The China Mystique Karen J. Leong, 2005-07-25 Focusing on three women Pearl S Buck Anna May Wong Mayling Soong this book studies the shifting images of China in American culture particularly during the 1930s 40s *JFK and the Masculine Mystique* Steven Watts, 2016-11-08 A cultural examination of the popularity and allure of the thirty fifth president reveals how Kennedy was tailored to appeal to the public of his time explaining how he symbolized postwar views about American masculinity **Air University Library Index to Military Periodicals**, 1998 **The Culture of Spontaneity** Daniel Belgrad, 1998-06-08 In the first comprehensive history of the postwar avant garde Belgrad contributes valuable insight and original scholarship to the study of projective and spontaneous aesthetics among cutting edge art movements of the American midcentury Tom Clark author of Jack Kerouac A Biography 8 color plates 28 halftones J.G. Ballard's Politics Florian Cord, 2017-01-23 This book is the first sustained investigation of the political dimension in the work of J G Ballard A product of and reaction to the cultural socio economic moment commonly designated as the postmodern condition Ballard s oeuvre is read as a continuous and developing meditation on the postmodern examining it specifically as an expression of late capitalism The book shows that at the heart of this meditation lies the question of resistance Drawing on a wide range of concepts and ideas taken from the field of critical theory it argues that in the face of a world marked by an unprecedented expansion of capital in which modernity s grand narratives have been invalidated and in which received forms of political struggle have lost their effectiveness Ballard s fiction commits itself to a deliberately irrational and extreme pataphysical thought in order to develop a new discourse of resistance Against past readings that have construed Ballard s writing as non political decadent or quietist the study thus reveals Ballard as a thoroughly political author committed to a subversive politics In this way the book also constitutes a timely intervention in the ongoing discussion concerning the nature and state of the political Resources in Education, 1989 **Teaching Information Literacy** Christy Gavin, 2008 Provides teaching librarians and others who deliver instruction in information literacy approaches to teaching specific concepts such as developing a topic and thesis constructing Boolean strategies and evaluating the credibility of a source **Educating Tomorrow's Valuable Citizen** Joan N. Burstyn, 1996-01-01 The authors discuss the dilemmas that face those who would educate tomorrow s valuable citizens and describe the day to day commitment needed to maintain a community Important questions are asked How do our public schools educate children to become members of our particular public What problems face citizens of a democracy committed to both pluralism and equity How has the meaning of citizenship changed as our society has evolved In a world made interdependent through technology how can one best define citizenship The book s various perspectives provide guidelines for action through examples of current programs and the reader is invited to join new forums to discuss questions raised forums that allow for heated but civil disagreement Only by engaging in such discussions can a public consensus be reached on the best ways to educate for tomorrow Contributors include John Covalleskie Ellen

