi or Wine Tender from his inner tavern to whom he replies in a series of quatrains closing Part 1 It is in the course of the inquiry in Part 1 that the idea of using Wine as a poetic trope is discovered by him a matter that is separate from his interest in drinking wine which he never denies but is secondary to the spiritual Wine discovered and advanced in his book of poetry that in fact represents his poetry the Robaiyat itself and its promise in answering his questions The logical order of Khayyam s inquiry shows how seemingly contradictory views that have been attributed to him can in fact be explained as logical moments in the successively deeper inquiries he makes inductively when addressing the question whether happiness exists in the created world We should therefore judge each quatrain as a logical moment in Part 1 s inquiry as a whole in anticipation of the two remaining parts of his book of poetry to be shared in Books 9 and 10 of the series respectively addressing the two follow up questions What Is Happiness and Why Does or Can Happiness Exist

Gregory of Nyssa and the Grasp of Faith Martin S. Laird, 2004 Scholars of Gregory of Nyssa have long acknowledged the centrality of faith in his theory of divine union To date however there has been no sustained examination of this key topic The present study fills this gap and elucidates important auxiliary themes that accrue to Gregory s notion of faith as a faculty of apophatic union with God The result adjusts how we understand the Cappadocian s apophaticism in general and his so called mysticism of darkness in particular After a general discussion of the increasing value of faith in late Neoplatonism and an overview of important work done on Gregorian faith this study moves on to sketch a portrait of the mind and its dynamic varying cognitive states and how these respond to the divine pedagogy of scripture baptism and the presence of God With this portrait of the mind as a backdrop we see how Gregory values faith for its ability to unite with God who remains beyond the comprehending grasp of mind A close examination of the relationship between faith and mind shows Gregory bestowing on faith qualities which Plotinus would have granted only to the crest of the wave of intellect While Gregorian faith serves as the faculty of apophatic union with God faith yet gives something to mind This dimension of Gregory s apophaticism has gone largely unnoticed by scholars At the apex of an apophatic ascent faith unites with God the Word by virtue of this union the believer takes on the qualities of the Word who speaks logophasis in the deeds and discourse of the believer Finally this study redresses how Gregory has been identified with a mysticism of darkness and argues that he proposes no less a mysticism of light