Giarelli James Giarelli Jerilyn Fay Kelle Thomas Mauhs Pugh Barbara McEwan Mary B Stanley Donald Warren and Zeus Yiamouyiannis *The First Human* Ann Gibbons, 2007-04-10 In this dynamic account award winning science writer Ann Gibbons chronicles an extraordinary quest to answer the most primal of questions When and where was the dawn of humankind Following four intensely competitive international teams of scientists in a heated race to find the missing link the fossil of the earliest human ancestor Gibbons ventures to Africa where she encounters a fascinating array of fossil hunters Tim White the irreverent Californian who discovered the partial skeleton of a primate that lived 4 4 million years ago in Ethiopia French paleontologist Michel Brunet who uncovers a skull in Chad that could date the beginnings of humankind to seven million years ago and two other groups one led by zoologist Meave Leakey the other by British geologist Martin Pickford and his French paleontologist partner Brigitte Senut who enter the race with landmark discoveries of their own Through scrupulous research and vivid first person reporting *The First Human* reveals the perils and the promises of fossil hunting on a grand competitive scale *The Theory of the Avant-garde* Renato Poggioli, 1968 Convinced that all aspects of modern culture have been affected by avant garde art Renato Poggioli explores the relationship between the avant garde and civilization Historical parallels and modern examples from all the arts are used to show how the avant garde is both symptom and cause of many major extra aesthetic trends of our time and that the contemporary avant garde is the sole and authentic one **EBOOK: Services Marketing: Integrating Customer Focus Across the Firm** Alan Wilson, Valarie Zeithaml, Mary Jo Bitner, Dwayne Gremler, 2012-06-16 The Second European Edition of *Services Marketing Integrating Customer Focus Across the Firm* by Wilson Zeithaml Bitner and Gremler uniquely focuses on the development of customer relationships through quality service Reflecting the increasing importance of the service economy *Services Marketing* is the only text that put the customer's experience of services at the centre of its approach The core theories concepts and frameworks are retained and specifically the gaps model a popular feature of the book The text moves from the foundations of services marketing before introducing the gaps model and demonstrating its application to services marketing In the second edition the book takes on more European and International contexts to reflect the needs of courses lecturers and students The second edition builds on the wealth of European and International examples cases and research in the first edition offering more integration of European content It has also been fully updated with the latest research to ensure that it continues to be seen as the text covering the very latest services marketing thinking In addition the cases section has been thoroughly examined and revised to offer a range of new case studies with a European and global focus The online resources have also been fully revised and updated providing an excellent package of support for lecturers and students **The China Mystique** Karen Janis Leong, 1999 *Machines as the Measure of Men* Michael Adas, 2015-06-04 Over the past five centuries advances in Western understanding of and control over the material world have strongly influenced European responses to non Western peoples and cultures In *Machines as the Measure of Men* Michael Adas explores the ways in which

European perceptions of their scientific and technological superiority shaped their interactions with people overseas. Adopting a broad comparative perspective, he analyzes European responses to the cultures of sub-Saharan Africa, India, and China, cultures that they judged to represent lower levels of material mastery and social organization. Beginning with the early decades of overseas expansion in the sixteenth century, Adas traces the impact of scientific and technological advances on European attitudes toward Asians and Africans and on their policies for dealing with colonized societies. He concentrates on British and French thinking in the nineteenth century when he maintains that scientific and technological measures of human worth played a critical role in shaping arguments for the notion of racial supremacy and the civilizing mission ideology which were used to justify Europe's domination of the globe. Finally, he examines the reasons why many Europeans grew dissatisfied with and even rejected this gauge of human worth after World War I and explains why it has remained important to Americans. Showing how the scientific and industrial revolutions contributed to the development of European imperialist ideologies, *Machines as the Measure of Men* highlights the cultural factors that have nurtured disdain for non-Western accomplishments and value systems. It also indicates how these attitudes in shaping policies that restricted the diffusion of scientific knowledge have perpetuated themselves and contributed significantly to chronic underdevelopment throughout the developing world. Adas's far-reaching and provocative book will be compelling reading for all who are concerned about the history of Western imperialism and its legacies. First published to wide acclaim in 1989, *Machines as the Measure of Men* is now available in a new edition that features a preface by the author that discusses how subsequent developments in gender and race studies as well as global technology and politics enter into conversation with his original arguments. Israel: the Sword and the Harp Ferdinand Zweig, 1970 **Academic Research and Library Resources** Charles B. Osburn, 1979

Advantage and Disadvantage R. Darrell Bock, Elsie G. J. Moore, 1986 Based upon a large body of factual information, a critical view of the cognitive skills and potentials of young people in the United States in the 1980s. The data is analyzed using the most current statistical techniques and discussed from a broad psychological, sociological, and educational perspective. The respondents to the survey were obtained by direct visits to households, not through convenient institutional sources, therefore allowing for a representative national sample. As such, the study typifies a complete cross-section of America's youth, both in and out of school. The young people included in the sample were administered the ASVAB, a test battery which consists of ten separately timed and scored tests which assess a wide range of knowledge and skills from
